### Boston Water Power Co.

At the annual meeting of the Boston Water Power Co., held in Boston on the 24th ult., the following gentlemen were elected directors: James S. Whitney and Charles K Kirby of Brookline, John Brown of Boston, Wm. B. Brown of Marblehead, Peter Butler of Quincy, Thomas F. Mason and F. B. Wallace of New York. By the report of the Treasurer, Mr. Wm. B. Brown, it was shown that at the end of the third year the company is in possession of as much real estate as last year, while the liabilities have been reduced $166,225 28. The assets are $6,805,463 67, and the liabilities $3,058,774 67, leaving a balance of $3,246-689 in favor of the corporation. This gives the value of the stock at $37 per share, after all indebtedness is provided for. The authorized capital is 85,833 shares, and there are 16,933 among the assets of the company. All the expenses of last year have been paid, and the land taken by the city will be sufficient to pay the taxes this year. There is no cash on hand to meet expenses of the coming year.

### Statement of the Public Debt of the United States, May 1, 1877.

DEBT BEARING COIN INTEREST.

| Totals..... | $64,623,512 00 | $1,292,470 24 |

Interest paid by United States, $34,018,923 78; interest repaid by transportation of mails, &c., $8,131,735 41; balance of interest paid by United States, $25,887,188 37.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, April 30, 1877.

JOHN SHERMAN,
Secretary of the Treasury.

### Worn Out Steel Rails.

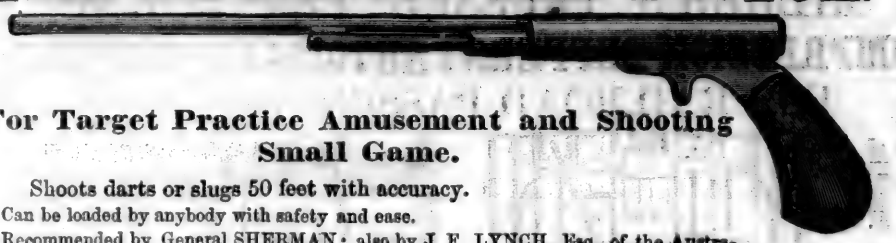
A new and important use has been found for irons heretofore considered worthless owing to their non-chilling properties. At the Pennsylvania Railroad Company's car wheel foundry, Altoona, a large quantity of old or wornout steel rails are being used in the production of what are termed "chilled" car wheels. The wornout rails are cut into suitable lengths, and are put into the smelting cupolas with pig iron, in proportions to the varying qualities of the pig iron. The old steel rails are thus rendered valuable and better results are obtained than from the use of pig iron alone. The time is approaching when wornout steel rails, recently considered almost valueless, will be put into other useful shapes to greater advantage than are the wornout iron rails which now seem to be practically worthless, owing to the impurities which they contain as compared with the rails made of Bessemer steel.—*Johnsontown Tribune.*

☞ Articles of incorporation of the Western Refrigerator Car Company of San Francisco have been filed with the Secretary of State of California—organized for the constructing, owning and operating of refrigerator cars, and the preservation and transportation of fruits, fresh meat, oysters, salmon and other fish, eggs, milk, etc. Capital, $1,000,000, in shares of $50 each. Directors—James H. Spotts, Chas. M. Keeney, Bernard Lande, Albert T. Spotts and Robert Williamson. The principal place of business will be in San Francisco, Cal.

### The Coal Trade.

The total tonnage for the week ending on the 21st instant, as reported by the several carrying companies, amounted to 469,395 tons, against 453,124 tons in corresponding week last year, an increase of 16,276 tons. The total amount of anthracite mined for the coal year is 5,220,216 tons against 4,041,046 for same period last year, an increase of 1,188,170 tons. The quantity of bituminous coal sent to market for the week was 74,214 tons, against 63,369 tons for corresponding week last year, an increase of 10,872 tons. The whole bituminous tonnage from the beginning of the coal year is 849,827 tons, against 873,903 tons in corresponding time last year, a decrease of 24-576 tons. The total tonnage of all kinds of coal for the week is 543,636 tons, against 516,493 to corresponding date last year, an increase of 27,143 tons, and the total tonnage for the coal year is 6,078,543 tons, against 4,914,949 tons, to same date last year, an increase of 1,163,594 tons. The shipments of coal from Port Richmond are steadily on the increase. We quote freights to Boston at $1 60 and to Providence at $1 30. With the exception of the arrival of a few barges, vessels continue quite scarce at this port. The receipts at Perth Amboy for the week ending on the 21st instant were 23,519 tons, the shipments 88,652 tons leaving a stock on hand of 134,771 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the second week in April was 80,678 tons, of which 67,605 tons were coal, and 13,073 tons coke. The total carried for the year is 1,878,898 tons, of which 1,107,206 tons were coal and 266,710 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Apl.* 30.

☞ There were filed in the office of the Secretary of State of California on the 20th ult. articles of amalgamation, association and consolidation of the Sacramento Valley and Folsom and Placerville Railroad Companies. The name of the new corporation is to be the Sacramento and Placerville Railroad Company; capital, $2,000,000, in shares of $100 each. Directors—D. T. Phillips, D. Z. Yost, N. T. Smith, A. D. W. McCullough and James O'B. Gunn. The principal place of business will be in San Francisco.



☞ The directors of the Central Ohio Railroad Company, recently elected, are: Hugh J. Jewett, New York; Joseph R. Swan, Columbus; William Dennison, Columbus; Walter B. Brooks, Baltimore; Isaac W. Hall, Quaker, Connecticut; Daniel Applegate, Zanesville; John King, Jr., Baltimore; Joseph Rieman, Baltimore; Joseph W. Jenkins, Baltimore; Joshua G. Harvey, Baltimore; W. C. Quincy, Newark: William H. Clement, Cincinnati; Robert Garrett, Baltimore.

☞ A certificate of incorporation of the Youngstown and Pittsburg Railroad company, from Youngstown to the State line, near where the former line of the Pennsylvania and Ohio canal intersects, has been filed in the office of the Secretary of State of Ohio by John Stewart and others. Capital stock, $300,000.

☞ The contract for building the Waynesville, Port William and Jeffersonville (Ohio) Railroad has been let to George Potts & Co., of New York, at $5,600 per mile. The work is to be completed and ready for the rolling stock by the 1st of January, 1878, thus opening up a through line from Washington C. H. to Cincinnati.

☞ The Canal Commissioners have designated the 8th of May as the time to open the New York canals.

# THE CHAMPION AIR PISTOL.

**For Target Practice Amusement and Shooting Small Game.**

Shoots darts or slugs 50 feet with accuracy.

Can be loaded by anybody with safety and ease.

Recommended by General SHERMAN; also by J. F. LYNCH, Esq., of the Australian Rifle Team.

### Stockton and Ione Railroad.

Among the important enterprises in which the people of Stockton are interested, and in which the City of San Francisco should feel a great interest, as it would bring them into direct and close connection with the richest coal and other mines on the coast, is the Stockton and Ione Railroad. This company was organized under the railroad laws of California, March 7, 1878, to construct a narrow-gauge railroad from the water front in Stockton to Ione City, Amador county, a distance of 40 miles. The directors were E. S. Holden, Geo. Gray, E. R. Stockwell, John H. O'Brien, J. K. Doak, Dr. A. Clark, Dr. Reid, A Thorndike and H. E. Hall, the first of whom was elected President and the latter Secretary. This road will be one of the best enterprises on the coast, particularly for the counties of Amador, Calaveras, Alpine and a part of San Joaquin, and for San Francisco. Commencing at the water front in Stockton, it will run nearly northeast through one of the richest and most productive regions in the State; a district capable of producing yearly thousands of tons of wheat, barley and every kind of grain and fruit. The first 28 miles of the route is under fine cultivation. The balance taps copper mines, coal fields, slate, freestone, wood, etc., and a number of choice valleys, conceded to be the garden spots of the coast. By extending the road 30 miles farther, a rich timber region is opened up, and valuable mines, vineyards, orchards, etc., will be rendered accessible. For the lack of cheap and rapid transportation, the vast coal fields, forests, mineral lodes, granite and marble quarries, and the loveliest valleys in the world, are now lying dormant and useless. Over $200,000 is now annually paid by the merchants of that section for freight on goods, and this amount would be doubled year after year. The road is graded from the water front in Stockton to Linden 13 miles, eight miles of which is in fine condition for ties and iron. The company has a fine large depot and one mile of track laid through the city. It has also on hand 15,000 ties, iron sufficient to lay three and three-quarter miles, 13 car loads of lumber, and other property; in all worth $40,000. The cities of San Francisco and Stockton cannot afford to allow this great and important enterprise to drag along from year to year uncompleted. For the facts in relation to this railroad we are indebted to Dr. E. S. Holden, President of the company, with whom capitalists can communicate for more detailed statements in relation thereto. From Stockton to Milton the distance is 28 miles. From Milton (by stage) to San Andreas is 22 miles; to Mokelumne Hill 31; to Angels' Camp 23; to Murphys 33; to Calaveras Big Trees 48 miles. From Milton to Yosemite Valley via Chinese Camp, is, to Copperopolis 14 miles; Chinese Camp 28; Groveland 44; the Valley 92. From Milton to Yosemite via Murphys and the Big Trees, is, from Milton to Murphys 33 miles; Muryhys to Big Trees and return, 30 miles; the Valley via Sonoma, Chinese Camp and Groveland, 89 miles. Stages leave the Valley at 6 A. M, passengers reaching Stockton in 30 hours. Train leaves Stockton at 8 A. M., tourists reaching the Valley in 35 hours. R. C. Patten, agent, Yosemite House, Stockton, Cal.

☞ Articles of association, under the General Railroad law of New Jersey, have been filed in the office of the Secretary of State at Trenton, N. J., for the formation of the "Philadelphia and Cape May Short Line Railway Company." It is proposed by this company to construct a railroad from the City of Camden, through Camden, Gloucester, Cumberland and Cape May counties, to the City of Cape May, a length of 72 miles. The capital stock is fixed at $720,000.

## American Railroad Journal.

New York, Saturday, May 12, 1877.

### The Royal Land Company's Railroad.

The narrow gauge line, when completed, as proposed by the Royal Land Company, will be 152 miles long, extending from Mathias Point on the Potomac to the coal fields in Augusta county, Va. So far only 38 miles have been constructed from Fredericksburg through Spottsylvania and Orange counties to Orange Court House. West of Orange the road passes through Greene and Rockingham counties, via Swift's run gap around the mountain to Milnes' Iron Works, via Harrisonburg, with a branch to Rawley Springs. In Augusta county there will be two branches from the main stem into the coal fields. From Fredericksburg east the proposed line runs by a corner of Stafford through King George's along the Potomac river to Mathias Point. The neck counties also contemplate subscriptions for a branch to terminate at Wicomico creek, on the Chesapeake bay, near the mouth of the Potomac. Mr. S. D. Karns, of Philadelphia, is President of the Royal Land Company's Railroad, Mr. Charles Kennedy Superintendent, and Jos. G. Beale General Manager.

### Atchison, Topeka and Santa Fe Railroad.

The earnings of the Atchison, Topeka and Santa Fe Railroad Company for the month of March, 1877, were $189,129 94, the operating expenses $97,904 80, and the net earnings $91,225 14. For the month of March, 1876, the earnings were $180,246 52, the expenses $85,580 35, and the net earnings $94,666 17—showing an increase in earnings of $8,883 42, an increase in expenses of $12,324 45, and a decrease in net earnings of $3,441 03. Per cent of expenses to earnings in March, 1877, 51.77; in March, 1876, 47.48. Number of miles operated in both years, 711. The following is a comparative statement of the earnings, expenses, etc., for the three months ending March 31, 1876 and 1877:

| | 1876. | 1877. |
|---|---|---|
| From freight | $294,746 64 | $297,099 61 |
| " passengers | 128,636 52 | 141,064 82 |
| " mail | 9,497 31 | 9,497 31 |
| " express | 6,137 39 | 9,642 98 |
| " miscellaneous | 2,777 75 | 8,089 47 |
| Total | $441,795 61 | $460,343 69 |
| Operating expenses | 225,568 31 | 269,244 57 |
| Net earnings | $216,227 30 | $191,099 12 |
| Per cent operating expenses to earnings | 51.06 | 58.50 |
| No. miles operated | Av., 656 | 711 |

The increase of percentage of operating expenses is explained by the fact that the company is relaying a portion of its track, between Emporia and Topeka with steel rails and they charge to construction account only the difference in price between steel and iron rails, and to operating account the balance of the expense.

### Pittsburg, Titusville and Buffalo Railroad.

The annual meeting of the Pittsburg, Titusville and Buffalo Railroad company was held in Philadelphia on the 7th inst. The report of the directors for the year 1876 was read. From this we learn that since the organization of the company on the 12th of January, 1876, being 12 days less than one year, the total receipts from the road were $706,019 20, being a decrease from the receipts of the whole year of 1875 of $103,776 81. During the same period, from Jan. 12, 1876, to Dec. 31, 1876, the total expenses were $455,828 47, being a decrease from the expenses of the preceding year of $115,047 39, leaving the net earnings for that portion of the year 1876 $250,190 73, being an increase of net earnings over that of 1875 of $11,270 58. The election for officers resulted: President, Thomas N. Dudley; Directors—John Scott, James H. Campbell, John W. Mefily, John S. Ritter, Joseph C. Herr, and Charles M. Foulke.

### Lake Shore and Michigan Southern Railway.

The earnings of this road for the years ending December 31, 1875 and 1876, were as follows:

| | 1875. | 1876. |
|---|---|---|
| From freight | $9,639,038 14 | $9,405,628 95 |
| " passengers | 3,922,797 88 | 3,664,147 87 |
| " express | 290,404 18 | 278,710 79 |
| " mails | 454,090 87 | 490,590 79 |
| " rents | 49,780 89 | 50,460 92 |
| " other sources | 78,086 80 | 64,637 30 |
| | $14,434,198 76 | $13,949,176 62 |
| Expenses: | | |
| Repairs—road | $1,314,144 38 | $1,177,304 05 |
| " bridges | 68,514 76 | 107,881 24 |
| " fences | 54,279 44 | 80,685 00 |

| | | 4,579,866 49 |
| Surplus | | $6,690 49 |
| Add amount to credit of income account January 1, 1876 | | 2,282,077 24 |
| Total, Dec. 31, 1876 (nominal) | | $2,288,767 73 |

Compared with the previous year the gross earnings of 1876 show a decrease of $485,022 14, with a decrease in expenses of $956,665 36, making an increase in net earnings of $471,643 22. The report says:

The number of miles of road operated in 1876 was 1,176.79, being 1.40 miles more than in 1875. There are 540.37 miles of road in the main line (Buffalo, N. Y., to Chicago, Ill.,) and 636.42 miles of road in eleven branches and tributary leased roads. Of the 1,176.79 miles road operated, this company owns 1,024.71 miles, (although 160.11 miles are embraced in three other organizations,) and leases 152.08 miles.

Of the 540.37 miles of main line—235.65 are double track (an increase of 4.85 miles in 1876,) making the main line equal to 776.02 miles of single track; and two branches—208.66 miles—are so situated that they, with the main line, form a double line of road between Cleveland, Ohio, and Elkhart, Indiana, (101 miles east of Chicago,) making together 979.68 miles of track, of which 716 miles (73 per cent) are laid with steel rails. During the year 1876, 10,500 tons—112 miles—steel rails were laid, and the entire cost, as heretofore, charged to operating expenses. There are, therefore, but 268 miles of iron rails now in the tracks of the main line, and they are being replaced with steel as fast as renewals are needed.

The side tracks were increased in 1876 by 11.12 miles, and now amount to 457.82 miles.

The total number of miles of track to be maintained amounts to 1870.26—the details of which, location by States, etc., will be found in the usual place in this report.

CONSTRUCTION.

This account for 1876 amounted to $268,984 10, a reduction from even the small amount in 1875. The details are as follows:

| | |
|---|---|
| Second track, 4.85 miles | $51,488 82 |
| New side tracks, 11.12 miles | 86,788 42 |
| Ashtabula Harbor, coal docks, etc. | 18,444 72 |
| Real estate | 8,889 81 |
| New buildings | 68,271 35 |
| Bridge masonry | 35,150 98 |
| Total, 1876 | $268,984 10 |
| Total, 1870-1875, inclusive | 13,630,828 10 |
| Total, seven years | $13,899,812 20 |

While there was expended on construction account in 1876 $268,984 10, that account is increased in the balance sheet but $160,322 60. A transfer of some outside real estate owned by the company, and not necessary for operating the road, which cost $108,661 50, to another account, explains the apparent discrepancy.

EQUIPMENT.

Nothing was charged to this account in 1876. After losing an entire passenger train—valued at $58,000—in the Ashtabula accident, December 29th, there remained the same number of locomotives (495) and 9 more cars (10,546) than at the beginning of the year.

There was expended in 1876 for maintenance of equipment $1,408,835 which amount proved fully adequate.

The amount expended for new equipment, 1870 to 1875, inclusive, was $5,904,087 09—for 223 locomotives and 4,739 cars.

CAPITAL STOCK.

The capital stock of the company is $50,000,000, to-wit:

| | | |
|---|---|---|
| Guaranteed (10 p. c.) | 5,335 shares. | $533,500 |
| Ordinary | 494,665 shares. | 49,466,500 |
| | 500,000 shares. | $50,000,000 |

Of the guaranteed stock, the claim for dividends between 1857 and 1863 has been settled on $350,600, leaving $182,900 still unsettled.

Dividends of 5 per cent February 1, and 5 per cent August 1, have been regularly paid on this stock since August 1, 1863, the date of the first dividend.

Of the ordinary stock the company owns 2,654 shares ($265,400,) which appears among its assets in the balance sheet.

The dividend upon the ordinary stock for the seven years (1870-1876) since the consolidation has averaged 5.21 per cent.

BONDED DEBT.

The bonded debt of the company stood:

| | |
|---|---|
| December 31, 1875 | $36,250,000 |
| December 31, 1876 | 36,000,000 |
| Decrease | $250,000 |

This decrease was accomplished by the annual contribution to the sinking fund of the first general consolidated mortgage of $25,000,000. This mortgage provides for a sinking fund of one per cent, or $250,000 per year. This obligation has run for six years, amounting to $1,500,000, and is now entirely fulfilled.

The bonded debt may be thus classified:

| | |
|---|---|
| First mortgage—matures in 1900, including eleven divisional mortgages on original roads, to be merged into this mortgage upon maturity | $25,000,000 |
| Less sinking fund | 1,500,000 |
| | $23,500,000 |
| Second mortgage—matures in 1908; amount of mortgage, $25,000,000. Outstanding (including the plain bonds of 1882—$3,395,000—provided for by this mortgage) | 12,500,000 |
| Total debt—interest 7 per cent, currency | $36,000,000 |

EARNINGS.

The financial results of the seven years since consolidation are shown by the following condensed table:

| | Miles. | Gross earnings. $ | Operating expenses. $ | Per cent. | Net earnings. $ |
|---|---|---|---|---|---|
| 1870 | 1,013 | 13,509,236 | 8,368,821 | 61.95 | 5,140,415 |
| 1871 | 1,074 | 14,898,449 | 9,779,806 | 65.64 | 5,118,643 |
| 1872 | 1,136 | 17,699,935 | 11,839,526 | 66.90 | 5,860,409 |
| 1873 | 1,175 | 19,414,509 | 13,746,598 | 70.90 | 5,667,911 |
| 1874 | 1,175 | 17,146,181 | 11,152,871 | 65.04 | 5,993,760 |
| 1875 | 1,175 | 14,434,199 | 10,531,501 | 72 96 | 3,902,698 |
| 1876 | 1,177 | 13,949,177 | 9,574,836 | 68.64 | 4,374,341 |
| Av. | 1,132 | 15,864,519 | 10,713,351 | 67.53 | 5,151,168 |

| | Interest, leases and dividends guaranteed stock. | Dividends. Amount. | Rate. | Surplus. |
|---|---|---|---|---|
| 1870 | $1,828,897 | $2,752,360 | 8 | $559,158 |
| 1871 | 2,121,164 | 2,874,355 | 8 | 123,124 |
| 1872 | 2,201,459 | 3,466,096 | 8 | 192,854 |
| 1873 | 2,654,560 | 1,978,040 | 4 | 1,085,311 |
| 1874 | 3,008,193 | 1,607,661 | 3¼ | 1,377,906 |
| 1875 | 2,810,294 | 989,330 | 2 | 103,074 |
| 1876 | 2,759,989 | 1,607,661 | 3¼ | 6,691 |
| Average | $2,483,508 | $2,182,215 | 5.21 | $485,545 |

As compared with 1875 the earnings for 1876 show a decrease of $485,022, or 3.36 per cent.

Operating expenses show a decrease of $956,665, or 9.08 per cent.

Net earnings show an increase of $471,643, or 12.09 per cent.

As will be seen by the following freight statistics, the year 1876 was noticeable for the heaviest movement of tonnage, at the lowest rate, in the history of the road.

| | Tons. | Average miles hauled. | Tons 1 mile. |
|---|---|---|---|
| 1870 | 2,978,725 | 192.7 | 574,085,571 |
| 1871 | 3,784,525 | 193.9 | 733,670,696 |
| 1872 | 4,443,092 | 208.2 | 924,844,140 |
| 1873 | 5,176,661 | 203.6 | 1,053,927,189 |
| 1874 | 5,221,267 | 191.4 | 999,342,081 |
| 1875 | 5,022,490 | 187.8 | 943,236,161 |
| 1876 | 5,635,167 | 201.2 | 1,133,834,828 |

| | Revenue. | Receipt per ton per mile. Cent. | Cost per ton per mile. Cent. | Profit p. ton p. m. Cent. |
|---|---|---|---|---|
| 1870 | $8,746,126 | 1.504 | .932 | .572 |
| 1871 | 10,341,218 | 1.391 | .913 | .478 |
| 1872 | 12,824,862 | 1.374 | .920 | .454 |
| 1873 | 14,192,399 | 1.335 | .946 | .389 |
| 1874 | 11,918,350 | 1.180 | .767 | .413 |
| 1875 | 9,689,038 | 1.010 | .737 | .273 |
| 1876 | 9,405,629 | .817 | .561 | .256 |

As compared with 1875, the tonnage shows an increase of 20.2 per cent., but the average rate per ton per mile (.817) is 19.1 per cent. less than even the very low rate of 1875 (cent 1.010), causing a decrease in freight earnings of $233,409, or 2.42 per cent.

The rate of 1875, but a trifle over one cent per ton per mile, applied to the heavy tonnage of 1876, would have given us $2,188,300 more net earnings.

The persistent and partially successful efforts of the trunk lines terminating at Philadelphia and Baltimore to obtain business at the expense of the cities of New York and Boston, by the adoption of rates which discriminated in favor of the former cities, aroused the New York trunk roads to a vigorous defence of what they considered a vital principle; to wit: equal rates from the West on all export tonnage—no matter from what Atlantic seaport it should be exported.

This contest was inevitable sooner or later; and it was certain that when it came, this road, from its geographical position, could not remain neutral as regarded the defense of the commerce of New York and Boston. The low prices consequent upon the contest ruled from the middle of April until the middle of December, when an understanding was arrived at and rates moderately advanced. This was too late, however, to favorably affect the receipts of the year. This contest, together with the universal stagnation of business for the past three years, necessitating concessions to local manufactories to keep them running, accounts for the extremely low average rate for 1876, a rate that is but thirty five per cent. of the average rate of 1860. Had the agriculturist been forced to follow down the railroad company, that carries his produce to market, in the rapidly diminishing return for labor and capital, he would be obliged to accept, at the present time, thirty-five cents for his bushel of wheat, as against one dollar in 1860.

So far during 1877, the rates although low,

have been fairly maintained; and a healthy determination to make business remunerative, is apparent everywhere.

As with freight, so with passengers. The year shows the greatest number (except 1875) of passengers moved—at the lowest rate, and the least amount of earnings—of the seven years since the consolidation.

Extremely active competition for "centennial travel," demoralized all rates, and the greater part of the passenger business on all lines was done at half ordinary prices, or even less, during the last two thirds of the year.

The following condensed table gives the figures for seven years:

| | Passengers. | Average distance. | Passengers one mile. |
|---|---|---|---|
| 1870 | 2,065,440 | 77 | 160,500,114 |
| 1871 | 2,046,428 | 70 | 142,684,243 |
| 1872 | 2,212,754 | 74 | 168,308,495 |
| 1873 | 2,485,163 | 68 | 179,868,173 |
| 1874 | 3,096,263 | 56 | 173,224,572 |
| 1875 | 3,170,284 | 52 | 164,950,861 |
| 1876 | 3,119,923 | 56 | 175,510,501 |

| | Revenue. | Receipt per passenger per mile. Cent. | Cost per passenger per mile. Cent. | Profit per passenger per mile. Cent. |
|---|---|---|---|---|
| 1870 | $4 192,960 | 2.612 | 1.618 | .994 |
| 1871 | 4,008,724 | 2.808 | 1.843 | .665 |
| 1872 | 4,218,543 | 2.599 | 1.739 | .860 |
| 1873 | 4,569,730 | 2.542 | 1.802 | .740 |
| 1874 | 4,249,022 | 2.452 | 1.595 | .857 |
| 1875 | 2,922,708 | 3.378 | 1.735 | .643 |
| 1876 | 3,664,148 | 2.090 | 1.438 | .652 |

### OPERATING EXPENSES.

| | |
|---|---|
| Operating expenses and taxes, 1876, including 112 miles steel rails | $9,574,835 |
| Operating expenses and taxes, 1875, including 105 miles steel rails | 10,531,501 |
| Operating expenses and taxes, 1874, including 78 miles steel rails | 11,152,372 |
| Operating expenses and taxes, 1873, including 141 miles steel rails | 13,746,599 |

Notwithstanding the heavy increase of tonnage (twenty per cent.) in 1876, as compared with 1865, the operating expenses show a decrease of $956,666, or nine per cent. This saving was effected by lower prices for labor and material (especially for steel rails), and not by neglecting or postponing repairs and maintenance of the property. Included in the expenses are:

10,500 tons (112 miles) steel rails.
523,451 (190 miles) cross ties.
291 cars built in place of a like number worn out.
9 cars additional.

The road and equipment are in excellent condition, and it is believed will compare favorably with any other in the country.

### ASHTABULA ACCIDENT.

After enjoying complete immunity from serious accident during seven years of this consolidated company's existence, just at the close of the year occurred the disaster known as the Ashtabula accident.

On the 29th of December, at 7:28 P. M., while the Pacific Express (westward) was crossing the iron bridge spanning Ashtabula creek, just east of the city of Ashtabula, the bridge gave way, and the entire train, consisting of two locomotives, four express and baggage cars and six passenger and sleeping cars, was, with the exception of the forward locomotive, precipitated into the chasm, a distance of seventy feet.

The train took fire immediately and was entirely consumed. There were one hundred and fifty nine persons upon the train, including nine children. Eighty-three were killed directly and five have died since, making eighty-eight dead; sixty-three were injured and eight were uninjured.

The cause of this accident is wrapped in mystery, although many theories have been put forward. The bridge, a Howe truss in iron; a single span of one hundred and fifty feet, resting upon stone abutments; was erected in 1863, and had safely borne an enormous traffic for a period of thirteen years. Only an hour before it fell, a heavy freight train, with two locomotives, had safely crossed. The slightest suspicion that this bridge was not as safe as any in the country was never, for a moment, entertained by any officer of this company.

The road was thus cut in twain from December 29th until January 10th, 1877, on which day, at 11.30 A. M., the Atlantic Express (eastward) crossed the new bridge which had in the meantime been erected. In view of the difficulties occasioned by the debris of the wreck, the severe stormy weather which prevailed nearly all the time, and the other obstacles to be overcome, the interruption was very brief.

### CONCLUDING REMARKS.

The encouraging features of the year under review are,

First—The continued freedom from floating debt, and the steady reduction of the bonded debt by the annual contribution to the sinking fund. This conservative policy marked out by our late President, Cornelius Vanderbilt, should be strictly adhered to in the future.

Second—The large business of the road in 1876—which proves its impregnable geographical position. With equal rates, its ability to hold its own against the fiercest competitive assaults, must be unquestioned.

Third—The economical management of the road—which is shown by a reduction of nearly a million dollars in expenses—without the property suffering any deterioration. The train service was increased but 2½ per cent, to handle the largely increased business of the year.

The fixed charges against net earnings for 1877 will be as follows:

| | | |
|---|---|---|
| Interest on L. S. & M. S. R'y debt $36,000 000 at 7 per cent | | $2,520,000 |
| Interest on D. M. & T. R'y debt, $924,000 at 7 per cent | | 64,680 |
| Interest on K. & W. P. R'y debt, $600,000 at 7 and 8 per cent | | 44,000 |
| Dividend on Guaranteed Stock, $583,500 at 10 per cent | | 53,350 |
| Rental four branch roads—partly estimated | | 275,000 |
| | | $2,957,030 |
| Less interest and dividends on assets—estimated | | 215,000 |
| Total | | $2,742,030 |
| Last year | | 2,759,989 |
| Reduction | | $17,959 |

The number of engines on the road December 31, 1876, was 475. Miles run by engines, 11,775,053. Cost of repairs per mile run, 4.72 cents.

The cars are classified as follows; first class passenger, 144, second class and smoking 9, emigrant 26, railroad postal 17, baggage 60, paymasters' 2, express freight 6, box 5,172, stock 1,330, oil 292, platform 1,685, coal 1,897, caboose 249, derrick 9, and dumper 148.

Tons of through and way east bound freight, 8,867,031; do. west bound, 1,768,136—total freight movement, 5,635,167. Tons carried one mile east, 827,020,640; do. west, 306,814,188—total, 1,133,834,828.

Number of through passengers carried: first-class, 79,250; second class, 5,467; emigrant, 3,624—total, 88,341. Way passengers: first-class, 3,012,754; second-class, 13,189; emigrant, 5,639—total, 3,031,582. Total through and way, 3,119,923. Passengers carried westward, 1,579,294; do. eastward, 1,540,629. Miles traveled by through passengers, 47,704,140; do. way passengers, 127,806,361—total mileage of passenger, 175,510,501.

### CONDENSED BALANCE SHEET, Dec. 31, 1876.

### Philadelphia and Reading Railroad.

*To the Stockholders and Bondholders of the Philadelphia and Reading Railroad Company :*

In the last annual report the floating debt of the Railroad Company and the Coal and Iron Company, after providing for all obligations maturing prior to April 1st, 1877, was stated to be $8 272-359 33. The Managers can now announce that, after the payment of the April interest of the Rail road Company, and the May interest of the Coal and Iron Company, the floating debt of both companies at the close of business on May 1st was $6,735,055 32. Of this reduction of over $1,500,000 the sum of $850,000 has been obtained as an advance upon the iron belonging to the company, only to be repaid out of its proceeds when sold, and the remainder has been paid out of actual earnings since the close of the last fiscal year.

Of the entire amount of floating debt some $4,260,000 is secured by the general mortgage bonds of the company, and the remaining $2,500,000 is protected by collateral of such value as would in almost any condition of the money market command loans of equal amount.

While no apprehension is felt by the Managers of any difficulty with the holders of the floating debt, and while those whose claims are secured by the general mortgage bonds have, without a single exception, agreed to renewals of six months upon payment of legal interest, and ten per cent. in reduction of the principal, it is nevertheless necessary to provide some fund out of which, without any doubt or contingency whatever, the entire floating debt may be paid off as speedily as possible.

In ordinary times, and at fair prices for coal and customary rates for transportation, the entire floating debt of both companies could be paid off out of earnings in two years; but with the price of coal so low as barely to afford to the owner a minimum royalty to represent its value in the ground, with no profit for the business of mining, and the rates of transportation reduced to about one and one-third cents per ton per mile, including both terminal charges of collecting and shipment, it is evident that without some improvement in prices nothing but the fixed charges of the companies can at present be met out of the receipts from its business, and that the Managers must look either to the stockholders or the bondholders to provide means to reduce and gradually pay off the floating debt.

It is manifestly the province, primarily, of the stockholders to provide such means, and when it is considered that an instalment of but $10 per share upon each share of stock (for the repayment of which, with interest, ample security could be given) would enable the company to pay every dollar of its floating debt, it is evident that nothing but want of faith or scarcity of money prevents the shareholders from subscribing a sum, the pay ment of which would be almost instantly followed by an appreciation of the market value of their shares equal to from one to two hundred per cent. upon the additional investment.

It unfortunately happens, however, that many of the shareholders of the company not only have no additional money to invest in anything, but have heretofore been dependent upon dividends for their support, and the stock is divided into such small holdings that in America the average number of shares belonging to each stockholder is less than sixty.

The Managers are also aware that in times of great depression in business it is much more difficult to advance additional means than it is to forego the receipt of accustomed income, and as it is believed that most of the large stockholders who have the means as well as the desire to aid the company are also, to a very large extent, holders of its bonds. It has been determined to resort to the holders of the latest issues of the bonds, and some of the guarantees of the company, for such assistance as will enable the Managers to pay off the floating debt.

The Managers have, therefore, authorized the creation of a five year scrip, bearing interest at the rate of six per cent, from the 1st of July next, with coupons attached, payable on the 1st of January and the 1st of July of each year, and convertible, at the option of the holder, with proper provisions against the duplication of interest, into the 7 per cent. income mortgage bonds of the company of the issue referred to in the last annual report, and it is proposed to make use of this scrip for the partial or entire payment of the interest on the following obligations, viz:

First.—On the General Mortgage Bonds, and upon the Perkiomen Sterling Mortgage Bonds, for the period of three years, the coupons to be payable half in cash, as they mature, and half in scrip, with the option to the holder of surrendering the three coupons first maturing entirely for scrip, all holders being entitled to receive, at once, scrip bearing interest from July 1st, for such coupons or parts of coupons as are to be exchanged therefor.

Second.—The interest upon the debenture bonds of both the Railroad and the Coal and Iron Companies, the convertible bonds of the Railroad Company, the bonds due in 1885, 1902 and 1918 of the Tidewater and Susquehanna Canal Companies and so much of the Rental due to the Schuylkill Navigation Company as is applicable to the payment of dividends to the Stockholders of that company, and to the interest upon its Mortgage loan of 1895, to be payable for five years in scrip; all holders being entitled to cut off, at once, the entire ten coupons, and to receive scrip for the whole amount bearing interest from July 1, 1877.

Third.—The drawings for, and payments of sinking funds of the Improvement and General Mortgage Bonds to be suspended for a period not exceeding four years, if so long a time should be required for the payment of the floating debt.

The relief to be obtained from the above will undoubtedly enable the Managers, even without any improvement in traffic or increase of rates, to meet the fixed charges on all obligations of both companies other than those above named, and to pay off the entire floating debt within such time as will be satisfactory to the holders thereof.

It of course follows that holders of coupons, some of which are not due for three or five years, by exchanging them for interest bearing scrip, secure a much higher rate of interest upon their investment than they would receive if the original coupons were paid promptly at maturity. Thus, for example, a holder of General Mortgage Bonds who surrenders three six per cent. coupons for scrip, actually receives over six per cent. interest on his bonds; and a holder of convertible bonds surrendering ten seven per cent. coupons for scrip actually receives over eight per cent. instead of seven upon his investment. The Managers, however, feel that it is better to pay an increased rate of interest for a few years, in order to secure the relief required, than to submit to a sale of any of the securities of the company at their present market values. And it is but due to creditors who are asked to defer the receipt of interest upon their investments, to give to them some compensation for the delay to which they are required to submit.

If the stockholders prefer to be relieved from the payment of this increased rate of interest, they can do so by subscribing pro rata to such an amount of the scrip as will place the Managers in funds to meet the floating debt, upon payment of which all earnings of the company, over fixed charges, could be distributed as dividends.

All the stockholders of the company, therefore, will be entitled to subscribe, at par, for the scrip, at any time prior to July 1, 1877; and in addition thereto, any holder of a coupon or other obligation of either company, maturing within one year, will be entitled to exchange the same at once for scrip bearing interest from July 1, as aforesaid.

With the exception of the Perkiomen Railroad Company Bonds and the Debenture Bonds of the Coal and Iron Company, the interest upon all the obligations herein proposed to be extended is payable upon the first days of January and July, and the exchange for scrip can be made without any difficulty resulting from difference of interest periods. In the case of the Perkiomen Bonds, the interest of which is due on June 1, one months' interest upon the scrip will be paid in cash to the holder upon the exchange; and in the case of the Coal and Iron Company Debentures, the first coupon of which is not due until the first of September, four months' interest upon the scrip will be paid, at the period of exchange, in cash, and the first scrip coupon will be detached and kept by the company.

In order to preserve the rights of the Convertible Bonds to conversion into stock, and the right of the holders of the Debenture Bonds of the railroad company to use the same for payment of freight, according to the terms of the bonds, both will, notwithstanding the surrender of the coupons, be entitled to all the rights and privileges expressed upon their face, provided that at the time of conversion or payment for freight, as the case may be, a proper amount of scrip is given up with the bond to represent the detached coupons which, according to the original stipulation, should have been surrendered with it.

The income mortgage bonds into which the scrip may be converted bear seven per cent interest, and are secured by a mortgage upon all the railroads, and property of the railroad company next in order of priority to the General Mortgage, and therefore precede and are protected by an investment of over $45,000,000 of stock and convertible bonds. In addition to this, a bond and mortgage for $10 000,000 held by the railroad company upon the lands of the Coal and Iron Company will be transferred to the trustees of the general income bonds as security for the same. This latter bond of $10,000,000 is secured by additional mortgages upon real estate and leasehold estates of the Coal and Iron Company worth over $3,000,000, which are not embraced in any other mortgage; and, in order further to add to its security, at least $8,000,000 of stocks and bonds will (after the payment of the floating debt for which they are now held as collateral) be transferred to the trustees of the Income Mortgage, and thereby, in addition to the surplus of over $45,000,000 represented by the share capital and debenture bonds, the Income Mortgage will be protected by at least $6,000 000 of valuable property upon which it will be a first lien.

The managers have no reason to doubt the correctness of the opinion expressed in their last annual report as to the ability of both companies to earn their fixed charges, and were it not for the floating debt no application would be made to either bondholders or shareholders for assistance.

As the principal business of the railroad company is transacted during the eight months from April 1st to December 1st, the profits resulting from the traffic of the four winter months are seldom very large, but it is a gratifying fact that the net profits of the company from railway traffic after payment of all expenses, including rents on leased lines of railways for the four months ending March 31st, have only been exceeded twice in any corresponding period during the last ten years as shown by the following table:

| | |
|---|---|
| Net profits for 4 months, ending March 31, for 1868 | $397,192 |
| Net profits for 4 months, ending March 31, for 1869 | 491,715 |
| Net profits for 4 months, ending March 31, for 1870 | 481,079 |
| Net profits for 4 months, ending March 31, for 1871 | 446,067 |
| Net profits for 4 months, ending March 31, for 1872 | 662,702 |
| Net profits for 4 months, ending March 31, for 1873 | 816,270 |
| Net profits for 4 months, ending March 31, for 1874 | 1,076,528 |
| Net profits for 4 months, ending March 31, for 1875 | 175,460 |
| Net profits for 4 months, ending March 31, for 1876 | 499,593 |
| Net profits for 4 months, ending March 31, for 1877 | 678,561 |

The profits of steam colliers, which are not included in the above, were for the same four months

$75,182 10, against $43,521 24 for the same period of last season, and are larger than ever before realized in a corresponding period of the year.

No business whatever is done upon the canals during the winter, but the deficit representing the winter's work of maintenance and repairs for the four months ending March 31, is but $34,683 36, against $78,221 38, for the corresponding period of last year, or a saving of $43,538 02.

In the operations of the Coal and Iron Company, the winter months are devoted principally to driving dead work, and preparing for the active business of the other eight months of the year.

During the past winter an unusual amount of such dead work has been done and large purchases of supplies, etc., been made. All improvement accounts of the Coal and Iron Company are now closed, and every expenditure for dead work, new improvements, supplies and maintenance of idle collieries is charged to working expenses. Including all these charges, as well as all the general expenses of the company, of every character, the deficit for the winter's operations is but $247,209 86, which is less than ten cents per ton upon the tonnage for the actual business portion of the year, and clearly demonstrating the ability of the company to mine coal during the entire year at an average cost of $1 per ton. The actual average price realized for coal during the four months ending March 31st, after deducting therefrom full railroad charges for lateral and main line freights, has been $1 38¼ per ton at the Breaker, and the managers can, therefore, reiterate the opinion expressed in their last report, that a royalty sufficient to meet the interest charges due by the Coal and Iron Company to the public can be saved out of the year's operations.

But though the operations of the winter have been satisfactory, the business of the month of April, the first of the active months of the year, has been still more gratifying. The coal tonnage of the railroad for April has been 661,478 tons, of which the Coal and Iron Company mined 322,000, and its tenants produced 120,000, making the product of its estate for the month 442,000 tons. It is, of course, too early to give the actual net results of the month's business, but as the gross receipts from railway traffic alone will be over $1,150,000, there can be but little doubt that the two companies have earned, in the month of April, over and above all expenses, including rents of leased lines, over half a million dollars. This result establishes the fact that, with a tonnage such as now seems certain to be secured during the present year, the fixed charges of both companies can be earned, even if coal does not bring any higher price than would yield to most companies engaged in the trade the actual cash cost of its production and transportation to tide water, and it is quite certain that whenever there is such a revival of business as will secure a royalty of only 25 cents per ton, a profit as miner of but 25 cents per ton, and a rate of transportation not exceeding 1¾ cents per ton per mile, with a terminal charge at each end of the line of 10 cents per ton, the company can readily earn a dividend of ten per cent upon its stock.

When such revival of business may be expected is beyond the power of the Managers to determine, but it is confidently submitted that a company capable of producing such results is entitled to some efforts on the part of its owners to relieve it from financial embarrassment.

FRANKLIN B. GOWEN, President.
PHILADELPHIA, May 3, 1877.

### Southern Pacific Railroad.

YUMA (Arizona), April 28.—The wire of the Atlantic and Pacific Telegraph Co. was brought across the Colorado river into Arizona at Yuma at 5 P. M. to day. Trains will commence running regularly from Pilot Knob, eight miles west of Yuma, on the California side, to-morrow at 6:30 P. M. Stages of the Southern Pacific Mail Line connect at Pilot for all points in Arizona. The road will be completed to Yuma about the 10th of May. A temporary wharf and a number of side tracks are being put in one mile below Main street.

### Riehle' Bros. Testing Machines.

HALL OF THE FRANKLIN INSTITUTE,
PHILADELPHIA, March 3, 1877.

The Sub-Committee of the Committee on Science and the Arts, constituted by the Franklin Institute of the State of Pennsylvania, to whom was referred for examination Messrs. Riehle' Bros'. Testing Machines, report that the Testing Machines of the Messrs. Riehle' Bros. consist essentially of two sets of tools or grips, which hold the specimens to be tested between them; the strain being applied to one set of the grips, and the weighing apparatus for determining the amount of strain, to the other. The grips are of different kinds and shapes to suit the different materials and forms to be tested, and can be arranged either for tensile, compressive or transverse strains.

The power producing the strain is obtained, on the larger machines by hydraulic jacks, and on the others by screw and gearing. The weighing apparatus consists of a series of levers, working on knife edges, and a double weigh beam, for ascertaining the amount of the strain applied to the specimen.

The machines are of different construction to suit the different purposes for which they are intended. The designs of the more recent are excellent, combining strength, compactness, convenience of operating, and sufficient accuracy for practical purposes; and we think the Messrs. Riehle' deserve every encouragement in their effort at simplifying, perfecting and introducing Testing Machines to Manufacturing establishments, for the reason that the products and constructions of such establishments would continually tend to improvement and greater reliability from the constant making of tests of materials.

Anything tending to improve the quality, and to fix standards and grades for materials, based upon actual tests of the elasticity, toughness, ultimate strength and other peculiarities, should receive the support and aid of the Franklin Institute, and we are of the opinion that the efforts of the Messrs. Riehle' Bros. have this tendency, and therefore deserve the commendation of the Institute.

Signed, WM. H. THORNE, C. CHABOT, L. R. FAUGHT, THAD. NORRIS, JR.

A true copy,
(Signed) J. B. Knight, Sec'y.

### Cincinnati Southern Railroad.

CINCINNATI, O., May 6.—The Trustees of the Cincinnati Southern Railroad have presented to the public their plan for the lease of the road. It contemplates a determinable or temporary lease of the portion now ready for operation, extending from Cincinnati to the Cumberland river, to be followed by a lease to parties who will take the line and complete it to Chattanooga and operate it for a term of years. The proposed plan is to allow the company taking the road sufficient of the earnings to make a certain per cent. on their investment; the per cent. to be fixed between trustees and lessees; also, in addition, a per cent. of the remainder. The amount required to complete the line and put on rolling stock is put at three millions, and it is believed the line, connecting as it does the Northern and Southern systems of roads, will be very profitable.

### Long Island Railroads.

Justice Barnard, of the Supreme Court, Kings county, granted an order on the 7th inst. confirming the report of the commissioners appointed to acquire land for the New York and Sea Beach Railroad Company from certain land owners along the route. Proper crossings are to be established according to the statutes.

Commissioners were appointed on the 7th inst. by the Supreme Court, on application of counsel for the Glendale and East River Railroad Company, to acquire lands, located in the Eighteenth ward, Brooklyn, which are to be used by the Manhattan Beach Railroad Company, who have leased the route of the Glendale and East River Company.

The report of the commissioners appointed to acquire lands for the New York, Bay Ridge and Jamaica Railroad Company, was confirmed by Justice Barnard on the 7th inst. The company now has the clear right of way between East New York and Bay Ridge.

### Texas Central Railroad.

At the annual meeting of the stockholders of the Texas Central Railroad Company, held at Houston, Texas, on the 7th instant, the following gentlemen were elected directors: Charles Morgan, of New York; C. A. Whitney, and A. C. Hutchinson, of New Orleans; George Jordan, formerly Superintendent of the Memphis and Charleston Railroad; E. W. Cave, A. S. Richardson, and A. Groesbeck, of Houston; John J. Cisco, of New York, and Charles Fowler, of Galveston. The following officers were elected: President, C. A. Whitney; Vice-President, George Jordan; Secretary, A. S. Richardson; Treasurer, E. W. Cave.

☞ Work was to have been commenced on the Pittsburg and Lake Erie Railroad on the 8th inst., the intention being to complete ten miles of the road before the grading of the balance is begun. The Pittsburg Chronicle says that the Baltimore and Ohio Railroad, with which it will connect, will guarantee $2,000,000 of bonds, and that stations are to be located at the Southern terminl of the Point, Smithfield street and upper Birmingham bridges.

☞ During the past year there have been laid eleven miles of steel rails on the Shore Line division of the New York, New Haven and Hartford Railroad, and six miles more will be laid before the season shall close. This will leave only eight miles of the entire track not provided with steel rails, and these will be supplied next year.

☞ The Ohio and Mississippi Railroad Company have made arrangements to pay a second 25 per cent. of all bills contracted before the appointment of a Receiver for the road. Payment will be made at St. Louis, beginning about the 15th of May.

☞ George deB. Keim, Esq., has been elected President pro tempore of the Philadelphia and Reading Railroad Company, to act during the absence of the President in Europe.

☞ W. B. Arthur has been appointed General Manager of the St. Louis, Iron Mountain and Southern Railroad.

**Saturday, May 12, 1877.**

### Financial and Commercial Affairs.

Money continues abundant in the local market for all responsible borrowers, and rates rule extremely low, in some instances being merely nominal. The inquiry for accommodation is comparatively moderate, and lenders find much difficulty in placing balances advantageously. The foreign advices have had no disturbing influence here, as far as regards the loan and discount market. Call loans are quoted at 2@3, with most of the important negotiations reported at the minimum rate, some advances having been reported during the week at even a lower figure; and very choice to strictly prime mercantile credits rated at 3@5 per cent per annum. The City banks, last week, reported a further increase in their legal tender and specie reserves, as also in their deposits. The loan and discount item was enlarged. The circulation fell off slightly. The loan and discount average was augmented $2,280,100. The item of circulation was cut down $200. The deposits showed a gain of $4,055,800; the legal tender reserve of $1,576,700; and the specie average of $2,584,600.

The City banks reported their average of gold last week at $23,119,100, as against $19,804,400 same date last year; and their greenback average at $50,441,700, as against $39,182,200 on May 6, 1876. Their deposits stood at $226,957,000, against $205,899,000 same time in 1876. The loan item was $258,013,900 against $257,015,600 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $16,821,550,

as against $13,674,200 the preceding week, $9,039,775 the week ending 14th April (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $467,499,395, or a daily average of $77,916,566.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $48,016,245, against $41,757,828 the preceding week; and a coin board of $78,512,652, against $81,717,160 on the previous return. The Customs revenue of the port during the past week was $1,896,000.

The aggregate of the outstanding U. S. currency of all denominations, May 1st, was $384,149,992. The outstanding amount of legal tender notes is $361,494,404. The National bank circulation is now $316,298,517 of currency notes and $1,420,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,992,000.

The income of the Government from internal revenues last week was about four millions, and since July 1, 1876, about 101 millions; and from Customs last week about 2¾ millions, and since July 1, 1876, about 111¾ millions.

On Tuesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $11,661,401; special deposit of legal tenders for the redemption of certificates of deposit, $41,485,000; Coin, $103,992,808, including of Coin certificates, $49,182,800.

Gold has varied little during the week. Speculation has been rather more in favor of an advance in the price, aided by the foreign news, but has not been remarkably confident. The export drain has been on a much more liberal scale. The Customs call has been moderate. The later dealings indicated weakness and irregularity. The extremes of the price during the week have been 106⅝@107¼, closing on Wednesday at 107, as against 107 on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was confined to $2,310,138, (of which $1,653,420 in various forms to Liverpool, $250,000 to Southampton, $150,000 to Plymouth, $150,000 to London, and $100,000 to Havre,) making the total exports of specie hence since January 1, $7,163,764, against $18,754,930 the same time in the preceding year. The imports of specie at this port last week were $294,740, (of which $272,765 from Havana,) and since January 1st $6,560,863 as against $1,557,704 same time last year. The Customs demand for gold last week averaged $316,000 per day. Foreign Exchange has been more active at generally firmer prices, though leaving off somewhat easier. Bankers' sixty day bills on London closed on Wednesday at $4 87@$4 87½; sight bills on London at $4 89½@$4 90 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,188,155 as against $5,052,744 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $1,261,231 of Dry Goods and $4,926,924 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $5,955,723, against $5,065,313 same week in 1876.

Government securities have been fairly active, but variable as to price, influenced by the course of Gold, and toward the close by a further call of the Treasury Department for the unredeemed balance of the old 1865 Five-Twenty loan. At the close the market was quoted steady, leaving off on Wednesday as follows:

United States currency sixes, 125@125½; do. 6s, 1881, registered, 114⅛@114⅜; do. coupon, 115⅛@115½; do. 1865, new, registered, 111@111¼; do. coupon, 111@111¼; do. 1867, registered, 113¾@114; do. coupon, 113¾@114; do. 1868, registered, 115⅝@116; do. coupon, 115⅝@116; do. ten-forties registered, 112⅝@112¾; do. coupon, 113¼@113½; do. five-twenties, 1881, registered, 111¾@112; do. coupon, 111¾@112; do. 4½ per cents, 1891, registered, 108⅝@108⅞; do. coupon, 108⅝@108⅞; Central Pacific Gold bonds, 108¾@109.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,321,100, and $18,978,800 as security for public deposits.

State and Railway bonds have been moderately sought after by investment buyers, and prices of the more substantial loans have been generally very well supported. And in the line of Railway and Miscellaneous share property the week's business has been fairly active, almost wholly on local speculative account, with prices quoted generally stronger, though variable, leaving off on Wednesday less buoyantly. Outside business in the market is yet lacking to give stability to any upward movement.

Domestic produce and foreign merchandise have been more or less controlled by the foreign news. Breadstuffs and Provision interests have shown less activity, as a whole; and though prices rallied in these instances early in the week, the later dealings indicated heaviness and irregularity. Cotton and Petroleum have been moderately active, the former closing stronger, and the later easier. Of the purchases of Cotton for the week were important amounts for shipment to Russia (Baltic ports). And the export movement in Petroleum has been also mainly for the Baltic.

Metals have been more active, but prices have been quoted generally weak. Eglinton Pig Iron quoted at $25; Glengarnock $26 50@$27; Coltness $28; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$18 50; Forge $17@$18 50; American Rails at works $35@$38; Old Rails $18@$19. Wrought Scrap $24@$25. Steel Rails, on the basis of $47@$50 at the mills. Ingot Copper in active request and quoted 19⅛@19¼ for early delivery; and for forward delivery, recent sales included 4,000,400 lb., June to August deliveries, to manufacturers, at 19¼c.@19½c; and 2,000,000 lb. to manufacturers, to be made into cartridges, and shipped to Europe. Of the sales of Iron were 27,000 to 28,000 tons American Pig and Forge, part for forward delivery, mostly on p. t.; 1,000 tons Steel Rails at $47 50.

A light trade has been reported in Hardware which, however, has been quoted steady. Boots and Shoes have been less active but generally firm. Dry Goods have been attracting less attention, with Domestic Cottons, and imported fabrics again quoted lower and irregular.

Ocean freights have been moderately active, opening stronger but closing unsettled. Liverpool steamer rates at the close for Grain 6@6½d. per standard bushel. Provisions, 45s.@55s.; Tallow, 40s @45s.; Leather, 75s.@80s. per ton; Cotton, ⅛@⅜d. per lb., Liverpool, by sail, Cotton, ⅛d. Grain, nominal. Oil Cake, nominal. Measurement Goods at 25s.@35s. Grain rates on charter hence for Cork and orders left off at 5s. 9d.@6s. for the Continent, nominal; and from Baltimore for Cork and orders, 6s.@6s. 3d. per quarter. Refined Petroleum hence for Cork and orders, 4s.@4s. 6d.; for the Continent, 3s. 9d@4s. 3d. per bbl.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# FISK & HATCH,

**Bankers,**

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

### Chicago, Rock Island and Pacific Railroad.

A mortgage was filed for record at Davenport, Iowa, on the 8th inst, by the Chicago, Rock Island and Pacific Railroad Company for $12,500,000. It is issued by that company in favor of the United States Trust Company of New York in trust for future holders of the new bonds, to be issued under conditions, and covers the main line and branches of the road, depots, machine shops and the entire property of the corporation. It is to all intents and purposes a first mortgage, though temporarily subject to a mortgage for $9,000,000 to secure the sinking fund bonds of 1866, which are to be redeemed with money to be obtained from the sale of the new issue, and also $1,000,000 of income bonds issued in 1875. This covers $10,000,000; the remaining $2,500,000 will be used for permanent improvement of the property. The new bonds will be for $1,000 each, and are payable July 1, 1917. They bear six per cent interest, payable semi-annually, in January and July, in New York.

### Redemption of Five-twenty Bonds.

The Secretary of the Treasury on the 5th inst. issued the forty-sixth call for the redemption of five-twenty bonds of 1865—May and November. The call is for $10,114,550, of which $8,581,000 are coupons and $1,533,550 registered bonds. The principal and interest will be paid at the Treasury on and after the 5th day of August next, and interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds—$500, No. 49,801 to No. 52,267, both inclusive; $1,000, No. 141,001 to No. 150,066, both inclusive.

Registered bonds—$50, No. 497 to 510, both inclusive; $100, No. 6,395 to 6,397, both inclusive; $500, No. 3,977 to 3,991, both inclusive; $1,000, No. 15,178 to 15,247; both inclusive; $5,000, No. 7,765 to 8,108, both inclusive.

This call exhausts the issues of the above date. Since the formation of the Syndicate, with whom a contract was made for $300,000,000 of the new 4½ per cent. loan, $150,000,000 5-20s have been called in. The remaining half of the new loan will replace that amount of the 5-20s of 1865, January and July, of which there is $202,663 100 outstanding.

### Delaware and Hudson Canal.

At the annual meeting of the stockholders of the Delaware and Hudson Canal Company, held in this city on the 8th inst., the following gent'emen were elected directors for the ensuing year: Abiel A. Low, Robert Lenox Kennedy, James M. Halstead, Legrand B. Cannon, James R. Taylor, Thomas Dickson, John Jacob Astor, Thomas Cornell, J. Pierpont Morgan, George Cabot Ward, Robert S. Hone, James Roosevelt, Levi P. Morton.

☞ The earnings of the Central Pacific Railroad Company for the month of April, 1877, were $1 416,000, against $1,427,034 in April, 1876, and $1,366,984 in April, 1875. For the four months ending April 30, 1877, the earnings were $4,734,000, against $4,623 259 for the first four months in 1876, and $4,378,444 for the first four months in 1875.

☞ The Portsmouth (Ohio) Tribune says that work is progressing all right on the Scioto Valley Railroad. The line is all let up to the Ross county border. Jerry Cohen, of Columbus, has been awarded the last contract on the upper end of the line.

☞ The Sacramento Record-Union says that proposals are solicited for the redemption of $200,000 Southern Pacific Railroad Company's bonds, and tenders for the same will be received until the 28th of May.

☞ A special meeting of the stockholders of the Northern Central Railway Company is to be held in Baltimore on the 25th of May, to authorize the issue of $1,000,000 consolidated bonds, to be used for the general purposes of the company.

☞ Amasa Stone has been elected President and C. P. Leland Secretary and Treasurer of the Detroit, Monroe and Toledo Railroad Company.

☞ James P. Curry, of Chicago, has been appointed Auditor of the Scioto Valley Railroad Co.

### Atlantic and Pacific Telegraph.

At the annual meeting of the Atlantic and Pacific Telegraph Company, held on the 25th ult., the following Board of Trustees was elected: Frederick L. Ames, Elisha Atkins, Benjamin E. Bates, A. B. Chandler, F. Gordon Dexter, Sydney Dillon, G. M. Dodge, Thomas T. Eckert, Jay Gould, C. K. Garrison, C. P. Huntington, H. J. Jewett, James R. Keene, Christopher Meyer, J. H. Mortimer, G. G. Sampson, Russell Sage, W. J. Syms, and Henry M. Taber. President Eckert's report for 1876 showed that the gross earnings of the consolidated companies were $870,570 28; gross expenses, $831,341 83; leaving a profit of $89,228 45. The increase in receipts over 1875 was 23.8 per cent, being $167,496 89; the number of messages sent was 2,019,533, being an increase over 1875 of 15.7 per cent, or in number 412,139. The statement of the total receipts and disbursements, also the net liabilities at the close of the year, is given as follows:

| | | |
|---|---|---|
| Net assets, as per statement Dec. 31, 1875 | | $106,009 70 |
| Subscriptions to stock allotments | | 233,865 00 |
| Business receipts, (omitting Franklin for first four months) | | 761,479 17 |
| Interest and dividends on stock of other companies, owned | | 2,463 03 |
| Total | | $1,103,816 90 |
| Operating expenses, (omitting Franklin for first four months) | $726,718 69 | |
| Automatic system and various patents | 180,919 21 | |
| New equipment, property and supplies | 26,477 06 | |
| Construction of new lines | 119,964 68 | |
| Domestic Telegraph Co. stock | 1,250 00 | |
| Atlantic and Pacific Telegraph Co. stock | 108 14 | |
| Profit and loss: Settlement with Union Pacific Railroad Company | $4,285 12 | |
| Franklin Co.'s debt | 58,239 24 | |
| | 62,524 36 | |
| | | 1,117,957 79 |
| Net liabilities, Dec. 31, 1876 | | $14,140 89 |

Following is the balance sheet for December 31, 1876:

ASSETS.

| | | |
|---|---|---|
| Construction | | $10,549,137 96 |
| Equipment | $56,647 19 | |
| Office furniture and fixtures | 35,123 89 | |
| Stationery | 8,760 75 | |
| Battery | 12,436 01 | |
| Line material | 11,852 43 | |
| | | 124,820 27 |
| 6,290 shares Franklin Telegraph Co.'s stock | | 629,000 00 |
| 35,850 shares Atlantic and Pacific Telegraph Co.'s stock remaining in treasury | | 3,585,000 00 |
| Stock of other telegraph companies | | 27,503 14 |
| Patents | | 213,919 91 |
| United States five per cent bonds | | 47,500 00 |
| Cash on hand and due | | 149,157 76 |
| Total | | $15,826,039 04 |

LIABILITIES.

| | |
|---|---|
| Capital stock | $15,000,000 00 |
| Net earnings | 115,240 39 |
| Due sundry persons, offices, and companies | 210,798 65 |
| Total | $15,826,039 04 |

New lines were constructed during the year from Albany, N. Y., to Springfield, Mass.; Boston, Mass., to Wells River, Vt.; Boston, Mass., to Portland, Me.; Chicago, Ill., to Peoria, Ill.; Chicago, Ill., to Davenport, Ia.; Cincinnati, Ohio, to St. Louis, Mo.; Cincinnati, Ohio, to Louisville, Ky.; Omaha, Neb., to Kansas City, Mo.; also a number of shorter lines, making in all additions to the lines of the company during the year of 1,089 miles of poles and 2,678 miles of wire. At the close of the year the company and its connections comprised 17,759 miles of poles, 86,044 miles of wire, and 1,757 offices. The report continues:

It should be considered that we only began to receive the benefit of most of the new lines constructed during the year at its close; that every possible obstacle to our extension of lines and secure establishment of business has been interposed against us, even to the willful destruction of our lines and property, by rival interests in several different localities; that in almost every office we have desired to establish and every contract or business arrangement we have sought to make it has been necessary to bid against an influence which has been ready to submit to almost any terms rather than permit us to succeed, greatly increasing our expenses. It should also be considered that our earnings throughout the year have been derived under a succession of reductions in rates, averaging nearly one for every month in the year, all the benefits of which we could not hope to secure within so short a time. These reductions have been carefully calculated, and have, without exception, proved a benefit, in additional business and receipts.

The returns for January, February and March, 1877, as compared with the same months for 1876, show a gain of 231,232 messages, (exclusive of press and market reports), and $59,709 92 in money, being a gain of 79 per cent in messages and 32.8 per cent in receipts. A corresponding increase throughout the year, not estimating the business to be derived from new lines in progress and from additional connections under negotiation, will afford a gross business in 1877 of over 3,000,000 of messages, exclusive of press and market reports.

In answer to inquiries which have lately come to me from several of our stockholders, it is proper to state that, in the construction of the new lines we are now building, and in those built last year, we have used selected chestnut and cedar poles, the best of glass insulation, and wire of superior quality. The wire has been manufactured by the Messrs. Roebling of Trenton, N. J., who, for several weeks past, have been making and shipping for us 100 miles per day.

### Car Building in Wilmington, Del.

The Harlan & Hollingsworth Company, of Wilmington, Del., is busy in its car department with South American orders. These include seven narrow gauge passenger cars for the Campos and Carangola Railway of Brazil. Three of them are a combination of first and second class accommodations, the two compartments being separated by a central partition. One of these is finished in walnut and ash, with cane seats and backs and Buntin seat ends. The other, which is second class, is less elaborately finished in hard woods, and has cane seats with wooden ends. The remaining four are third class, and in their fitting up are but little superior to freight cars, the seats running lengthwise the car, one in the center, without a back, and one along each of the sides. There are no windows, but an open space 18 or 20 inches wide upon each side. The ends with the exception of a door in each, are boarded all the way up. Iron frame trucks are used, the same as were exhibited last summer at the Centennial, in which the center of gravity is brought sufficiently low with equalizers on top of oil boxes instead of underneath.

In addition to the above, there are ten passenger cars of wider gauge in process of construction for the Dom Pedro II. Railway. They are to be finished up outside with mahogany, and varnished instead of being painted, which is something new. The inside finish is in walnut and ash, the windows are large and have drop sashes and blinds of cherry and mahogany. The wash room and closet are in the center of the car, and the construction is in every respect first class.—*Car Builder*, May.

☞ The Secretary of the Interior has appointed the following gentlemen as Government Directors of the Union Pacific Railroad Company for one year from the 11th day of March last: John C. S. Harrison, of Indiana; Francis B. Brewer, of New York; James F. Wilson, of Iowa; Joseph H. Millard, of Nebraska, and Daniel Chadwick, of Connecticut. These are all reappointments except in the case of Mr. Chadwick, who succeeds J. A. Tibbetts of Connecticut, resigned.

☞ The Receivers of the Missouri Pacific Railroad have made their final report to the United States Circuit Court, and been discharged. Their report shows the gross earnings of the road from March 8, 1876, the time of their appointment, to April 20, 1877, to have been $2,404,444 82, the expenses $1,573,474 56, and the net earnings $830,970 26.

☞ The Cumberland (Md.) News says that President Gorman of the Chesapeake and Ohio canal, President Biays of the Annapolis and Elkridge railroad, and Canal Directors Bannon and Hamill have taken the initiatory steps to the organization of a company to build and operate the proposed railroad, via the river route, to the mouth of Savage.

☞ The total number of passengers carried over the Union (Baltimore) Railroad for the four months ending with April was 58,785, a gain of 2,578 over the corresponding period of 1876. The number of freight cars for the same period was 10,559, of which 5,798 were loaded with grain. During the four months the increase in number of freight cars was 4,369 over last year.

☞ Among the passengers by the Adriatic on Saturday last was Mr. F. B. Gowen, President of the Philadelphia and Reading Railroad Company, who has gone to England to present to the stock and bondholders of the company in that country his plans for funding the interest indebtedness of the two companies over which he presides.

☞ The Santa Rosa (Cal.) City Railroad was inaugurated on the 21st of April, with appropriate ceremonies. The road is about two miles in length. Mark L. McDonald is President of the company, and J. R. Myers manager.

☞ Santa Clara county (Cal.) is refunding the bonds of the county known as the "San Francisco and San Jose Railroad Bonds." The amount of these bonds is $96,000, and are to be sold to the highest bidder.

☞ The Columbus and Toledo Railroad Company is building a short branch three miles south of Delaware for the use of the Stratford Paper Mill, on the Olentangy.

☞ The American Railway Master Mechanics' Association will hold its tenth annual convention in St. Louis on 15th of May.

### Michigan Central Railroad.

We give in another column a circular addressed to the Stockholders of the Michigan Central Rail road Company asking for proxies to be executed and sent to the persons named therein to be voted, at the election to be held in June next, for the following Board of Directors: Sidney Dillon, Albert Keep, W. L. Scott, Ex-Gov. John J. Bagley, F. Gordon Dexter, Frederick Billings, Elmore A. Kent, Robert Harris, and H. E. Sargeant—men of undoubted railroad experience, and who represent other large interests which are in harmony with and may be identified with the prosperity of this company; men who are not only competent, but will give their personal attention to the affairs of the road; men representing an aggregate of over 6,000 miles of road west of Chicago, which will give this trunk line between Buffalo and Chicago a large business, which in the past has been diverted to other roads. To secure this change in the Board of Directors, the circular argues, will secure such advantages as will enable the company to resume the payment of regular dividends in the future, and thus greatly appreciate the value of the stock.

### Steel Rail Crossings.

The Pennsylvania Steel Company has recently put down one of their standard steel rail crossings at Prison Point for the Eastern Railroad, where the tracks of that corporation intersect those of the Fitchburg Company, and where, as everyone knows, the travel is very great. This crossing is designed to meet the needs of the heaviest traffic, high speed and constant use. It has solid corners forged out of solid rails, working as few joints as possible. These are mounted on strong wrought-iron bed-plates, planed out to receive the rails, which are securely riveted to the bed plate, by counter sunk rivets, through the flanges. At all the angles, wrought-iron throat filling, planed to fit closely to the rails on the flange and under side of the head, fills the space between the rails and is riveted with heavy rivets to the bed-plate. Strong bolts, closely fitting holes drilled through the web of the rails and the throat filling, also serve to bind the whole superstructure solidly together. Every attention has been paid to the most minute details, the rails are of the best quality standard steel, and no pains or expense have been spared to make the crossing perfect and durable.

It is economy for a railroad to have these steel rail crossings to say nothing of the comfort and safety of the passengers who can hardly detect the difference when the cars are passing over the crossing and the regular road bed. The offices of the Pennsylvania Steel Company are at 216 South Fourth street, Philadelphia, and Mr. Samuel M. Felton, formerly President of the Fitchburg Railroad, is its President; and Major Luther S. Bent, well known in this section of the country, its Superintendent. Illustrated catalogues of the frogs, crossings, switches, &c., made by the company can be had by application at the above named offices. The institution is largely New England, the greater part of its stock being owned by natives of those States.—*Boston Journal.*

☞ A company has been incorporated for the purpose of building a railroad to extend from the west end of the Poughkeepsie Bridge to the Wallkill Valley Railroad. The incorporators are: A. B. Stone and P. P. Dickinson, New York; H. A. Rust and L. B. Boomer, Chicago; Aaron Innis, H. G. Eastman, O. H. Booth, Hudson Taylor, George Innis and George P. Pelton, Poughkeepsie. The officers are: A. B. Stone, President; H. G. Eastman, Vice President; L. B. Boomer, Secretary and Treasurer, and P. P. Dickinson, Engineer. The surveys are nearly completed, and the Engineer has been authorized to locate the road and instructed to submit estimates for construction at an early day.

### Straight-Shoot Railroad.

A correspondent of the Baltimore Sun, writing from Lynchburg, Va., under date May 10, 1877, says:

The good people of this Commonwealth have been long slumbering on the idea that their pet canal would redeem the State and make her famous with the busy hum of mighty trade, but are now rubbing their eyes with a wholesome awakening by seeing younger and less favored States glide ahead with their steam horses and iron rails. Col. Carrington, the late president of the canal, did his very best, and was a first rate, honest Moses to try and lead it out of its wilderness of debt; but it was simply an impossibility, and it is a waste of time and talent for a new Joshua to try his hand at what his predecessor demonstrated could not be done; he may get his sun and moon-team to stand still, for it very nearly does that now. The fact is the day of canals has passed and gone, and the sooner people realize the fact the sooner they will stop wasting money in that direction. The projected railroad from Clifton Forge to Buchannan, to splice out the canal to a favorable western terminus, will not bless the canal one whit, but rather it will curse the railroad for such an attachment, and serve it right for marrying into such a family, and if the newly elected president shall induce a confiding people to contribute still more of their substance toward this delusive cause, they will have the pleasure to see their funds go beautifully up where "the woodbine twineth," for the Straight Shoot railroad is predestined by the spirit and necessity of the times to be built in an arrow line from Buchannan to Richmond, and of course it will carry the mails, the express business, nine tenths of the freight and all the passengers.

### Pennsylvania State Debt.

The Attorney General of the State of Pennsylvania has rendered a very important decision in relation to the $3,000,000 gold bonds of the State. These bonds are due in August, and are to be redeemed. The interest on them was paid in gold, and the question for his decision was: are the face of the bonds to be redeemed in gold or currency? He decides that they are to be redeemed in currency, and bases his decision upon the renowned decision of the United States Supreme Court, (12th Wallace,) in which they decided that if there were

no specific contracts, and the bonds did not say "to be redeemed in gold or specie, why, then the current money of the day was the legal redeeming currency." He says that it makes a difference of $210,000 in favor of the State, averaging the price of gold at the present time, and that the holders of the bonds will have to submit to redemption in currency because it is law.

### Chicago, Milwaukee and St. Paul Railway.

We have been favored with a copy of the Report of the Chicago, Milwaukee and St. Paul Railway Company for the year ending December 31, 1876, from which we learn that the company is now, as it was a year ago, the owner of 1,400 miles of completed road forming one system, and situated in the following States, viz: in Wisconsin, 665 miles; in Minnesota, 351 miles; in Iowa, 337 miles; and in Illinois, 47 miles.

The entire cost of the whole property, including all equipment, bridges, elevators, warehouses, cattle yards, and grounds, is as follows:

| | | |
|---|---|---|
| Mortgage bonds | | $30,010,500 |
| Preferred stock | | 12,274 483 |
| Common stock | | 15,399,261 |
| | | $57,684,244 |
| Less cost of Western Union stock | $1,500,750 | |
| Less cost of Oshkosh and Mississippi River Railway bonds | 203,000 | |
| | | 1,703,750 |
| Cost of 1,400 miles ($39,986 per mile) | | $55,980,494 |

The equipment of the road at the close of 1875 and 1876, compares as follows:

| | 1875. | 1876. |
|---|---|---|
| Locomotives | 208 | 208 |
| Passenger cars, 1st class | 66 | 70 |
| " " 2d class | 31 | 31 |
| Sleeping cars | 10 | 14 |
| Baggage, postal, mail and express | 57 | 60 |
| Box, freight and caboose | 3,098 | 3,098 |
| Stock | 196 | 296 |
| Flat and coal | 797 | 847 |
| Boarding | 2 | 2 |

In the following table are shown the mileage of trains, the passenger traffic and the freight traffic on all the roads collectively for the years 1875 and 1876:

| Mileage: | 1875. | 1876. |
|---|---|---|
| Passenger trains | 1,212,738 | 1,318,436 |
| Freight trains | 3,124,603 | 3,084,345 |
| Wood and gravel trains | 355,450 | 414,300 |
| Total mileage | 4,692,791 | 4,817,081 |
| Passengers carried | 1,048,150 | 1,154,181 |
| Do. carried one mile | 54,880,848 | 59,845,665 |
| Freight (tons) carried | 1,832,527 | 1,705,801 |
| Do. carried one mile | 272,539,502 | 264,808,027 |
| Receipts per passenger per mile | 3.09 cents. | 3.20 cents. |
| Receipts per ton per mile | 2.10 cents. | 2 04 cents. |

Earnings per mile run on freight, $1 75. Earnings per mile run on passengers, $1 44. Expenses per mile run, including all expenditures, $1 12; do. in 1875, $1 19—decrease, 7 cents.

The average price per ton per mile, received for freight, for a series of years past has been as follows:

| | | | |
|---|---|---|---|
| 1865 | 4.11 | 1871 | 2.54 |
| 1866 | 3.76 | 1872 | 2.43 |
| 1867 | 3.94 | 1873 | 2 50 |
| 1868 | 3.49 | 1874 | 2.38 |
| 1869 | 3.10 | 1875 | 2.10 |
| 1870 | 2.82 | 1876 | 2.04 |

The following is a comparative statement of the earnings and expenses during the years ended December 31, 1875 and 1876:

| Earnings from: | 1875. | 1876. |
|---|---|---|
| Freight | $5,690,568 26 | $5,384,220 46 |
| Passengers | 1,681,614 32 | 1,899,058 54 |
| Mail service | 150,254 44 | 155,021 01 |
| Express service | 172,031 71 | 171,162 15 |
| News service | 6,827 04 | 6,927 04 |
| Rents | 2,492 00 | 9,354 00 |
| Telegraph | 6,946 95 | 410 23 |
| Extra baggage | 8,662 70 | 7,204 97 |
| Sleeping cars | 38,700 00 | 43,090 00 |
| Elevator, "A" | 214,900 76 | 131,740 64 |
| Elevators, "B & C" | 195,424 88 | 164,781 07 |
| Elevator, "D" | 64,615 95 | 47,434 46 |
| Stock yards | 22,704 63 | 33,766 82 |
| Total | $8,255,743 64 | $8,054,171 39 |
| Expenses (ordinary)— | | |
| Repairs of track | $754,669 03 | $723,095 00 |
| " bridges | 68,794 22 | 61,642 63 |
| " fences | 19,710 95 | 15,465 05 |
| " buildings | 49,774 29 | 55,017 95 |
| " engines | 310,192 70 | 341,592 30 |
| " cars | 415,892 81 | 398,807 90 |
| " tools, etc. | 25,451 43 | 22,017 67 |
| Management and general offices | 152,860 46 | 153,875 88 |
| Foreign agency and advertising | 89,805 63 | 55,060 81 |
| Station service | 598,730 20 | 628,052 98 |
| Conductors, baggage & brakemen | 299,106 27 | 276,226 42 |
| Engineers, firemen and wipers | 381,288 82 | 370,434 96 |
| Train and station supplies | 106,746 12 | 128,823 28 |
| Fuel consumed | 733,582 06 | 667,290 47 |
| Oil and waste | 69,173 43 | 65,921 20 |
| Personal injuries | 15,946 80 | 20,995 85 |
| Damage to property | 18,174 65 | 10,027 04 |
| Loss and damage of freight and baggage | 9,473 41 | 8,906 90 |
| Legal expenses | 50,949 31 | 34,886 45 |
| New York office exp. | 16,417 31 | 14,793 98 |
| Taxes | 287,969 95 | 299,916 89 |
| Insurance | 32,396 52 | 30,822 93 |
| Miscellaneous | 15,112 18 | 23,751 79 |
| Stock yard expenses | 8,185 99 | 8,588 68 |
| Rent of cars | 76,001 63 | 54,074 98 |
| Exp. Elevator "A" | 31,174 72 | 32,976 37 |
| Exp. Elevators "B & C" | 31,375 58 | 30,359 53 |
| Exp. Elevator "D" | 13,668 74 | 12,217 44 |
| Exp. Elevator "E" | ..... | 401 75 |
| Expenses (extraordinary)— | | |
| Renewal of track | 438,715 03 | 376,171 26 |
| New bridges | 18,929 50 | 15,856 70 |
| New buildings | 33,682 36 | 11,686 36 |
| New tools and machinery | 902 66 | 8,615 13 |
| Total | $5,170,353 71 | $4,953,324 03 |
| Net earnings | $3,085,389 93 | $3,100,847 36 |

Compared with the year 1875, the gross earnings show a decrease of $201,572 25, with a decrease in expenses of $217,029 68—making an increase in the net earnings of $15,457 43. The percentage of expenses to earnings, including all expenditures, was 61.5 per cent. In 1875 it was 62.6 per cent. The expenses are divided as follows: ordinary, $4,545,994 58; extraordinary, $407,329 45. In 1875 the ordinary expenses were $4,678,124 16, and the extraordinary expenses $492,229 55.

The earnings, expenses and net revenue per mile of road in the two years compare as follows:

| | 1875. | 1876. |
|---|---|---|
| Gross earnings | $5,896 96 | $5,752 98 |
| Operating expenses | 3,693 11 | 3,538 09 |
| Net earnings | $2,203 85 | $2,214 89 |

The expenditures for construction and permanent improvements made during the year 1876, were as follows:

| | |
|---|---|
| Equipment account | $199,207 84 |
| Mississippi River bridge at La Crosse | 367,391 00 |
| Cost of relaying with steel rails over cost of iron rails | 184,820 17 |
| Depot grounds, wharves, etc., Milwaukee | 32,677 44 |
| Depot grounds, Portage | 1,176 47 |
| Depot grounds, La Crosse | 176 47 |
| Real estate, Chicago and Milwaukee Division | 14,997 51 |
| Construction of fences, etc., Illinois and Iowa Division | 2,355 73 |
| Construction of fences, Iowa and Minnesota Divisions | 4,704 54 |
| Construction of Elevator "E," Milwaukee | 254,276 62 |
| New freight house, Milwaukee | 649 54 |
| New double track, Milwaukee | 9,184 58 |
| Milwaukee Avenue viaduct, Chicago | 7 579 84 |
| Right of way | 2,444 16 |
| Permanent improvements (new depots, coal sheds and side tracks, masonry and earth work to take the place of trestle work) | 141,765 28 |
| Total | $1,223,407 19 |

During the year 1876, 4 passenger cars, 4 sleeping, 3 baggage, 100 stock, and 50 flat cars and 2 steam shovels have been added to the equipment of the road.

At the close of the year 1875 the company had 246 miles of steel rails laid upon its road, besides about 5 miles laid on the joint track of this company and the St. Paul and Sioux City Railroad Company between St. Paul and Mendota. In the year 1876, 89 miles more of steel rails were laid, making a total of 335 miles now in use. Of the steel rails thus put down, 280 miles are on the main line from Chicago via Milwaukee to St. Paul.

During the past year there has been constructed an iron bridge at La Crosse, over the Mississippi River, at a cost during the year of $367,391, which will compare favorably with the best structures of the kind in this country. It rests on piers of solid masonry, is of the most approved pattern, of the best workmanship, and in its operation and working gives entire satisfaction. By means of this bridge we are enabled to bring the whole of the River Division into full use in conducting the business of the company. Before its construction thirty miles of this Division, from Winona to La Crescent, opposite La Crosse, were used for freight purposes, and we were compelled to use the bridge and road of another railway company for our passenger traffic from Winona to a point near La Crosse, at an annual cost to this company for such use, including the transfer charges for freight at La Crosse, of more than $90,000. By means of the bridge this amount is saved, besides leaving us entirely independent of any other company in the operation of the line. The construction of this bridge has also enabled us to make close connections and running arrangements with other railroads, operating more than 200 miles of road west of the Mississippi River.

During the past year there has been erected in Milwaukee an elevator capable of storing over a million bushels of wheat, with all necessary machinery and appurtenances for the successful transaction of business. The cost of this structure, including the docking and filling of adjacent grounds, is $280,232 43. For the purpose of making these extraordinary improvements and valuable additions to the property of the company, one million dollars of the consolidated sinking fund bonds have been issued and sold in accordance with the provisions of the deed of trust to the Farmers Loan and Trust Company.

The entire road bed, track, rolling stock, buildings and other equipment are now in better condition and capable of doing a larger business and with greater economy than ever before. But we regret to be compelled to state, that the wheat crop for year 1876, in Wisconsin, Minnesota and

Northern Iowa, along the lines of this company, was substantially a failure, more completely so than in any year since railways were first constructed in the Northwest. The country tributary to the roads of this company comprises much of the choicest wheat lands of the country, and this grain and the flour and other products manufactured from it usually constitute the largest single article of freight traffic. This comparative failure of the crop, severely affected our earnings during the last half of the year, and will continue to have that effect until the next harvest. Wheat being the principal crop of our farmers, its failure has seriously affected all other branches of business, and particularly the lumber traffic, which was greatly decreased on account thereof.

The extent to which this failure of the wheat crop has operated to reduce our earnings is best shown by a comparative statement of the amount of wheat transported over the road during the last half of 1876, as compared with the same period in 1875, as follows:

| | 1875. Bus. | 1876. Bus. |
|---|---|---|
| July | 2,548 257 | 1,305,721 |
| August | 901,983 | 581,512 |
| September | 1,713,783 | 718,511 |
| October | 2,862,910 | 1,669,597 |
| November | 3,578,128 | 1,528,214 |
| December | 1,949,989 | 1,020,553 |
| | 12,555,050 | 6,824,108 |

It will be idle to attempt to account for this failure of the last wheat crop, for no satisfactory reasons have yet been assigned for it. Suffice it to say it was not the result of ravages by grasshoppers or other insects, and, that as regards the former, they have never appeared on or near any of the lines of this company. Such a failure is rare and exceptional, and has never before occurred during the existence of this company.

This company is without any floating debt, and has no leases or guaranties to embarrass it or absorb its earnings. It owns 5 elevators in Milwaukee, capable of storing three million bushels wheat; wharfs and grounds in that city valued, irrespective of buildings thereon, at $2,000,000; three bridges across the Mississippi River; and all the sleeping cars in use on its lines. The value of such a property so situated, cannot be permanently affected by the exceptional failure of a single crop.

We are glad to be able again to report that no fatal accident or even serious injury to a single passenger has happened during the year, a fact which reflects great credit upon the managers and employes of the company.

GENERAL ACCOUNT, December 31, 1876.

| | | |
|---|---|---|
| Cost of road | | $56,277,226 65 |
| Western Union Railroad stock | $1,500,750 00 | |
| St. Paul, Stillwater & Taylor's Falls Railroad stock | 15,000 00 | |
| | | 1,515,750 00 |
| Madison and Portage Railroad bonds | $130,771 13 | |
| Oshkosh and Mississippi River Railway bonds | 203,000 00 | |
| Worthington & Sioux Falls R. R. bonds | 9,000 00 | |

*President.*—ALEX. MITCHELL, Milwaukee.

*Vice President.*—JULIUS WADSWORTH, New York.

*Directors.*—Alex. Mitchell, Julius Wadsworth, Selah Chamberlain, Walter S. Gurnee, Jeremiah Milbank, Abraham R. Van Nest, David Dows, John M. Burke, Peter Geddes, John Plankinton, Joseph G. Thorp, J. Bowman, Geo. W. Weld.

*General Manager.*—S. S. MERRILL, Milwaukee.

*Secretary and Treasurer.*—R. D. JENNINGS, Milwaukee.

*Assistant Secretary and Transfer Agent.*—JAMES M. MCKINLAY, New York.

*General Solicitor.*—JOHN W. CARY, Milwaukee.

*Auditor.*—J. P. WHALING, Milwaukee.

*Purchasing Agent.*—JOHN T. CROCKER, Milwaukee.

☞ At Cleveland, Ohio, on the 8th inst., Judge Walker, of the United States District Court, appointed John S. Farlow, of Boston, as receiver of the Cincinnati, Sandusky and Cleveland Railroad Company, but refused to grant the writ of assistance which was prayed for to enable him to take possession of the road. Mr. Farlow gave bonds in the sum of $100,000 and the appointment was confirmed. This gives the road two receivers, one, Mr. Lea, appointed by the Common Pleas Court and afterward ordered to vacate. He has possession of the road now under Rush R. Sloan, of Sandusky, and refuses to be ousted. Mr. Farlow represents the Boston party.

**Cumberland and North Branch Railroad.**

The certificate of incorporation of the Cumberland and North Branch Railroad Company has been filed in the executive office, at Annapolis, Md. The termini are a point in Allegany county, on the State line between Maryland and West Virginia, on the north branch of the Potomac river, at or near the bridge known as the 21st bridge, on the line of the Baltimore and Potomac railroad, and along the bed of the North river, through Westernport, in Allegany county, and Garrett county, to a point on the boundary line of the States of Maryland and West Virginia, known as Fairfax's Store. Capital stock $500,000. The incorporators are Patrick Hamill, Michael Bannon, Wm. Walsh, Wm. H. Biana, Jacob S. Jameson, Arthur P. Gorman and Geo. Llowndes.

☞ The Sacramento Record-Union says it has information from one of the parties interested in the movement, that gentlemen resident in the northern part of the State of California are considering and agitating an important railroad project, viz: the construction of a line of railroad from the town of Red Bluff, on the California and Oregon Railroad, in a northwesterly direction through Tehama county, crossing the lower arm of Trinity county, by an accessible and favorable pass, and thence as directly as may be, to tide water on Humboldt Bay, and if possible to the city of Eureka. The distance by air line is 164 miles, and by rail would be not less than 210 or 220 miles. The line is declared to be entirely feasible, while it would place the entire Eureka section within eight hours of Sacramento.

☞ Articles of incorporation have been filed with the Secretary of State of Indiana of the Cincinnati, Indiana and Illinois Midland Railroad Co. Capital stock, $1,400,000. This is an extension of the Illinois Midland Railroad along the old proposed line of the Cincinnati and Terre Haute Railroad, twenty-eight miles of which is now operated southeast of Terre Haute. The road is to pass through Vigo, Clay, Putnam, Owen, Morgan, Johnson, Bartholomew, Shelby, Decatur and Franklin counties. The directors are: A. B. Stone, G. T. M. Davis, R. G. Hervey, J. G. Woolley, W. B. Sherriff, A. J. Hunton, and J. A. Ross. The principal office is at Terre Haute. R. G. Hervey is President, and J. G. Woolley Secretary and Treasurer.

☞ The South Mountain Railroad, running from its connection with the Cumberland Valley Railroad, in Cumberland County, Penn., to the mines at Pine Grove, with all the depots and other improvements, equipments of the road, and the rights, privileges, franchises, immunities, &c., of the South Mountain Iron Company, was sold at auction on the 15th inst. It was purchased by the President of the Company, Mr. T. C. Kennedy, for $10,000, he buying it in the interests of the stockholders.

☞ The Pittsburgh, New Castle and Lake Erie Company contemplate the construction of a branch from Harmony to Butler.

### Great Western Railway of Canada.

The Directors present the accounts for the half-year ended 31st January, 1877, duly audited, and prepared in the form adopted by the Imperial "Regulation of Railway Act, 1868."

The half-year's operations compare as follows with those of the corresponding half-year ended 31st January, 1876:

| | Jan. 31, 1876. | Jan. 31, 1877. |
|---|---|---|
| Gross receipts | £436,087 | £401,628 |
| Cash working expenses, exclusive of credits to reserve funds (being at the rate of 78.11 per cent, as compared with 70.99 per cent for the corresponding period) | 309,567 | 313,715 |
| | £126,520 | £87,913 |
| Cash loss on working leased lines, interest on bonds, debenture stock, etc | 101,952 | 95,688 |
| Surplus | £24,568 | ..... |
| Deficit | ..... | £7,775 |

The comparison is therefore unfavorable to the extent of £32,343. The amounts charged to rev enue account, and credited to the various reserve funds, are as follows:

| | |
|---|---|
| Rail and bridge fund | £10,607 |
| Locomotive fund | 6,718 |
| Car fund | 3,974 |
| Ferry steamers | 3,137 |
| Insurance fund | 552 |
| Depreciation fund | 860 |
| | £25,848 |

The net revenue deficit is therefore £33,623, as compared with £17,582 in the half-year to 31st January, 1876. The causes of this diminution in net earnings are twofold.

First.—The weather during the winter months of the half-year was, in Ontario (but still more in the northern part of the State of New York, with the railways in which State the Great Western exchanges the greater part of its traffic) of unusual severity. For weeks the interchange of freight traffic was greatly interrupted, and for some days ceased altogether, and as many as 3,000 cars were at one time detained between Detroit and Suspension Bridge. This excessive severity (beyond the average) occasioned a loss to the company of at least £28,000.

Second.—The great Western suffered severely during the half-year by the reduction of rates and fares resulting from the contest between the American and Canadian trunk lines, over which this company has no control. If the rates and fares in force only a year before had prevailed during the half-year under notice the additional receipt would have been about £104,000. Even those rates and fares would be far below the reasonable remuneration for the services rendered, averaging as they would 21 per cent below those of the second half-year of 1874 and 29 per cent below those of the second half-year of 1873. The addition of the two sums above named to the income of the half-year would have brought the amount of the net receipts up to £199,000, and would have converted a deficit (after payment of bonded interest, etc.) of £33,623 into a surplus of above £97,000. Had, therefore, the winter been of average severity, and had only the very inadequate rates of 1875 ruled, a dividend at the rate of 3 per cent per annum on the ordinary share capital of the company might have been declared. For, notwithstanding the failure of the harvest and the prostration of business in Canada, the Great Western has during the half-year carried more freight (reduced to ton miles) by 18 per cent, and more passengers (reduced to passenger miles) by 26 per cent than in the corresponding half-year of 1875; and this at an increased cost of only 4¼ per cent. Still more business might have been done by the company had it not been decided to continue the policy of refusing certain unremunerative traffic, leaving it to swell the receipts and expenses of other systems. The directors are glad to announce that some improvement in through rates and fares has taken place since the commencement of the current half-year.

The following table shows the increase and decrease of the earnings of the half-year, distributed among the several branches of business:

| | | |
|---|---|---|
| Decrease in— | | |
| Through freight earnings | | £26,626 |
| Through live stock | | 3,189 |
| Local freight | | 8,864 |
| Local live stock | | 1,064 |
| | | £39,743 |
| Increase in— | | |
| Local passenger earnings | £4,826 | |
| Through passenger earnings | 399 | |
| Mails, express, freight and rent | 59 | |
| | | 5,284 |
| Total decrease | | £34,459 |

The earnings and working expenses, reduced to a similar gold basis, for the first five half-years, compare as follows:

| Half-years ended— | Earnings per train mile. s. | d. | Cash working expenses excluding renewal and other funds. Per train mile. s. | d. | Per ct. of gross receipts. | Working expenses including renewal and other funds. Per train mile. s. | d. | Per ct. of gross rec'ts. |
|---|---|---|---|---|---|---|---|---|
| Jan. 31, 1875. | 6 | 8¼ | 4 | 11¼ | 74.38 | 5 | 4 | 78.82 |
| July 31, 1875. | 4 | 11¼ | 4 | 6 | 90.32 | 4 | 9¼ | 95.77 |
| Jan. 31, 1876. | 5 | 7 | 3 | 11¼ | 70.99 | 4 | 4¼ | 78 77 |
| July 31, 1876. | 4 | 10¼ | 3 | 6¼ | 78.63 | 4 | 0¼ | 83.94 |
| Jan. 31, 1877. | 4 | 9 | 3 | 8¼ | 78.11 | 3 | 11¼ | 83 15 |

The movements of the renewal funds, give the following results:

| | Credit balance July 31, 1876. | Debit or credit during hf.-yr. | Balance Jan. 31, 1877. |
|---|---|---|---|
| Ferry steamers renewal fund | 30,628 | Dr.18,806 | 11,822 |
| Locomotive renewal fd. | 104,411 | 6,718 | 111,129 |
| Car renewal fund | 85,420 | 3,974 | 89,394 |
| Rail and bridge fund | 8,385 | 10,607 | 18,992 |
| Insurance fund | 2,761 | Dr.2,209 | 552 |
| | 181,605 | 284 | 181,889 |

The alteration in the rates of mileage charge for locomotive and car renewals, which were indicated in the last and previous reports, have now been effected, and the credits during the half year to the two renewal funds have been made accordingly. Hitherto the charges to these funds have been calculated on the basis of a fixed mileage rate both for repairs and renewals. After careful consideration, aided by full reports from the executive, the directors have determined that from August 1, 1876, the amount expended for repairs should be charged to revenue, as incurred, restricting the operation of these funds exclusively to the replacement of the rolling stock when worn out. The mileage rate of 1.83cts. per mile run for locomotives, and a provision for the replacement of 5 per cent. of the car stock annually, will, it is confidently expected, prove amply sufficient. It was stated in the last report that the ferry steamer renewal fund would have to be adjusted when full particulars as to the "Union," burnt in June 1876, had been received. Accordingly the sum of £24,745, being the original cost of that vessel, has in the present half-year's accounts been charged against this fund and placed to the credit of capital account. From August 1, 1876, the credits to the fund have been calculated on a new basis, provision being made for the periodical renewal and ultimate replacement of all the ferry steamers, as well as for marine and fire risks. This change will involve a slightly increased half-yearly charge against revenue.

The causes which have led to the diminution in the receipts of the main line have also affected the leased lines; but the most important of the latter, the Wellington, Grey and Bruce railway, has still more severely suffered by the failure of the harvest in that part of Ontario which it serves. The London, Huron and Bruce capital account was not closed by the end of the half-year, but this account has since been adjusted. The whole of the capital belonging to the Great Western Company, the half-year's bond interest is credited to the general account, and debited the leased lines working account.

The Great Western Railway Act, 1876, provided that the revenue overdraft to January 31, 1877, and the over calculation of the revenue assets might be written off to the extent of £300,000. It was stated in the last report that the overdraft to the end of July, 1876, was £209,426, and that the over calculation of the assets would be about £65,000, £25,000 being thus reserved for any overdraft in the current half year. The latter, to the great disappointment of the directors, has reached the sum of £33,623; but the revenue assets had been somewhat undervalued, and the amount which it has been determined to write off on this account is only £54,881. In all, therefore, the powers of the act have been used to the extent of £297,931, or £2,069 within the total amount authorized by Parliament. The dividend on the preference stock, due February 1 last, has also been funded under the provisions of the act of 1876. The addition to the preference capital arising from this and the previous funding is £61,658, making the total preference capital £505,754.

The amount placed to the credit of capital account during the half year is as follows:

| | | |
|---|---|---|
| Preference stock issued for funded dividends thereon to 31st January, 1877 | | £61,658 |
| On account of arrears of calls on shares. | | 450 |
| | | £62,108 |
| Deduct balance of bonds due 15th July, 1876, paid off | £7,600 | |
| Difference in exchange | 2 | |
| | | 7,602 |
| | | £54,506 |

The net charges to capital for the half-year amount to £354,551. The large balances at the credit of the several reserve funds have enabled the directors to postpone the issue of further capital, although the account is in debit by £27,858. In addition to these items there enumerated it is proposed to erect an elevator at Toronto, the absence of which has seriously prejudiced the company for some years. This expenditure, detailed estimates of which have not yet been settled, will be spread over a considerable period.

### DETROIT AND MILWAUKEE RAILROAD.

The directors are glad to be able to report that the agreement with the Detroit and Milwaukee Railroad Bondholders' Committee, on the basis settled with Sir Charles Young and the other parties principally concerned, has been signed, subject to formal confirmation at the special meeting of the Shareholders. This confirmation is deemed desirable, although the terms of the agreement are within the authority given to the directors on October 13, 1874, and April 30, 1875. The agreement is printed as an appendix to the present report. The arrangement will be carried out as soon as the legal procedure of the American Courts under the foreclosure suit will permit.

### BRANTFORD, NORFOLK AND PORT BURWELL RAILWAY.

The directors have also executed an agreement, subject to its confirmation by the Shareholders at the approaching special meeting, for the acquisition of the Brantford, Norfolk, and Port Burwell railway at a cost of £10,000, the Great Western guaranteeing £26,000 bonds of the Brantford Company, at the rate of 6 per cent. per annum. This railway, from Brantford to the town of Tilsonburg, is 38 miles long, and its acquisition at this price will greatly strengthen the position of the Great

Western, as the line will connect the main and Glencoe systems, and serve a country from which a considerable amount of traffic will be derived. In the event of the Shareholders confirming this agreement, some additional expenditure will be required to put the line into a thoroughly efficient working condition, and to connect it with the Tilsonburg station on the Great Western Glencoe line.

GRAND TRUNK RAILWAY COMPANY.

In accordance with the undertakings given at the last meeting of the two companies, the rates and fares, in the districts where the systems compete, have been raised; but this important object was attained too late in the half year to influence the revenues of either company. Shortly afterwards the Grand Trunk Board invited the directors to reconsider the feasibility of improved arrangements between the companies, and advantage was taken of the presence of Mr. Hickson to discuss in detail a variety of schemes which, in most instances, were found to be unacceptable. But the directors are glad to be able to announce that a greater approximation of views has resulted from these negotiations than on any recent occasion; and they were, and are so hopeful of the relations between the companies being established on a footing, free from the objections which all former plans have encountered, that they decided to send for Mr. Broughton, who will probably be in London before the general meeting, and from whose assistance they have good reason to anticipate that the negotiations will end in permanent and mutually beneficial arrangements. In this event a special meeting of the Shareholders will, if necessary, be convened without delay. The directors trust that the confidence which the Shareholders have placed in them will have the effect of rendering unnecessary any further discussion of this subject until the termination of the negotiations.

WELLINGTON, GREY AND BRUCE RAILWAY.

For the information of the Shareholders a statement showing the position of this railway, both as to capital and revenue, is appended to the report.

On behalf of the Board of Directors,

HUGH C. E. CHILDERS, President.

### Kansas Pacific Railway.

The committee of nine appointed by the first mortgage bondholders of the Kansas Pacific Railway have issued a report, in which they say that the Receiver is prudently and economically managing the road, that its business is increasing satisfactorily, and that a removal of the suit for the foreclosure of the Denver Extension mortgage has been obtained to the United States Circuit Court for the District of Kansas. The various classes of bondholders are working in harmony, and it is expected that the funding mortgage will be shortly disposed of. The first mortgages aggregate $18,307,000 on 672 miles of road and 8,000,000 acres of land. The net earnings from Nov. 20, 1876, to March 1, 1877, amount to $283,242 87. The committee believe that the railway would earn full interest on all its first mortgage bonds if the acts of Congress entitling it to pro rate with the other Pacific Roads were carried out in good faith, and they are taking steps to bring about that desirable result.

☞ Articles of incorporation have been filed in the office of the Secretary of State of California of the Bay and Coast Railroad Company—to construct and maintain a railroad from the town of Newark to the northwesterly boundary of the township of Alameda, all in that county, a distance of about thirty miles. Capital, $1,000,000, in shares of $100 each. Directors—Alfred E. Davis, Daniel Cook, J. C. Tucker, Joseph Clark and B. B. Miner. The principal place of business will be in San Francisco.

### The Postal Union.

The Empire of Japan has been admitted to the Postal Union from and after June 1, and Brazil and the Portuguese colonies from July 1, 1877. The postage rates fixed by the United States for prepaid correspondence addressed to, and unpaid correspondence received from Japan, when the transportation is performed by direct steamers between San Francisco and Yokohama, are as follows:

For prepaid letters, 5 cents per 15 grammes, ½ oz.; for unpaid letters received, 10 certs per 15 grammes, ½ oz.; for postal cards, 2 cents each; for newspapers, if not over 4 oz. in weight, 2 cents each; for books, other printed matter, patterns of merchandise, &c., 2 cents for each weight of two ounces or fraction therof; for registration fee on all correspondence, 10 cents.

The rates applicable to Brazil and the Portuguese colonies, and to Japan, when correspondence is forwarded via Europe, are as follows:

For prepaid letters, 10 cents per 15 grammes, ½ oz.; for unpaid letters received, 15 cents per 15 grammes, ½ oz.; for postal cards 4 cents each; for books, other printed matter, patterns and merchandise, &c., 4 cents for each weight of two ounces, or fraction thereof; for registration fee on all correspondence 10 cents.

☞ The Lake Superior and Mississippi Railroad, extending from St. Paul to Duluth, Minnesota, 156 miles in length, including all appurtenances, the franchise of the company, and its land grant, was sold on the 1st inst. at St. Paul by H. E. Mann, Master in Chancery, for $500,000, to satisfy the claim of $5,771,260. The purchasers were: William H. Rhawn, E. M. Lewis, George Whitney, Nathan Hilles, F. R. Shelton, E. A. Rollins and F. A. Baker; $50,000 was paid in gold; the remainder is to be paid in the future. This sale is in pursuance of a decree of foreclosure in the case of Geo. Philler et al., Trustees, vs. the Lake Superior and Mississippi Railroad Company in the U. S. Circuit Court. The purchasers bought it in the interests of the bondholders.

☞ The purchasers of the Memphis and Little Rock Railroad organized on the 30th of April under the original charter of the company, and elected the following board of directors to serve until the next annual meeting in February, 1878: M. B. Pritchard, B. C. Brown, James Harrington, J. W. Wynne, and William Black. At a subsequent meeting of the Board, M. B. Prichard, of Little Rock, was elected President and John W. Goodwin, Secretary and Treasurer.

☞ C. P. Mackie has been elected Secretary and John C. Conn Assistant Secretary of the Pittsburg, Cincinnati and St. Louis Railway Company. The Secretary's office will be at No. 233 South Fourth St., Philadelphia; that of the Assistant Secretary at the general office of the company in Pittsburg.

☞ The first three miles of the Foxburg, St. Petersburg and Clarion (Penn.) Railroad (narrow gauge) will be in running order about the middle July.

☞ Mr. Cyrus W. Field has been elected President of the Montclair and Greenwood Lake Railroad Company.

### Misfit Carpets.

We believe J. A. Bendall's Emporium in this city is destined to become the most important Carpet Centre in this country. During the last seven years this place has obtained a trade that extends from Maine to Mexico. But what we commend most highly in connection with this establishment is Mr. Bendall's way of dealing with his customers; while he sells cheap, very cheap, he does not promise more than he can perform, and there are enough honest, right minded people in the country to appreciate a place where they are fairly and honorably dealt with.

☞ A meeting of the stockholders of the Brownsville and New Haven Railway was held at Brownsville, Penn., on the 9th inst. The report of W. S. Croft, Secretary and Treasurer, shows that $100,000 have been subscribed, $81,302 85 of which has been paid in. That of this amount $81,196 25 has been expended. The total cost of grading will be $120,946 81, leaving the amount yet to be raised for that purpose about forty thousand dollars. The directors were instructed to borrow the amount and complete the road at once.

☞ Articles of incorporation have been filed in the office of the Secretary of State of California of the Albion River Railroad Company—for the construction and maintenance of a narrow-gauge railroad in Mendocino county, the length of which will be four miles. Capital, $40,000, in shares of $100 each. Directors—Henry Wetherbee, A. W. McPherson, Jr., Thomas Pollard, George D. Gray and John Dolbeer. The principal place of business will be in San Francisco.

☞ At the annual meeting of the Seaboard and Roanoke Railroad Company, held at Portsmouth, Va., on the 8th inst., the annual report of the president and directors was submitted. The old board was re-elected as follows: John M. Robinson, president; Nalbro Frazier and Moncure Robinson, of Philadelphia; Thos. Kelso and R. C. Hoffman, of Baltimore; Richard Dickson, of Norfolk; David A. Barner, of Murfreesborough.

☞ Sylvester Marsh has been elected President and J. E. Lyon and Walter Aiken Managers of the Mount Washington Railroad Company. The directors are: E. H. Raymond, Boston; Onslow Stearns, Nathaniel White, John H. George, Concord; Walter Aiken, Franklin; Sylvester Marsh, Littleton; and J. E. Lyon, Boston.

☞ The annual election of the Elmira and Williamsport Railroad, held at Philadelphia on the 7th inst., resulted as follows: President, Thomas Kimber, Jr.; Directors, Messrs. William D. Lewis, Alex. S. Diven, William C. Longstreth, Thomas Neilson, Wm. Read Fisher, and Lewis P. Geiger.

☞ The Washington, Pa., Examiner says that work on the Washington and Waynesburg Railroad is progressing satisfactorily.

☞ Ground was broken at Beaver Falls, on the Pittsburg and Lake Erie Railroad, on the 9th inst.

☞ Major R. G. Pegram, of Petersburg, Va., has been appointed Receiver of the Petersburg Railroad Company.

### Financial and Commercial Affairs.

Supplies of Money in the local market are yet largely in excess of the current requirements of borrowers, whether for speculative or legitimate business purposes; and extremely low rates are current for accommodation on satisfactory collaterals. Considerable sums have been invested in Government and other interest bearing bonds, with a view to providing employment for balances which could not otherwise be disposed of advantageously. Call loans are yet quoted at 2@3, with most of the important negotiations reported at 2@2½ per cent; and very choice to prime mercantile credits rated at 3@5 per cent per annum. The City banks, last week, reported a further increase in their legal tender and specie reserves, as also in their deposits. The loan and discount item was reduced. The circulation was enlarged slightly. The loan and discount average was cut down $1,494,800. The item of circulation was augmented to the extent of $72,800. The deposits showed a farther gain of $269,000; the legal tender reserve of $778,400; and the specie average of $153,400.

The City banks reported their average of gold last week at $23,272,500, as against $18,881,000 same date last year; and their greenback average at $51,066,700, as against $42,643,400 on May 18, 1876. Their deposits stood at $227,216,000, against $207,900,300 same time in 1876. The loan item was $256,519,600 against $255,808,800 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $17,532,700,

as against $18,674,200 the preceding week, $9,039,775 the week ending 14th April (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $432,840,460, or a daily average of $72,056,743.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $46,010,268, against $43,016,245 the preceding week; and a coin board of $78,154,820, against $78,512,652 on the previous return. The Customs revenue of the port during the past week was $1,927,000.

The aggregate of the outstanding U. S. currency of all denominations, May 1st, was $384,149,992. The outstanding amount of legal tender notes is $361,494,404. The National bank circulation is now $317,803,356 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,646,000.

The income of the Government from internal revenues last week was about 2½ millions, and since July 1, 1876, about 103⅛ millions; and from Customs last week about 2¼ millions, and since July 1, 1876, about 114 millions.

On Tuesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $13,019,521; special deposit of legal tenders for the redemption of certificates of deposit, $43,545,000; Coin, $99,479,309, including of Coin certificates, $48,435,300.

Very slight fluctuations have occurred in Gold, which has been only moderately active in the speculative line. The Customs call has been moderate. The export has been unusually heavy for this season. The extremes of the price during the week have been 106⅞@107⅜, closing on Wednesday at 107, as against 107 on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was confined to $3,454,300, (of which $1,867,000 in various forms to Liverpool, $700,000 to Southampton, $610,500 to London, and $276,000 to Havana,) making the total exports of specie hence since January 1, $10,618,064, against $20,326 789 the same time in the preceding year. The imports of specie at this port last week were $26,228, (of which $15,000 from Havana, and $10,660 from Aspinwall,) and since January 1st $6,587,091 as against $1,583,231 same time last year. The Customs demand for gold last week averaged $316,000 per day. Foreign Exchange has been in fair demand, and quoted generally firm. Bankers' sixty day bills on London closed on Wednesday at $4 87@$4 87½; sight bills on London at $4 89½@$4 90 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,763,598 as against $4,865,677 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $1,252,853 of Dry Goods and $5,510,745 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $4,031,748, against $3,780,250 same week in 1876.

Government securities have been more sought after by investment buyers and have shown more steadiness as to values. At the close the market was quoted firm, leaving off on Wednesday as follows:

United States currency sixes, 125⅛@125⅜; do. 6s, 1881, registered, 114⅝@114¾; do. coupon, 115⅜@115⅝; do. 1865, new, registered, 111½@111¾; do. coupon, 111½@111¾; do. 1867, registered, 114¼@114⅜; do. coupon, 114¼@114⅜; do. 1868, registered, 116; do. coupon, 116; do. ten-forties registered, 112¾@112⅞; do. coupon, 113⅛@113¾; do. five-twenties, 1881, registered, 111¾@112; do. coupon, 111¾@112; do. 4½ per cents, 1891, registered, 107½@107¾, ex-int.; do. coupon, 108¾@108⅞; Central Pacific Gold bonds, 109½@110.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,596,100, and $18,898,000 as security for public deposits.

State and Railway bonds have been fairly active, and prices of the more substantial loans have been quoted, as a rule, firmer. And in the line of Railway and Miscellaneous share property the dealings reached a fair aggregate, at the close showing more firmness.

Less activity has been noted in domestic produce and foreign merchandise. Breadstuffs and Provisions have been less freely dealt in as a whole; and prices have been generally depressed and irregular. Cotton has been comparatively tame, though, as to price, closing stronger. Naval Stores have been moderately sought after at unsettled rates. Petroleum has been more active, but at lower figures.

Metals have been pretty freely dealt in, in special lines, but prices have been quoted weak in most instances. Eglinton Pig Iron quoted at $22 50; Glengarnock $27 50; Coltness $28 50@$29; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$18 50; Forge $17@$18 50; American Rails at works $35@$36; Old Rails $18@$19. Wrought Scrap $23@$25. Steel Rails, on the basis of $47@$50 at the mills. Ingot Copper dull; quoted 19@19¼ for early delivery. Of the sales of Iron were 2000 tons American Pig and Forge, on p. t.; 14,000 tons Steel Rails, and 1000 tons Iron do, also on p. t.

Hardware has been dull throughout yet quoted steady. Boots and Shoes have been in fair demand at generally unchanged prices. Dry Goods have been in comparatively moderate request, with Domestic Cottons and imported fabrics showing increased depression and irregularity as to values.

Ocean freights have shown much less animation and rates have been quoted lower, closing weak. Liverpool steamer rates at the close for Grain 5½@6d. per standard bushel. Provisions, 40s.@55s.; Tallow, 35s.; Leather, 70s. per ton; Cotton, ¼d. per lb., Liverpool, by sail. Cotton, ⅛d. Grain, 6d. Oil Cake, nominal. Measurement Goods, nominal. Grain rates on charter hence for Cork and orders left off at 5s. 6d.@5s. 9d. for the Continent, nominal; and from Baltimore for Cork and orders, 5s. 9d.@6s. per quarter. Refined Petroleum hence for Cork and orders, 4s.@4s. 6d.; for the Continent, 3s. 9d@4s. 3d. per bbl.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# FISK & HATCH,

## Bankers,

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

### A New Idea in Canal Propulsion.

There was great rejoicing on the Produce Exchange on Wednesday over the passage of the bill making an appropriation of $5,000 to enable Mr. H. H. Baker to lay an experimental portion of his single rail propelling track along the berm bank of the Erie Canal. Mr. Grant, the Superintendent of the Exchange, says he has never known any project in which more interest was taken by the members. The rail, which is to be elevated, is intended to act in connection with cog-wheels and an inexpensive engine placed on each canal-boat as a substitute for horses. The machinery is simple, and the model worked exceedingly well. The cost, too, is less expensive and the facility of construction better than any method of propulsion previously devised. The amount appropriated by the Legislature will enable the projector to finish five miles inside of thirty days, and the cost of the entire line to Buffalo will be but $350,000. It is not even necessary that the rail should be level, the pressure on the cog running over the rail being sufficient to keep it in place. It can be readily detached to enable boats to pass each other. There will be no damaging wash created more than at present.

☞ The St. Joseph and Western Railroad has been organized by the election of William Bond president, Alfred Mitchell secretary, and Hassler & Co., fiscal agents. This company is the successor of the St. Joseph and Denver City Railroad Company.

☞ J. B. Snowball has been elected President, and A. D. Shirreff Secretary of the Chatham Branch (New Brunswick) Railway Company.

New York, April 24, 1877.

TO THE STOCKHOLDERS OF THE MICHIGAN CENTRAL RAILROAD COMPANY:

We beg to inform you that the stockholders of the Michigan Central Railroad Company will meet in June next, for the purpose of electing directors for the ensuing year.

The object of this circular is to request that, in case you should be unable to be personally present at the election, you will execute the enclosed proxy and send it to either

Gov. Jno. J. Bagley, Detroit, Mich.;

Sydney Dillon, Esq., President of the Union Pacific Railroad Company, 28 Nassau street, New York city, or to

Messrs. Bangs & Wells, Attorneys and Counsellors, 31 Pemberton Square, Boston, who will receive proxies of the New England Stockholders, to be voted for the following Board of Directors:

Sidney Dillon, President Union Pacific R. R. and Director of Chicago and North Western, Chicago, Rock Island and Pacific and Canada Southern Railway Companies.

Albert Keep, President Chicago and North Western and Director of Lake Shore and Michigan Southern Railroad Companies.

Robert Harris, President Chicago, Burlington and Quincy Railroad Company.

W. L. Scott, President Canada Southern Railway Company, Director Chicago, Rock Island and Pacific, Chicago and Northwestern, Lake Shore and Michigan Southern and Union Pacific Railroad Companies.

Ex-Gov. Jno. J. Bagley of Detroit, Michigan.

F. Gordon Dexter of Boston, Mass., Director Union Pacific Railroad Company.

Frederick Billings, Director of Michigan Central Railroad Company.

Elmore A. Kent of A. E. Kent & Co, Grain and Provision Merchants of New York and Chicago, and Director of Fourth National Bank of New York city.

H. E. Sargent, formerly General Manager of Michigan Central Railroad, which position he resigned in 1874.

You will readily perceive the great advantage to be gained to the stockholders of the Michigan Central Railroad Company by the election, as directors, of men of undoubted railroad experience, and who represent other large interests which are in harmony with and may be identified with the prosperity of this company. The great need of the day is to secure the services of such men, who are not only competent, but will give their personal attention to the affairs of your road.

The object of having the Lake Shore and Michigan Southern Railroad represented in the new board of directors is that there may be some guaranty against future competition between the two companies, detrimental to both of them, and having directors from the Chicago, Rock Island and Pacific Railroad, Chicago and Northwestern Railroad, Chicago, Burlington and Quincy Railroad and the Union Pacific Railroad—an aggregate of over six thousand miles of road west of Chicago—will give this trunk line between Chicago and Buffalo a large business, which in the past has been diverted to other roads.

The stockholders of the Michigan Central Railroad Company now have it in their power to secure this change in their Board of Directors, and, by electing the gentlemen whose names are herewith presented, to secure such advantages as will, we hope, enable the company to resume the payment of regular dividends in the future, and thus greatly appreciate the value of their stock.

Respectfully,

BANGS & WELLS, Attorneys and Counsellors, 31 Pemberton Square, Boston, Mass.
JOHN C. WYMAN, 17 Broad street, New York.
RUFUS HATCH, 17 Broad street, New York.

### Commerce of the Sandwich Islands.

The statistics published by the Hawaiian Gazette of the commerce and agriculture of the Sandwich Islands for the year 1876, show that the amount of sugar manufactured was 13,336 tons of which 300 tons were consumed at home, and the estimated yield for 1877 is 16 000 tons. The United States took about 12,000 tons of the crop of 1876.

The growth of sugar planting may be inferred from the fact that the total exports of this staple in 1857 were but 700,556 pounds, and as late as 1863 but 5,292,121, while in 1876 it was rising 26,000,000 pounds.

In rice there was an increased production of 1,671,753 pounds over 1875, the total yield for 1876 being 4,500,000 pounds of cleaned rice, of which 1,500,000 pounds were needed for domestic consumption. The gain for 1877 over that of 1876 will fully equal that of 1876 over 1875.

The value of exported domestic goods last year was $2,054,158. The combined value of foreign and domestic exported goods was $2,241,042, while the total amount of imported commodities was worth $1,811,771, showing a balance of trade in favor of the Islands of $429,271.

### A Large Car.

Emigrants and others traveling to Nebraska by teams will be interested to know that a good, substantial car, one hundred feet in length, nine feet wide and ten feet high, is now running daily over the Missouri river railroad bridge between Council Bluffs and Omaha, for the purpose of carrying teams and wagons over the Missouri river at that point. Horses can be driven into this car at the end, without unhitching from the wagon, as readily as they can be driven over a covered bridge or into a barn. The car leaves Council Bluffs every hour in the day, from 8 A. M. until 6 P. M., excepting 12 o'clock noon. The teams are carried over the river and the bottoms, a distance of nearly three miles, in perfect safety, and in only fifteen minutes' time.—*Burlington Hawkeye.*

☞ The Philadelphia North American learns from the Auditor General of the State of Pennsylvania that the $8,000,000 new 5 per cent loan is all issued, that Mr. Drexel's premium on his $6,000,000 of it amounted to $261,000, and that he and the State Treasurer will soon call in $6,000,000 of the 6 per cent. loan of 1867, which is redeemable in currency in 10 and 15 years. This, with the $3,000,000 gold loan due in August, will take all of the $8,000,000 5 per cent. loan, together with the premium thereon and some funds in the sinking fund. It is his opinion now that the sinking fund will be able hereafter to redeem the State loans without issuing any new loan.

☞ Justice Gilbert of the Supreme Court, Kings County, has denied the application of A. S. Barnes, and other property owners on the line of Atlantic avenue, Brooklyn, for a permanent injunction prohibiting the Long Island Railroad Company from using steam on that thoroughfare. Work will now be pushed forward on the road.

☞ A. L. Williams has been elected President, H. C. Parsons Vice President, and Thomas Bond Secretary and Treasurer of the Straight Shoot Railroad Co.

☞ Cheyenne and Sydney are the objective points of the new railroad projected to the Black Hills by the Union Pacific Railroad Company.

### Central Vermont Railroad.

The annual meeting of the stockholders of the Central Vermont Railroad Company was held at St. Albans, Vt., on the 16th inst., 7,180 shares being represented.

The following board was unanimously elected: Jas. R. Langdon, Montpelier; Geo. M. Rice, Worcester, Mass; B. P. Cheney, Boston; Jacob Edwards, Boston; James W. Emery, Boston; John H. Kimball, Bath, Me.; J. Gregory Smith, St. Albans; Bradley Barlow, St. Albans; John Q. Hoyt, New York; B. B. Smalley, Burlington, Vt.; Worthington C. Smith, St. Albans; John W. Stewart, Middlebury, Vt., and Jed P. Clark, Milton, Vt.

The only change from the old board is the substitution of ex-Gov. Stewart for Judge Poland. The directors will meet in Boston, on notice, next week. At the last directors' meeting it was voted to abolish the office of Second Vice President.

☞ The annual meeting of the Nashua, Acton and Boston Railroad was held at Graniteville, N. H., on the 15th inst., and the following Board of of directors chosen for the ensuing year: Peter B. Brigham of Boston, John C. Moulton and Samuel M. A. Moulton of Laconia, Henry Parkinson, Benjamin Saunders, E. P. Brown and C. V. Dearborn of Nashua, J. B. Clark of Manchester, Charles G. Sargent of Graniteville, Joseph Fletcher, Jr., of Acton, James T. Barnap of Dunstable. The Directors organized as follows: Peter B. Brigham, President; J. C. Moulton, Vice President; F. D. Cook, Treasurer; J. B. Goodrich, Clerk.

☞ The bills to repeal the special charters of the Michigan Central and the Lake Shore and Michigan Southern Railroads, pending at Lansing all winter, have been killed. A test vote taken on the charter of one of the Central branches failed by a vote of 22 to 44, the minority being all grangers. The chairman of the railroad committee accepted this result as conclusive, and three similar bills were laid on the table.

☞ The directors of the New York and Harlem Railroad Company, elected on the 15th inst., are: William H. Vanderbilt, Cornelius Vanderbilt, William K. Vanderbilt, William C. Wetmore, Augustus Schell, Abraham B. Baylis, James H. Banker, John B. Dutcher, Joseph Harker, Robert J. Niven, Chauncey M. Depew, William H. Leonard and Samuel F. Barger.

☞ The Post office Department has issued orders to place a mail service on the Southern Pacific Railroad from San Bernardino to Yuma and curtail the present stage service between San Bernardino and Prescott by making it leave the railroad at Dos Palmos.

☞ The Brooklyn Board of Alderman have granted permission to the Brooklyn City Railroad Company to run steam cars on Third avenue, from Twenty-fifth street to Fort Hamilton. The noiseless locomotives will be placed on that line immediately.

☞ R. P. Tansey has been elected President, W. King Vice President, and Robert Park Secretary of the Louisiana and Missouri River Railroad Company. The office of the company is at St. Louis, Mo.

### Houston and Texas Central Railway.

By telegraph from Houston, Texas, we learn that the committee appointed by the unsecured creditors of the Houston and Texas Central Railway Company made a unanimous report on the 16th inst., recommending that the propositions contained in the company's plan of liquidation be accepted. The report was unanimously adopted. The creditors participating in the meeting signed their acceptance. A card addressed to the non-resident creditors, recommending acceptance, was signed by the following leading Texas creditors: B. A. Shepherd, Ranger & Co., Henry S. Fox, Jacob Binz, T. W. House, B. O'Connor. The report of the committee expresses confidence in the ten-year income and indemnity seven per cent bonds tendered in liquidation of the claims.

☞ At the annual meeting of the stockholders of the Denver Pacific Railroad Company, held at Denver, Col., on the 8th inst., the following officers were elected: D. M. Edgerton, President; D. A. Moffatt, Jr., Treasurer; F. B. Crocker, Robert E. Carr, Carlos S. Greeley, John D. Perry, Adolphus Meier, Walter S. Cheesman, Fred. L. Ames, Directors.

☞ Gen. Geo. H. Chapman has been appointed Receiver of the Lafayette, Muncie and Bloomington Railway from Muncie, Ind., to the State line between Indiana and Illinois.

Established in 1831.

# American Railroad Journal,

*Published Every Saturday, at*

**No. 9 Spruce Street, New York.**

*JOHN H. SCHULTZ, Editor and Proprietor.*

**Terms of Subsciption, Five Dollars per Annum.**

Besides Tables of Railroad Earnings, Dividends, City Passenger Railroads, Federal and State Securities, the JOURNAL publishes, weekly, a Railroad Share and Bond List, giving Length of Road—Main Line, Branches, and Second Track and Sidings; Length of Railroad in Progress; Number of Engines; Number of Passenger, Freight, etc., Cars; Cost of Railroad; Cost of Rolling Stock; Assets; Cash and Accounts; Capital Stock; Bonded Debt—amount, date of maturity, rate of interest, and when and where payable; Accounts Payable; Surplus Income; Length of Road Operated, including leased roads; Movement of Trains; Gross and Net Earnings; Number of Passengers Carried; Tons of Freight Transported; Dividends; Par Value of Shares, etc. Abstracts of Railroad Reports; Current Railroad information, useful to Engineers, Contractors, Bankers, Brokers, Miners, Manufacturers, etc. Daily Sales of Stocks and Bonds in New York, Boston, Philadelphia and Baltimore; Latest quotations of Railroad Bonds.

The JOURNAL has a wide circulation throughout the United States and Canada, as well as in all foreign countries. Good medium for advertising all articles required in the construction, maintenance, and operation of Railroads.

### Grand Trunk Railway of Canada.

The report of this company for the half year ending December 31, 1876, is as follows:

| | Dec. half of 1875. | Dec. half of 1876. |
|---|---|---|
| The gross receipts upon the whole undertaking, including the Buffalo and Champlain lines, have been | £1,046,348 | £916,245 |
| Which are reduced by the discount on American currency | 22,490 | 22,363 |
| To | £1,023,858 | £893,882 |
| Deduct working expenses (being at the rate of 80.17 per cent., against 79.93 for the corresponding half of last year) | 818 408 | 716,640 |
| Leaving a sum of | £205,450 | £177,242 |
| From this, however, has to be deducted the postal and military revenue due for the half year to the bondholders | 16,648 | 17,045 |
| Which leaves | £188,802 | £160,197 |
| Applicable for the following, viz: | | |
| Interest &c., paid on lands, temporary loans, bankers' balances, promissory notes, European exchange, Island Pond debentures, &c | | £11,037 |
| Atlantic and St. Lawrence Lease | | 52,543 |
| Lewistown and Auburn Railway Rent | | 1,849 |
| Detroit Line Lease | | 11,250 |
| Montreal and Champlain Bond Interest | | 11 571 |
| Buffalo and Lake Huron Rent | | 34,000 |
| 1st Equipment Bond Interest | | 15,000 |
| 2nd Equipment Bond Interest | | 15,000 |
| 5 per cent. perpetual Debenture Stock | | 35 607 |
| | | £187,858 |
| Deduct amount contributed out of revenue to the Portland Sinking Fund, now credited | | 37,440 |
| | | £150,417 |
| Leaving a balance of | | 9,779 |
| | | £160,197 |

The amount brought forward from the last half year was £1,787, which added to the above balance of £9,779 makes the total amount carried to the next account £11,567.

The gross receipts for the half year (after deduction of discount on American currency) show a decrease of £129,976, or 12.69 per cent. as compared with 1875.

The working expenses, including renewals, have amounted to £716,640, or 85.17 per cent., against a total charge of £818,408 or 79.93 per cent. in 1875, showing a decrease of £101,768, or 12.43 per cent. against the above decrease in the receipts of 12.69 per cent.

The passenger receipts were less by £14,647, or 4 54 per cent., but the numbers were increased by 59,256, or 5.37 per cent. as compared with 1875.

The loss, caused principally by the general competition during the half year, was, however, to some extent compensated for by an increase in excursion traffic, which was carried without any increase to the passenger train mileage.

The receipts from freight traffic decreased £118 288, or 17.55 per cent., and the tonnage increased 68.178 tons, or 5.43 per cent. The competition unfortunately carried on by the American trunk lines for traffic with the seaboard, continued during the half year, and the evil effects of it were aggravated by the loss of local traffic, and the deficient harvest in Canada. The reduction of the freight rates as compared with December, 1875, was equal to a loss of gross receipts for the half year of £190,000.

The total number of passengers carried was 1,162,242, as against 1,102,986; and the quantity of freight was 1,129,108, against 1,070,930 tons. The average receipt per passenger was 5s. 3¼d. against 5s. 10d., and per ton of freight 9s. 9¼d. against 12s. 7d.

The charge for the maintenance and renewals of way, stations, and buildings, has been reduced by £101,371, owing principally to the decreased renewals of way now required for the main line. For the whole year of 1876, the total charge borne by revenue for the maintenance and renewal of the road, structures, and rolling stock, has been £484,000 as compared with a charge of £537,000 for the year 1875, or a decrease of £53,000 or 10 per cent. During the past half year the cost of fuel has been reduced although the train mileage has been somewhat increased. With the exception of the charge for "rent of rolling stock" which is dependent upon the greater or less mileage of foreign cars running over the line, the main items of increase are those for taxes and insurance. As the total cost of working has been reduced by £101,700, or 12 per cent., and the train mileage has been increased by 197,000 miles, or 4 per cent., there has been an important reduction in the cost of working per train mile. The receipts in the United States currency were $3,380,186, against $3,482,073, of which $1,016 793 was converted into gold, against $886,500 in 1875, entailing a loss of £22,363 against £22,489, being a decrease of £126. The total addition to capital account during the half year was £184,018.

When the gauge of the line was changed, a number of new cars were built, partly out of the materials of other cars, rendered useless by the change, but the extra cost of their construction was not provided for, and it has now been charged against capital, as also the balance of the amount formerly appropriated for ballasting the line. The difference in the cost of replacing iron with steel rails on the Atlantic district (the Atlantic and St. Lawrence railway) has also been defrayed out of capital, and remains as a claim upon that line.

The annual payments to the City of Portland Sinking fund being in reduction of bonds bearing interest at 6 per cent. scheduled for redemption in the Debenture Stock Act, 1874, have with the amounts already paid out of revenue been charged against capital, the liability in respect of these bonds being to that extent reduced. There has been appended to Account No. 8 a statement of the annual charges for interest on rentals already redeemed by the issue of debenture stock.

On the 29th December, a strike took place amongst the engine drivers, accompanied by violence and intimidation on their part, interrupting the business of the company, and causing serious inconvenience to the public. Difficulty was found under the existing state of the law in Canada in promptly suppressing the hostile action of the men on strike; but a bill is now before the Dominion Parliament with the object of preventing such interference in future.

The "railway war" continued during the half-year, but was somewhat abated by an understanding in the latter part of December amongst the American trunk lines, which has since been supplemented by an agreement entered into on the 5th instant by the Presidents of the New York Central, Pennsylvania Baltimore and Ohio, and Erie railways. Mr. Hickson, the general manager, having been summoned to London to confer with the Directors, was unavoidably detained in England, and as he did not reach Montreal on his return until the beginning of this month, the accounts have been somewhat delayed.

The Board and the Board of the Great Western Company have for some time past been engaged in negotiations with the view of settling the future relations of the two companies. The present position of the two companies is well described in the following paragraph from the Great Western report recently issued:

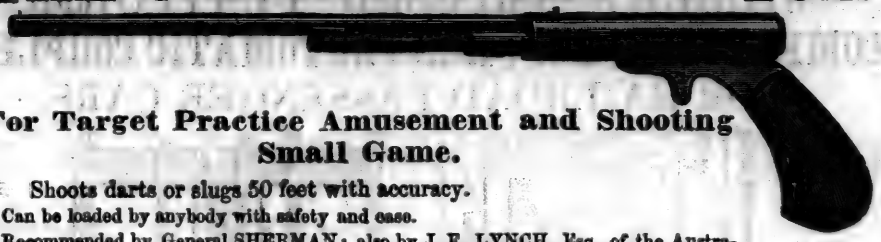
"In accordance with the undertakings given at the last meetings of the two companies, the rates and fares, in the districts where the systems compete, have been raised; but this important object was obtained too late in the half year to influence the revenues of either company. Shortly afterwards the Grand Trunk Board invited the Directors to reconsider the feasibility of improved arrangements between the companies, and advantage was taken of the presence of Mr. Hickson to discuss in detail a variety of schemes which, in most instances, were found to be unacceptable. But the Directors are glad to be able to announce that a greater approximation of views has resulted from these negotiations than on any recent occasion; and they were, and are, so hopeful of the relations between the two companies being established on a footing, free from the objections which all former plans have encountered, that they decided to send for Mr. Broughton, who will probably be in London before the general meeting, and from whose assistance they have good reason to anticipate that the negotiations will end in permanent and mutually beneficial arrangements. In this event a special meeting of the Shareholders will, if necessary, be convened without delay."

If an agreement should be come to before the half-yearly meeting on the 30th instant it will be reported to the meeting, but otherwise it will be for the Proprietors to consider the expediency of adjourning the meeting to an early date, in order to give time for further negotiations, and, it is hoped, an ultimate settlement. Meanwhile, the Directors consider that any discussion on the subject will be premature and undesirable. Mr. Richard Potter and Mr. Graham Menzies have resigned their seats at the Board, and Mr. Robert Young, of Glasgow, has been elected in the place of the latter. The Directors retiring by rotation —Mr. Robert Gillespie and Mr. William Newmarch —offer themselves for re-election.

On behalf of the Board,

H. W. TYLER, President.

Grand Trunk Railway Offices, 21, Old Broad-street, London, E. C., April 20, 1877.



### The Coal Trade.

The total tonnage for the week ending on the 5th instant, as reported by the several carrying companies, amounted to 471,254 tons, against 424,682 tons in corresponding week last year, an increase of 46,572 tons. The total amount of anthracite mined for the coal year is 6,236,729 tons, against 4,944,882 for same period last year, an increase of 1,291,847 tons. The quantity of bituminous coal sent to market for the week was 73,745 tons, against 62,429 tons for corresponding week last year, an increase of 11,316 tons. The whole bituminous tonnage from the beginning of the coal year is 997,282 tons, against 1,002,237 tons in corresponding time last year, a decrease of 4,955 tons. The total tonnage of all kinds of coal for the week is 544,999 tons, against 487,111 to corresponding date last year, an increase of 57,888 tons, and the total tonnage for the coal year is 7,234,011 tons, against 5,947,119 tons, to same date last year, an increase of 1,286,892 tons. The receipts at Perth Amboy for the week ending on the 5th instant were 26,668 tons, the shipments 31,239 tons, leaving a stock on hand of 139,361 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last two days in April was 19,470 tons, of which 15,863 tons were coal, and 3,607 tons coke. The total carried for the year is 1 570,201 tons, of which 1,261,033 tons were coal and 309,168 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, May* 14.

☞ The new steamer B. S. Ford, recently launched at the Harlan & Hollingsworth shipyard, Wilmington, Del., and to run between Baltimore and Chestertown, is now receiving her machinery, and the completion is being rapidly pushed forward.

☞ The gross earnings of the Georgia Railroad for the year ending March 31, 1877, were $1,143,128, the expenses $643,111, and the net earnings $500,017. Last year the gross earnings were $1,194,374, and the net earnings $552,646.

# THE CHAMPION AIR PISTOL.

**For Target Practice Amusement and Shooting Small Game.**

Shoots darts or slugs 50 feet with accuracy.

Can be loaded by anybody with safety and ease.

Recommended by General SHERMAN; also by J. F. LYNCH, Esq., of the Australian Rifle Team.

PRICES.

Black.....$5 00. Nickel Plated.....$6 00.
Nickel Plated Rosewood Handle..... ... ... 7 00.

Each pistol is put up in a neat box with a skeleton gun stock, 6 Darts, 100 Slugs, 6 Targets, a Ramrod, Claw and Wrench.

Sent by Express C. O. D., or by mail at the risk of parties ordering, on receipt of price, and 40 cents additional for postage.

POPE MANUFACTURING CO.,

### The First Railroad to the Mexican Frontier.

The telegraph announces the extension of the Southern Pacific track to Fort Yuma in the southeast corner of the State of California; and it seems almost to have escaped general notice that this is the first railroad to approach the boundaries of our Sister Republic on the South. The International of Texas is still over 200 miles from the Rio Grande. Fort Yuma is situated on the Great Colorado River, about 200 miles, by its course, above the confluence at the head of the Gulf of California, and about 12 miles from the Mexican boundary on the west side of the river. It is a little less than that at one point of the route.

Fort Yuma is distant from San Francisco 720 miles, and from Los Angeles 250 miles. Of the whole route, as at present traversed by through trains, 229 miles are comprised of the Central Pacific lines, via Lathrop, to Goshen, the point where the San Joaquin branch of the latter company intersects the Southern Pacific. The 490 miles south of Goshen, and 40 miles west of it, have all been constructed within the past five years, by the Southern Pacific Company, independently of much of the main stem portion entering San Francisco, and two or three branch lines radiating from Los Angeles. At present there is a gap of a hundred miles unfinished between the San Francisco end of the Southern Pacific and the bulk of its road south of Goshen, which, now that the connection has been made with Los Angeles and the Arizona frontier, the company will proceed to close up whenever it is required. In the meantime the through communication is made on satisfactory terms over the Central Pacific to Oakland, and thence by ferry to San Francisco.

The Southern Pacific has been constructed in a first-class manner, of the best materials, and with a rapidity and energy having few, if any, parallels anywhere, considering the nature of the country it was to traverse. Steel rails are used for the greater part of it, and no expense has been spared to ensure a good working road. Three ranges of mountains are crossed between Goshen and Fort Yuma, and two stretches of desert. The first mountains, the Sierra Nevadas, are crossed at Tehachapa in 3,964 feet elevation above tide; the second, the Sierra Madre, at Alpine 2,822 feet elevation; and the third, being the recrossing of the Sierra Madre, at San Gorgonio Pass at 2,560 feet above the ocean.

In crossing the first named no less than 18 tunnels are employed, besides a vast amount of heavy rock removals, including among its engineering achievements, the famous "Loop," where, in order to emerge out of the canyon in which it is confined, it is necessary for the line to wind spirally upon itself round a conical "butte" or hillock—the only instance of the kind in the world. In crossing the second range near San Fernando two tunnels, one of them the longest in the country, (outside of Massachusetts), are employed. Between these ranges is a corner of the great Mohave Desert to be crossed, some 40 miles by the road, where the thermometer frequently ranges at about 100°, and where there is not moisture enough to support vegetation. Fortunately by digging and boring the company have obtained abundant water of excellent quality. East of the San Bernardino Range again the stretch of desert is 120 miles; 61 miles of it lying below the sea level, the greatest depth being 266 feet at Dos Palmos; but here, also, at several points, an abundance of water for railroad purposes has been found by artesian wells, and it is believed that water will be had for irrigable use, so as to reclaim large portions of what is now in name and in fact "desert." As this strip has a very high temperature, and is exempt from frosts, it is supposed coffee, bananas and other tropical fruits may hereafter be grown there in quantities. Among the natural curiosities of this route are the oil wells and asphaltum deposits of the San Fernando and Ventura regions, the orange groves and vineyards of Los Angeles and vicinity, and the "mud volcanoes" near Pilot Knob. San Diego, which is a little off the main line, and to which a railroad is building from Los Angeles, 26 miles being in operation, is also famous for its genial climate, semi-tropical productions and scenery, as are also Santa Barbara and San Buena Ventura, also near the road.

It is worth while to notice also in connection with this last achievement in railroad building on the Pacific Coast, that this stretch of 720 miles from the Metropolis, though built mainly as a local road to accommodate Southern California and Arizona trade, is in effect so much—the most difficult and costly portion of the whole—contributed to another direct line across the Continent on United States soil. By reference to a good map it will be seen that at Yuma one is in about the same longitude as at Toano on the Central Pacific road, which is

700 miles from San Francisco; so that if the Southern Pacific were extended to Maricopa Wells 175 miles—a central point for Arizona mining traffic—(as we see it stated it will be), it would then be as far east as the Central Pacific is at its Salt Lake terminus at Ogden, and in very nearly the same distance, 900 miles. Add to this western portion of the road a piece of road built from both directions, equivalent in length to the Union Pacific, say 1,040 miles, and it would strike the railroad centres in Northern Texas at Dennison or Dallas, or even the great centres in Southern Texas, Austin and San Antonio, with which there is connection to Houston and Galveston. The through line from New Orleans is in progress to both Northern Texas via Shreveport and to Southern Texas via Vermilionville and Houston. It would thus appear that one third of the distance between San Francisco and the Texas net-work of railroads has been completed at the west end; and from what has been done, in these times of depressed trade, without subsidy or national guarantees, there is no doubt that if Congress will give a moderately helping hand to this route it will soon afford us a short route between the Gulf States and the Pacific, and greatly revive business by so doing. Whether the financial aid is granted or not, the land grant ought to be renewed.

### Northern Pacific Railroad.

A meeting of the stockholders of the Northern Pacific Railroad Company was held on the 9th inst. at the office of the company, No. 23 Fifth Avenue, the President, Mr. Charles P. Wright, in the chair. Mr. Storke, the Vice-President, made a statement of the prospects of the company, in which he said that the road was in excellent condition throughout, and that it never had been doing a better business than it has done during the present year. Mr. C. Tower, of Philadelphia, for the Finance Committee, reported adversely on the proposition to put a mortgage on the western end of the road in order to build the proposed extension from Kolama to Portland, Oregon. It was stated that the stockholders were known to be averse to the contraction of new debts, and that by means of temporary loans and the revenues of the eastern end all expenses to be incurred on the western end would be provided for without the mortgage. He offered the following resolution, which was adopted by the Board of Directors:

Resolved, That the President be requested to inform the stockholders at the meeting to-day that, in view of the increased and increasing revenues of the road, the board is of the opinion that all the money necessary for the completion of the branch into the coal fields of the Payallup Valley can be had without resorting to a mortgage of any of the property of the company.

Mr. George W. Cass, of Pittsburg, spoke particularly of the business of the company in Dakota, which he considered more promising than it had ever been before. The road bed is improved, and the volume of business is very much greater, both in passengers and freight. West of Red River, Dakota, he had found a tract, which only three years ago was vacant for miles and miles, dotted with farmers at work, right in the face of the grasshopper scare. This scare, he said, had been magnified, and his own experience was that 80 per cent of the damage or loss to crops last year was due to climatic influences, and, perhaps, the poor grasshopper was responsible for 10 per cent of it. A good crop this year would develop the region very rapidly. He then offered the following resolution, which had previously been adopted by the Board of Directors:

Resolved, First—That the stockholders deem it to be the interest of this company to promote and secure the building of the line of railroad from Sauk Rapids to Brainard, a distance of about 60 miles, and approve, ratify and confirm the action of the President and Directors in subscribing 501 shares of $100 each, being a majority of the stock of the Western Railway Company of Minnesota, organized to build said road. Second—That the Directors are authorized, if necessary, to secure such construction and to lease said road, when completed, at a suitable rental, such as shall cover interest on the securities issued to construct the same.

In speaking to this resolution, Mr. Cass showed how important it was to build the proposed road. It would forestall the action of another line, and it would shorten the distance now necessary to travel in transporting all freight from St. Paul over the Northern Pacific to Brainard. The right to build the road had been acquired by the St. Paul and Pacific Company, but its title had been forfeited on May 18 by act of the Legislature. The President of the Northern Pacific and one or two of the Directors, taking advantage of an opportunity presented by the Legislature, immediately organized the Western Railway Company of Minnesota, and deposited $15,000 with the State Treasurer as a guarantee that the road would be built. They also took $50,100 shares of the stock of the road, obtaining absolute control of a majority of the stock and absolute ownership of the road. It is proposed to mortgage the line for $600,000 in order to build. There will be no assessment on stockholders of the Northern Pacific Railroad. It is considered that the securities will be a better investment than Northern Pacific at 10 cents on the dollar. The resolution offered by Mr. Cass was adopted.

Mr. R. L. Ashhurst offered the following resolution relative to the extension of the company's line westward:

Resolved, That the Directors be instructed to ascertain the cost of constructing the road from Bismarck west into Montana Territory, and to propose a plan for furnishing the means for that purpose, and to report the same to the stockholders at a future meeting for their consideration.

This resolution was also adopted.

### American Railway Master Mechanics' Association.

The Tenth Annual Convention of the American Railway Master Mechanics' Association was held in St. Louis on the 15th inst. On the 17th they concluded their labors and adjourned. The convention was very successful. A large number of subjects affecting the general economy of railroads were ably discussed, and much valuable information was presented. The next convention will be held in Richmond, Va., May 14, 1878. The following officers were elected for the ensuing year: N. E. Chapman, President; Reuben Wells, First Vice President; J. N. Lauder, Second Vice President. The election of a Secretary and Treasurer was postponed for one year, and J. H. Retchel, present Secretary, and S. J. Hayes, present Treasurer, were retained until the next meeting of the association.

### Western Union Railroad.

The earnings of this road for the years ending December 31, 1875 and 1876, were as follows:

| | 1875. | 1876. |
|---|---|---|
| From freight | $910,045 30 | $778,483 61 |
| " passengers | 202,848 11 | 225,093 53 |
| " mails, exp., etc. | 48,041 60 | 44,338 26 |
| Total | $1,160,430 01 | $1,047,915 40 |
| Expenses: | | |
| Repairs of track | $108,119 81 | $112,061 47 |
| " bridges | 13,298 86 | 13,176 97 |
| " fences | 6,167 71 | 8,301 51 |
| " buildings | 6,069 18 | 10,436 47 |
| " locomotives | 70,000 90 | 56,424 97 |
| " cars | 65,235 64 | 65,794 89 |
| " tools, etc. | 4,942 48 | 4,039 90 |
| Management and general office | 26,554 34 | 25,905 74 |
| Foreign agency and advertising | 2,087 68 | 3,694 10 |

| Conductors, baggage & brakemen | 54,840 83 | 53,293 09 |
| Engineers, firemen and wipers | 63,168 41 | 61,648 30 |
| Train and station supplies | 15,817 48 | 14,625 29 |
| Fuel consumed | 81,160 59 | 65,143 98 |
| Oil and waste | 11,283 56 | 9,541 49 |
| Personal injuries | 1,222 46 | 2,069 61 |
| Damage to property | 1,225 18 | 689 50 |
| Loss and damage of freight and baggage | 2,444 56 | 1,229 83 |
| Legal expenses | 6,488 61 | 4,226 91 |
| Taxes | 35,121 85 | 28,653 28 |
| Insurance | 4,930 84 | 3,621 81 |
| Miscellaneous | 2,279 67 | 2,447 92 |
| Extraordinary: | | |
| Renewal of track | 97,431 62 | 109,983 46 |
| New bridges | 7,657 82 | 14,286 12 |
| New buildings | 14,942 74 | 1,883 90 |
| New tools and machinery | 422 66 | 1,046 86 |
| Savanna transfer | 13,376 94 | 15,175 77 |
| Car service | 10,280 44 | 13,409 86 |
| Track service | 39,297 20 | 38,984 40 |
| Locomotive service | 1,500 00 | |
| Total | $830,287 53 | $799,369 42 |
| Net earnings | $330,142 48 | $248,545 98 |

Compared with the year 1875, the gross earnings of 1876 show a decrease of $112,514 61, with a decrease in operating expenses of $30,918 11—making a decrease in net earnings of $81,596 50. Percentage of expenses to earnings 76, against 72 in 1875. The expenses are divided as follows:

| | Ordinary. | Extraordinary. | Total. |
|---|---|---|---|
| 1876. | $604,699 55 | $194,669 87 | $799,369 42 |
| 1875. | 645,878 11 | 184,909 42 | 830,287 53 |
| Dec. | $40,678 56 | Inc. $9,760 45 | Dec. $30,918 11 |

The expenditures for 1876 not charged to operating expenses were as follows:

| | | |
|---|---|---|
| Equipment | | $6,875 00 |
| For 25 flat cars at $275 each. | | |
| Steamer Wm. Osborn | $5,500 00 | |
| Less amount received from sale of Steamer Iowa | 2,000 00 | |
| | | 3,500 00 |
| Right of way | | 2,975 00 |
| Purchased during the year. | | |
| Racine Warehouse and Dock Co. | | 19,081 05 |
| For deficiency in grain received at Racine elevator, as per contract. | | |
| Interest and exchange | | 4,790 23 |
| Interest on bonded debt | | 245,035 00 |
| Total | | $282,256 28 |

The number of miles of road operated in 1876 (exclusive of side track) was 212¾.

The equipment of the road consists of 39 locomotives (all coal burners); 10 first-class passenger, 2 sleeping, 1 business, 8 baggage, mail and express, 9 baggage and second-class, 389 box and caboose, 60 stock, 50 flat, 1 derrick, 2 pile driver and 82 coal cars.

Miles run by passenger trains, 280,974; by freight trains, 433,267; by coal and gravel trains, 19,045—total, 733,286.

Number of tons carried, 434,584; do. carried one mile, 44,026,192. Rate per mile, 1.77 cents. Number of passengers carried, 249,957; do. carried one mile, 6,808,121. Rate per mile, 3.57 cents. Earnings per mile run on freight, $1 80; do. on passengers, $0 91. Expenses per mile run, $2 12. Gross earnings per mile of road, $4,926; expenses, $3,758; net earnings, $1,168.

GENERAL ACCOUNT, December 31, 1876.

*President.*—ALEX. MITCHELL, Milwaukee.

*Vice President.*—S. S. MERRILL, Milwaukee.

*Directors.*—Alex. Mitchell, S. S. Merrill, John W. Cary, Hans Crocker, J. L. Mitchell, John Johnston, John Plankinton, W. S. Gurnee, H. T. Fuller, Wm. Shannon, D. W. Dame, H. A. Mills, E. P. Barton.

*Sec'y and Treas.*—F. G. RANNEY, Milwaukee.

*General Sup't.*—D. A. OLIN, Racine, Wis.

☞ The gross earnings of the Chicago, Rock Island and Pacific Railroad for the year ending March 31, 1877, were $6,902,250 76, the expenses including taxes $3,533,194 08, and the net earnings $3,369,056 68. After payment of rents, interest and ten per cent dividends, a surplus is left of $456,076 68. The loss in operating the Chicago and Southwestern Railroad was $50,108 59, and the interest on its bonds took $350,000 more, which reduces the above surplus to $55,968 09.

### Washington and Ohio Railroad.

A general meeting of the stockholders of the Washington and Ohio Railroad Co. was held in Alexandria, Va., on the 8th inst. Mr. McKensie, president of the company, said that when the present meeting was called the directory had expected to place before the stockholders a definite proposition for the completion of the road to Winchester. In this, however, they had been disappointed by the sudden illness of one of the parties interested, and his consequent inability to attend. A resolution was adopted authorizing the board of directors to contract with any parties for the construction and equipment of the company's railroad from Round Hill to Winchester, or to the coal fields in the counties of Grant, Tucker or Randolph, West Virginia, upon such terms and conditions as to the said board may seem to be expedient and proper. The interests of private stockholders are not be effected by the proposed contract. Mr. Lewis McKensie was re-elected president, and Messrs. C. F. Lee, of Fairfax, Henry Heaton, H. T. Harrison and Charles B. Ball, of Loudoun, Benjamin Morgan and R. H. Lee, of Clarke, and F. W. M. Holliday, of Frederick, directors for the ensuing year.

### South Mountain Railroad.

We stated last week that the South Mountain Railroad, running from its connection with the Cumberland Valley Railroad, in Cumberland County, Penn., to the mines at Pine Grove, with all the depots and other improvements, equipments of the road, and the rights, privileges, franchises, immunities, etc., of the South Mountain Iron Company, was sold by auction in Philadelphia on the 15th inst. We now learn that at the same time and place an estate of 20,000 acres in Cumberland and Adams counties, known as the Pine Grove estate, and the property of the South Mountain Iron Company, was also sold. The property was disposed of on the following conditions: in case the sale was effected in separate parcels the purchaser to pay $5,000 down when the Pine Grove estate was struck off, or the whole amount bid if less than $5,000, and the purchaser of the railroad and other property of the South Mountain Iron Company to pay $25,000 down or the entire amount if it sell for less than that amount; and in either case the purchaser to pay the balance within twenty days after confirmation of the sale by the court. The estate of Pine Grove was the first lot put up, subject to the mortgage of $150,000, and was knocked down to Mr. J. C. Fuller, of No. 1509 Spruce street, for $100. The second lot was knocked down to the president of the company, Mr. T. C. Kennedy, for $10,000, he buying it in the interests of the stockholders.

### Hannibal and Naples Railroad.

The Hannibal and Naples Railroad, 46 miles in length, extending from Hannibal, Mo., to Naples, Ills., was sold under foreclosure on the 22d inst., by authority given to its sole trustee, A. B. Baylis, on the 9th of August, 1868. The purchaser was A. M. White, of 63 Broadway, N. Y., at $250,000. The road was built in 1868, and was immediately thereafter leased to the Toledo, Wabash and Western Railway Company, the latter company guaranteeing the interest on its bonded debt, consisting of $675,000 first mortgage and $225,000 second mortgage bonds. The bankruptcy of the Toledo, Wabash and Western Railway Company caused the Hannibal and Naples to default in its interest on the 1st of May, 1875, and in July of that year Mr. Baylis, the trustee of the first mortgage, foreclosed. The terms of the sale were ten per cent of the purchase money to be paid immediately, and the balance on the 25th of June.

### Indianapolis, Bloomington and Western Railroad.

In the U. S. Circuit Court at Chicago, on the 12th inst., Judge Drummond ordered a decree of foreclosure, and consequent sale, to be entered against the main line of the Indianapolis, Bloomington and Western Railroad, from Indianapolis to Pekin, Ill., 202 miles, in the suit of the Farmers' Loan and Trust Company, Trustees. Decision was reserved on the application for a foreclosure on the extension mortgage, as to which there were two petitions pending—the main line bondholders preferring to have the extension sold separately, while the extension bondholders preferred a sale of the whole property together. On the 17th inst. Judge Drummond ordered the sale of the Illinois Extension, having decided that the mortgagees of the main line had the right to have the property sold as an extension, and not together as a union line. He also decided that there should be distribution of rolling stock, and that some appropriation should be made for services rendered by the mortgagees.

### Mobile and Ohio Railroad.

We have received from T. Haskins Du Puy, Esq., Attorney and Agent Trustees and Receivers Mobile and Ohio Railroad, a map of Mobile's Railroad and sea connections, showing the advantages of the Mobile and Ohio Railroad to do economically and profitably the large interchange of products between St. Louis and vicinity and the West India and South American ports. The distances from St. Louis to various points are stated as follows: to Boston, 1,201 miles; New York, 1,064 miles; Philadelphia, 974 miles; Baltimore, 942 miles; Norfolk, Va., 1,026 miles; Charleston, 916 miles; Savannah, 900 miles; New Orleans, 696 miles; Mobile via Columbus, 668 miles; Mobile via Cairo and Jackson, 636 miles.

☞ A full survey has been completed for the new railroad from Southbridge to East Brookfield, Mass., linking the New York and New England Railroad with the Boston and Albany and the North Brookfield Railroads. The distance is eleven miles, and the gravelly nature of the soil will render construction easy. The survey shows that the road can be built for $200,000, and as the enterprise is backed by many of the wealthiest men in Southbridge and vicinity there is every prospect that the road will soon be put under contract.

☞ It is proposed to build a railroad from Wheeler's Farms, on the Naugatuck Railroad, to Woodmont, on the New York and New Haven Railroad. The route has been surveyed and parties are negotiating for the right of way. The new track will cost $150,000, which, it is said, will be paid by the Naugatuck Railroad Co.

☞ The grading between Butternut and Chippewa, on the Wisconsin Central road, is progressing favorably, and the track will be connected by the 20th of June.

## Northern Railway of Canada.

### REPORT OF THE CANADIAN DIRECTORS.

*To the Proprietors of the Northern Railway of Canada:*

TORONTO, 9th May, 1877.

1. The Canadian directors have more than usual satisfaction in presenting their report for the year ending 31st December, 1876, as it will be found that (in accordance with the anticipations expressed in their last annual report) the operations of the company during the past year have been progressive and satisfactory, illustrating substantial advances upon the results of 1875 notwithstanding the continuance of commercial depression, still existing in considerable severity.

The delay which has occurred in consulting the proprietors in annual meeting has arisen partly by reason of the necessary absence in England of the general manager, and partly because it was thought better to await the progress of legislation now successfully accomplished.

2. The gross traffic receipts of the year have amounted to $784,801 38 (£161,260 11s. 1d. sterling), as against $744 598 65 (£152,999 14s. 5d. sterling) in 1875, showing an increase in 1876 of $40,202 73 (£8,260 16s. 8d. sterling), or at the rate of 5.39 per cent. over 1875.

This increase was due to the bountiful harvest of 1875, beneficially affecting the receipts of the spring of 1876; to partial recovery in the square timber trade; and to the development of traffic arising out of the operation of the Extension lines, and notably of that serving the Muskoka district. Thus, whilst the gross earnings of the main line advanced 2.76 per cent., the earnings of the Extensions (even during this period of depression) show an advance of 37.91 per cent. over the year 1875.

3. The ordinary "working expenses" of the year have been $458,552 22) £94,223 1s. 1d. sterling), as against $473,963 76 (£97,389 16s. 3d. sterling) in 1875, showing a reduction of $15,411 54 (£3,166 15s. 2d. sterling) in favor of 1876, or a decrease of normal expenditure at the rate of 3.25 per cent.

In relation to "gross earnings," the "working expenses" of 1876, have expressed a rate of 58.42 per cent. against 63.64 per cent. in 1875, being a reduction of 5.22 per cent. Whilst this is largely due to reduced prices for material and in the wages of labor, it is also due to vigilant economy of administration by the heads of departments. Nor has this reduction been attained at the cost of efficiency, for the property in every detail has been upheld in first class condition, and an examination of the accounts will show that the expenditure in "repairs" of works and buildings has been considerably in excess of similar outlay in previous years.

The directors have adopted the policy of providing steel rails instead of iron in the ordinary repairs of the permanent way, and the provision made for the current year will, with the steel rails already laid, give a continuous steel track of 20 miles outwards from Toronto, covering the heaviest gradients and reaching the summit level of the line.

4. The net revenue of the year has amounted to $326,249 16 (£67,037 10s. 0d. sterling) as against $270,634 89 (£55 609 18s. 2d. sterling) in 1875, showing an increase of $55,614 27 (£11,427 11s. 10d.) in advance of 1875.

It is not within the knowledge of the directors that any other financial interest in the Dominion has illustrated such advancing results during the recent period of depression—a depression so exceptional in its severity, and so universal in its pressure, as to have adversely, even though but temporarily, affected almost every other interest and undertaking in the country.

5. Of the application of this net revenue of $326,249 16 (£67,037 10s, 0d. stg.) see Account No. 2, the directors have to report the payment at due dates of full interest dividends upon all issues of the company's debentures; provision having also been made for the interest charges of the year upon the liabilities connected with the amalgamation of the extension lines and other advances on capital account, to the amount of $42,755 91 (£8,785 9s. 8d. stg.); whilst the sum of $46,944 92 (£9,646 4s. 4d. stg.) has been appropriated to new works, buildings and equipments, ordinarily provided from capital account, and a balance of $1,228 (£252 6s. 6d. stg.) has been carried forward to the credit of the next half year.

6. This expenditure on services ordinarily belonging to capital account has been made with the strictest regard to necessity, and in accordance with the past policy of the directors in so providing for new industries, new traffic producing establishments, upon the line, as to afford every encouragement for their profitable development. Full details of these outlays will be found in Appendices L., M., N., O., P. and Q., and the directors do not doubt that they will commend themselves to approval as in the true and permanent interests of the company, for it is this policy, persistently pursued, which has raised the earning and carrying power of the undertaking from £53,744 stg. in 1858 to £161,260 stg. in 1876.

7. During the year now reported upon, the passenger traffic of the line has been operated without injury to person or property, whilst the damages on account of freight have in 1876 amounted to the sum of $1,270 91 (£261 2s. 11d. stg), including every loss, casualty and compensation connected with the service.

8. In their report of last year, the directors stated that the amalgamation of the Northern Extension Railway comprising 72 miles of line, had been completed under authority of the Act 38 Vic. cap. 65, and by deed bearing date 3rd June, 1875. At that date, the line to Gravenhurst—the great objective point of the whole system—was still incomplete, and provision had to be made for the completion of the works on an estimate of $258,361.

These works were so far finished as to enable the opening of the line on the 15th November, 1875, with, however, a balance of works in fencing, ballasting and equipment, yet to be provided for.

The directors have now to report that every work upon these lines has since been fully completed to a high standard of construction and within the estimate provided by the deed of amalgamation, and leaving an unexpended balance of $8 013 91, a result highly creditable to the chief engineer.

To this sum has to be added $4,633 46, being an unexpended balance of "contingencies" provided for by the estimate, showing a total unexpended balance of $7,646 37, now to credit under the terms of the deed of amalgamation.

The actual expenditure on the completed work having been thus finally reached, and the account closed, it is proper here to recur to the salient points of this amalgamation; and it will be found by reference to account No. 3 that whilst these lines had been valued by two eminent and independent engineers—Messrs. Walter Shanly and John Kennedy—as representing, on a cash basis, an estimated outlay of $27,841 (£5,618 stg.) per mile, and whilst their actual cost had amounted to $24,486 (£5,031 per mile), they have been acquired by this company at £4,105 stg. per mile, the difference being represented by government subsidies and free municipal grants thus enuring to this corporation. Yet it may justly be said that the rate of amalgamation or purchase of these lines, beneficial as it has been, bears but moderate relation to the traffic value of their acquirement, which has been the secret of the augmented revenues of the past year, earned even on these new and undeveloped additions—at a reduction of the aggregate rate of working expenses previously common to the parent line.

The directors submit that the results—initial only as they are—have already fully justified the responsibility they assumed in originally promoting the construction of these lines, and more recently in recommending their acquirement by amalgamation.

9. The government of Canada, in pursuance of general policy promotive of railway construction in the country, and conditionally common to all railways then under construction, contributed in 1850-51 to the capital of this company the sum of £475,000 stg., taking a lien upon the undertaking to that amount.

This lien has continued (subject in rank to two postponements in favor of necessary new capital) until the 28th of October, 1876, when, under the provisions of acts of the dominion 38 Vic. cap. 28, and 39 Vic. cap. 6 it was commuted and extinguished by a cash payment to the government of £100,000 stg.

In relation to the value of this lien and to the claims of the government thereunder, two inquiries have been instituted during the past year, the first by royal commission, and more recently by a committee of the House of Commons, the result of which has been a further claim of $27,458 88 (£6,642 stg.), as payable to the government, making a total payment of £105,642 in full and final discharge of every liability of the company under the original advance by the government of Canada to its capital account. Engaged at the time in legislation beneficial to the company, (hereafter to be adverted to), the directors, although they had regarded the provisions of the lien act of 1875 as final, preferred to compromise all questions of interest and other items of contention rather than prejudice or endanger the passage of a bill greatly to the interest of the company.

The directors accordingly recommend that provision be made for the payment before the 1st of May, 1878, of the additional sum of $27,458 88 (£5,642 4s. 8d. sterling), upon which payment so to be made the company will relieve itself of all the fetters and complications by which its energies and operations have been so much embarrassed over a long series of years.

It may be proper to add, that on this lien being thus finally disposed of the following payments will have been made by the company to the government, viz:

| | |
|---|---|
| On account of principal, in cash, under act, 1875 | £100,000 stg. |
| On further account thereof under act 1877 | 5,642 " |
| On account of interest, second preference bond, £50,000, @ 90 | 45,000 " |
| Interest thereon, 1861 to 1876 | 50,021 " |
| Third preference bonds, £50,000, under act 1877 | 45,000 " |
| Interest thereon upon extinguishm't. | 2,250 " |
| Total payment on cash basis | £247,913 stg. |
| | $1,206,510 00 |

Having regard to what has been done by other Canadian railway companies in repayment of like advances made by the government towards original construction, the directors feel warranted in congratulating the proprietors upon the ability of this undertaking to make so substantial and exceptional a return to the dominion exchequer on account of the lien; for whilst not desiring to say that the terms of the extinguishment of the lien are in the aggregate oppressive, yet the ability of the company to meet a claim so extensive is gratifying evidence of the great development in value of the property, and of the administrative policy which has produced it.

10. Consequent upon the amalgamation of the Extension railways, representing 72 miles of additional line, and of the liabilities in connection with their capital accounts thus and then assumed, and in order further to provide for the extinguishment of the government lien, as determined by another enactment, it became necessary to provide for extended capital powers, which were accordingly obtained under the company's act of 1875.

Upon further consideration and more mature consultation with their London colleagues, the Canadian directors came to the opinion that the provisions of that act might be beneficially amended, and they therefore sought and have succeeded in obtaining further and amended powers by an

act passed in the session of the parliament of the dominion just closed, which received the royal assent on the 28th ult.

The main features of this enactment may be described as follows:

It provides for such an issue of securities bearing 5 per cent interest in the front rank of the undertaking as will meet—

1st. The existing "first preference bonds," to the amount of $250,000, which mature on the 1st August, 1879.

2nd. As will provide for consolidating or commuting the existing debentures of the Northern Extension Railways Company (now amalgamated) and amounting to £177,400 stg.

3rd. For such an amount of new capital as is necessary to provide—(a) for the amount expended in extinguishment of the lien of the dominion; (b) for the amounts assumed under deed of amalgamation of the Extension lines, and expended in completion of the Gravenhurst division; (c) for commuting and extinguishing third preference bonds held by the government of the dominion to the amount of £50,000 sterling; (d) for certain past advances from revenue to capital account, for additional locomotive and rolling stock, works and equipments to meet the then increasing traffic demands of the line.

To compass this consolidation in every way advantageous to the company an issue is authorized of £850,000 of 5 per cent. first preference debentures (or debenture stock), and the directors recommend that authority be given to make this issue in the terms of the company's act of 1877 as may seem best in the interests of the company, observing that the ultimate operation of the act in its entirety will be to reduce the interest charges preferential to the ordinary stock in the amount (as in relation to the act of 1875) of £10,400 per annum.

Further authority is given for a reserve capital in preference stock to the amount of £150,000 stg., for the ordinary purposes of the company, to be issued from time to time with the sanction of the shareholders.

The act further provides for the separate election from amongst themselves of a director specially representative of the private holders of ordinary stock, and in addition to the existing stock representation of the municipal holdings.

The adoption of the act is nevertheless subject to the concurrence of the holders of the debenture debt of the company.

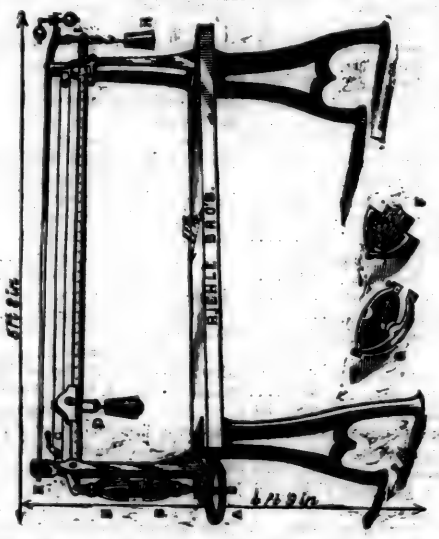
The directors commend the adoption of the act alike to the holders of debentures and of ordinary stock, believing that its purpose and operation will be most clearly beneficial to both.

11. Negotiations have passed during the past year, emanating from "The N. Simcoe Railway Co.," now constructing a line from Barrie to Penetanguishene, having for their object the establishing of working arrangements between the two companies; and a preliminary and conditional agreement has been come to, subject to concurrence and adoption by this company on or before the 1st of August ensuing. It will be for the incoming board for the ensuing year to deal with this measure.

12. Consequent upon the vacancy created by the death of the late Secretary and Treasurer, Mr. Walter Townsend has been appointed to that office, and will enter upon his duties at an early date. Selected and nominated by the London board, as possessing very extended experience, and the confidence of the English proprietary, the directors anticipate much advantage from his accession to the staff.

13. On a general revision of the year 1876, and of the results now reported, the directors find much reason for congratulation.

With augmented earnings on the year preceding in the ratio of 5.39 per cent., with working expenses diminished 3.25 per cent., and the general revenue advanced in the important sum of £11,427 11s. 10d. stg., the proprietors will recognize results illustrating the substantial character of the undertaking in the ability with which an inactive commercial period has been tided over; and although the nature of its traffic in certain great staples (as the products of the farm and of the forest) makes its earnings much dependent upon the condition of fluctuating markets, the unbroken sequence of substantial advances in income over a long series of years and the recent exceptional strength with which, under adverse circumstances, its revenues have been maintained and increased, would seem to denote that this railway has attained a position of stable and permanent strength.



The company having been relieved of the lien of the government now for the first time takes rank as a private and independent corporation; and with the freedom of action thus achieved, and the close and vigorous administration which a more direct local interest will tend to promote, the directors look forward, on a revival of commercial activity, to still more substantial prosperity and credit.

14. Hereto are appended the reports of auditors, with full details of departmental accounts, and the usual statistical returns.

All respectfully submitted.

By order,

FRED. CUMBERLAND, *General Manager.* WM. THOMSON, *President.*

**Riehle' Bros. Cement Tester, Capacity 300lbs.**

The above cut represents a new machine for ascertaining the tensile strength of cement from the works of the Riehle' Bros., Philadelphia, who are gaining such a wide reputation for making machines for testing various materials. It is not alone however in the strength and power of resistance of materials that testing machines are useful; they serve quite as good a purpose in revealing the mistakes and defects of design and construction as they do in determining the quality of materials.

The reader will observe at the left end of this machine a wheel and screw (A) to exert the power or "pull down" the tools (BB) which hold the specimen; the crank (C) that moves the poise (D) back and forth with great ease and rapidity, and the indicator (E), which combined arrangement makes a very complete and handy machine, the whole operation of testing being performed at one end.

As in the case of all their testing machines, the main beams or levers are made to remain as motionless as possible, in order to maintain their horizontal position, the indication being effected by an additional beam, which exaggerates the slight motion of the weigh beam so that the slightest motion is plainly seen. The "brick" of cement to be tested is placed between the grips, and broken by applying the screw and moving the poise simultaneously and the strain is thus accurately recorded on the beam.

This machine is indispensable to the engineer and contractor, and to all parties interested in securing cement of a specified strength. The Engineer of Public Works, Cincinnati, has one of these in use, and also Philadelphia Highway Dept. use machines made by this firm for tension and compression.

### Railroads of Arkansas.

In addition to her water courses, Arkansas is reasonably well supplied with railroads, which are being extended so far as to embrace every section of the State.

The St. Louis, Iron Mountain and Southern Railroad runs diagonally across the State, a distance of 300 miles, making connections with railroads east and west.

The Memphis and Little Rock Railroad extends from Little Rock to Memphis.

The Little Rock and Fort Smith Railroad is running a distance of 158 miles, up the valley of Arkansas, to the Indian border.

The Little Rock, Pine Bluff and New Orleans Railroad is completed and running a distance of eighty miles, from Pine Bluff to Arkansas city, on the Mississippi river. A survey has recently been made of the gap between Little Rock and Pine Bluff, which will soon be built.

The Mississippi, Ouachita and Red River Railroad is completed, a distance of about thirty miles west from Chicot.

The Arkansas Central (narrow) gauge Railway is completed a distance of about sixty miles, and runs trains regularly between Clarendon, on White River, and Helena on the Mississippi.

A narrow gauge railroad is in operation between Malvern, a point on the St. Louis, Iron Mountain and Southern Railroad, and Hot Springs, thus giving the outside world a continuous line of railroad to the Springs.

With her navigable streams and railroads, the farmers of Arkansas have the means of getting to outside markets with little trouble.

☞ The Waterloo (Ca.) Advertiser says that work is to be resumed on the Waterloo and Sorel Railroad at an early day and it is expected trains will be run between Waterloo and Sutton Junction not later than the approaching summer. It is understood Colonel Foster's temporary embarrassments will not interfere with the completion of the road, as that gentlemen, with characteristic energy, is making arrangements to that end.

☞ The contract for the construction of the Stratford and Lake Huron (Ca.) Railway has been let to Mr. W. G. Hay, of Listowell. The road is expected to be open between Stratford and Listowell by November next. At Palmerston a resolution was adopted by the Council to vote a bonus of $21,000 to this company in order to induce it to extend its line to that town.

☞ A survey is to be made of a route for a new railroad to connect with the Boston and Maine Railroad, and run from Boston through Medford, Winchester, Woburn and North Woburn to Wilmington.

# American Railroad Journal.

**Saturday, May 26, 1877.**

### Financial and Commercial Affairs.

Extreme ease is yet the characteristic of the local Money market. The offerings of unemployed capital are very liberal, and lenders find much difficulty in placing balances even in a temporary form at the merely nominal rates now quoted. Speculation in all lines lacks spirit, and calls for less financial aid. General business requirements are also very moderate. Call loans are quoted as low as 1½@3, with most of the important negotiations reported on the basis of 2 per cent; and very choice to prime mercantile credits are rated at 3@5 per cent per annum. The City banks, last week, reported a further increase in their legal tender reserves, as also in their circulation. The loan and discount item was cut down moderately, and the specie and deposit averages also reduced. The loan and discount average was contracted $624,900. The item of circulation was augmented to the extent of $1,200. The deposits were diminished $580,000; the legal tender reserve enlarged $1,371,000; and the specie average reduced $1,405,300.

The City banks reported their average of gold last week at $21,867,200, as against $18,899,300 same date last year; and their greenback average at $52,437,700, as against $45,689,800 on May 20, 1876. Their deposits stood at $226,645,400, against $207,998,500 same time in 1876. The loan item was $255,894,700 against $253,210,500 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $17,648,550, as against $17,532,700 the preceding week, $9,-

039,775 the week ending 14th April (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $393,161,606, or a daily average of $65,526,934.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $46,320,541, against $46,010,268 the preceding week; and a coin board of $76,676,239, against $78,511,652 on the return of a week earlier. The Customs revenue of the port during the past week was $1,688,000.

The aggregate of the outstanding U. S. currency of all denominations, May 1st, was $384,-149,992. The outstanding amount of legal tender notes is $361,494,404. The National bank circulation is now $317,439,847 of currency notes and $1,432,120 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $6,558,000.

The income of the Government from internal revenues last week was about 2¾ millions, and since July 1, 1876, about 105¾ millions; and from Customs last week about two millions, and since July 1, 1876, about 116 millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $12,972,500; special deposit of legal tenders for the redemption of certificates of deposit, $46,100,000; Coin, $100,526,140, including of Coin certificates, $47,576,700.

The Gold speculation has been rather brisker, and the fluctuations in the price have been within a somewhat wider range. The export call for specie has been less urgent, and the Customs drain quite moderate. The extremes of the price during the week have been 106⅝@107¼, closing on Wednesday at 106⅞, as against 107 on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was confined to $1,008,-490, (of which $579,700 in various forms to Liverpool, $100,000 to Southampton, and $210,000 to London,) making the total exports of specie hence since January 1, $11,626,554, against $21,846,377 the same time in the preceding year. The imports of specie at this port last week were $97,-027, (of which $70,000 from Port au Prince,) and since January 1st $6,684,118 as against $1,586,421 same time last year. The Customs demand for gold last week averaged $298,000 per day. Foreign Exchange has been moderately sought after and generally quoted steadier. Bankers' sixty day bills on London closed on Wednesday at $4 87¼@$4 88; sight bills on London at $4 89½@$4 90 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $5,605,784 as against $6,398,015 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $912,388 of Dry Goods and $4,693,396 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $5,518,535, against $5,262,023 same week in 1876.

Government securities have met with a readier sale to investment buyers, and have been generally quoted stronger in price. At the close the market was quoted firm, leaving off on Wednesday as follows:

United States currency sixes, 125⅛@125¼; do. 6s, 1881, registered, 114⅝@114¾; do. coupon, 115¼@115½; do. 1865, new, registered, 111¼@111⅜; do. coupon, 111¼@111⅜; do. 1867, registered, 114¼@114⅜; do. coupon, 114¼@114⅜; do. 1868, registered, 116; do. coupon, 116; do. ten-forties registered, 112⅞@113; do. coupon, 113⅛@113⅜; do. five-twenties, 1881, registered, 111¾@111⅞; do. coupon, 111¾@111⅞; do. 4½ per cents, 1891, registered, 107⅛@107¾; do. coupon, 108⅝@108⅞; Central Pacific Gold bonds, 110¼@110¾.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,463,000, and $18,-898,000 as security for public deposits.

State and Railway bonds have been more freely dealt in, and prices of the more substantial loans have shown more firmness. And in the line of Railway and Miscellaneous share property business has been fairly active, but at variable and toward the close generally weaker prices.

Business in domestic produce and foreign merchandise has been on a restricted scale. Bread stuffs and Provisions have been less active as a whole; and prices have been generally quoted lower and irregular. Cotton has been in moderate demand, closing stronger. Naval Stores and Petroleum have been less active, with prices favoring buyers.

Receipts of Grain from the Canal have been quite liberal; much of the Corn however arriving in poor order.

Metals have been very quiet, and prices have been quoted weak throughout. Eglinton Pig Iron quoted at $22 50; Glengarnock $27 50; Coltness $28 50@$29; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$18 50; Forge $17@$18 50; American Rails at works $35@$36; Old Rails $18@$19. Wrought Scrap $23@$25. Steel Rails, on the basis of $47@$50 at the mills. Ingot Copper lightly dealt in; quoted 19@19¼ for early delivery.

Hardware has been selling very slowing at former figures. Boots and Shoes have been less sought after at generally steady prices. Dry Goods have been inactive, with prices of Domestic Cottons and imported fabrics quoted weaker and unsettled.

Ocean freights have been moderately active, and rates have been quoted rather steadier on the berth. Liverpool steamer rates at the close for Grain, 6@6½d. per standard bushel. Provisions, 40s.@55s.; Tallow, 35s.; Leather, 70s. per ton; Cotton, ½d. per lb., Liverpool, by sail. Cotton, ½d. Grain, 6d. Oil Cake and Slate, 15s.; Resin, 2s. 4½d. Measurement Goods, 12s. 6d.@15s. Grain rates on charter hence for Cork and orders left off at 5s. 6d.@5s. 9d.; for the Continent, nominal; and from Baltimore for Cork and orders, 5s. 3d. @5s. 6d. per quarter. Refined Petroleum hence for Cork and orders, 4s.@4s. 3d.; for the Continent, 3s. 9d@4s. 3d. per bbl.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# FISK & HATCH,

## Bankers,

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors; also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

**Redemption of Five-twenty Bonds.**

The Secretary of the Treasury on the 21st inst. issued the forty-seventh call for the redemption of five-twenty bonds of 1865—known as five-twenty bonds of the act of March 3, 1865, dated July 1, 1865. The call is for $10,000,000, of which $6,000,000 are coupons and $4,000,000 registered bonds. The principal and accrued interest will be paid at the Treasury of the United States in the city of Washington on and after the 21st of August, 1877, and interest will cease on that day. The bonds designated are as follows:

Coupon bonds—$50, No. 1 to No. 3,000, both inclusive; $100, No. 1 to No. 4,000, both inclusive; $500, No. 1 to No. 5,000, both inclusive; $1,000, No. 1 to No. 11,000, both inclusive. Total coupon, $6,000,000.

Registered bonds—$50, No. 1 to No. 100, both inclusive; $100, No. 1 to No. 700, both inclusive; $500, No. 1 to No. 700, both inclusive; $1,000, No. 1 to No. 2,800, both inclusive; $5,000, No. 1 to No. 1,100, both inclusive; $10,000, No. 1 to No. 1,181, both inclusive. Total registered, $4,000,000.

Aggregate, $10,000,000.

All United States bonds forwarded for redemption should be addressed to the Loan Division, Secretary's office, and all registered bonds should be assigned to the Secretary of the Treasury for redemption.

Where parties desire checks in payment for registered bonds drawn to order of any one but the payee, they should assign them to the Secretary of the Treasury for redemption, account of the owner or owners.

**Pittsburg, New Castle and Lake Erie R. R.**

At a meeting of the stockholders of the Pittsburg, New Castle and Lake Erie Narrow Gauge Railroad, held in Pittsburg on the 6th inst., the following gentlemen were elected directors for the ensuing year: James C. Lewis, of Pittsburg; Hon. Henry R. Low, of New York; George A. Chalfant, of Pittsburg; William Martin, New York; Wm. N. Riddle, Pittsburg; William Irvin, M. D., Butler county; General Grinnell Burt, New York; General James S. Negley, Pittsburg. Mr. Delos E. Culver, of Jersey City, New Jersey, was elected President of the company.

**Wheeling, Pittsburg and Baltimore R. R.**

At the annual meeting of the stockholders of the Wheeling, Pittsburg and Baltimore (formerly Hempfield) Railroad Co., held at Washington, Penn., on the 7th inst., the following gentlemen were elected directors: J. B. Washington, W. S. Bissell, W. W. Smith, William Workman, S. B. Hayes, William Keyser, and A. Maddison. At the meeting of the Board, held after the stockholders' meeting, J. B. Washington was elected President, and W. W. Smith Secretary of the company. Mr. Washington was the former Secretary, and is now Secretary of the Pittsburg and Connellsville Railroad Company. Mr. Colin M. Reed, the former President, declined to be a candidate for re-election. The other officers are the same as last year.

**Central Railroad of New Jersey.**

The Committee appointed at a meeting of the holders of the Consolidated Mortgage bonds of the Central Railroad Company of New Jersey, held in this city on the 23d of March, report that—

Both the receiver and the officers of the company are hopeful for its future prosperity after reorganization, and appear to your committee earnest and zealous in their efforts to relieve it from embarrassments, and to place its affairs on a sound and secure footing. The gross earnings for 44 days, ending March 31st, 1877, (since the receiver took possession), were $657,000; expenses (including rental of Lehigh and Susquehanna Division, $88,000), $443,000. Net earnings, 44 days, $241,000.

☞ It is stated that the average cost of running the new street cars in Philadelphia is $7 a day, and for horse cars it is $8 53, both items including interest and wear and tear. The steam cars run so much faster than the horses that four are equal to five horse cars. Other cities are trying the new invention.

☞ The Delaware, Lackawanna and Western Railroad Company will, on Tuesday next, sell at auction 150,000 tons of coal; the Pennsylvania Coal Company, on same day, will dispose of 70,000 tons in the same manner, and on the following Wednesday the Delaware and Hudson Canal Company will sell 100,000 tons.

☞ The officers of the Carey Improvement Co., recently elected, are: President, C. H. Coffin; Secretary and Treasurer, William Pratt; Directors, C. H. Coffin, A. P. Blake, D. B. Rich, J. Thomas Baldwin, Henry W. Stone.

☞ The sale of the New Jersey Southern Railroad, to satisfy claims of the first mortgage bondholders, which was to have taken place at Long Branch on the 22d inst., has again been postponed for a week.

☞ The keel for a large, new steamship for the Morgan Line was laid a few days ago at the Harlan & Hollingsworth ship yards at Wilmington, Delaware.

☞ The gross earnings of the Philadelphia and Erie Railroad in April, 1877, were $225,827 21, the expenses $163,241 25, and the net earnings $62,585 96.

### The Coal Trade.

The total tonnage for the week ending on the 12th instant, as reported by the several carrying companies, amounted to 497,156 tons, against 335,831 tons in corresponding week last year, an increase of 161,325 tons. The total amount of anthracite mined for the coal year is 6,622,875 tons, against 5,273 249 for same period last year, an increase of 1,349,626 tons. The quantity of bituminous coal sent to market for the week was 71,209 tons, against 72,758 tons for corresponding week last year, a decrease of 1,549 tons. The whole bituminous tonnage from the beginning of the coal year is 1,068,485 tons, against 1,075,137 tons in corresponding time last year, a decrease of 6,622 tons. The total tonnage of all kinds of coal for the week is 568,365 tons, against 408,589 to corresponding date last year, an increase of 159,776 tons, and the total tonnage for the coal year is 7,691,360 tons, against 6,348,386 tons, to same date last year, an increase of 1,342,974 tons. The receipts at Perth Amboy for the week ending on the 12th instant were 26,290 tons, the shipments 37,133 tons, leaving a stock on hand of 129,152 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first week in May was 93,435 tons, of which 78,969 tons were coal, and 14,466 tons coke. The total carried for the year is 2,653,318 tons, of which 1,340,002 tons were coal and 328,634 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, May* 21.

### Shape and Dimensions of California.

The ocean front of California occupies as much space, and extends through the same lines of latitude as the Atlantic shore of New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia and North Carolina. Our northern boundary line corresponds to Boston, Mass., and our southern to Savannah, Ga. Very nearly the middle of the State would be described by a survey beginning at Santa Cruz, on the ocean, and running through Gilroy to Fesno City, on our eastern line. Its width on the north end is 216 miles; extreme extension from west to east, 352 miles; average width, about two hundred and thirty-five miles; extension from north to south, 654 miles. A direct line from the northeast corner of the State to Fort Yuma, being the longest in the State, is 830 miles. San Diego lies 350 miles south, and 285 miles east of San Francisco; while Cape Mendocino is 96 miles west and 180 miles north of this city. The State of California has 190,000 square miles, against 47,000 square miles in New York; and the San Joaquin Valley alone, not including the foothills, is twice as large as the entire State of Connecticut. These figures, which will certainly be new to most of our citizens, indicate, in some degree, the magnitude of our territory, and the irregular shape in which it lies.—*San Francisco Post.*

☞ Judge Dillon, of the United States Circuit Court, now in session at Des Moines, Iowa, has decided that the Eastern half of the Union Pacific Bridge at Council Bluffs is subject to taxation by the local authority on the same basis as individual property. The company contended that it was subject only to pro rata taxation with the remainder of the road. The taxes amount to more than $12,000 annually.

☞ The citizens of Goodson, Va., have unanimously voted a subscription of $5,000 in behalf of the narrow gauge railroad to Cumberland Gap, for which a charter was obtained at the last session of the General Assembly of Virginia.

☞ The officers of the Buchanan and Clifton Forge railroad expect to enter upon the work of grading early next month, and the greater part they hope to complete the present season.

### Immigration into the United States.

From the quarterly report of the Chief of the Bureau of Statistics, recently issued, we learn that during the year ended December 31, 1876, 157,440 immigrants arrived, of whom 102,960 were males and 54,480 females. Their ages were: under fifteen years, 26,608; fifteen and under forty, 111,764; forty years and upwards, 19,068. Deaths on the voyage, 66.

The countries of last permanent residence or citizenship of the immigrants were: England 21,051, Ireland 16,506, Scotland 4,383, Wales 294, Isle of Man 8, Guernsey 1, Germany 31,323, Austria 6,047, Hungary 475, Sweden 5,204, Norway 6,031, Denmark 1,624, Netherlands 709, Belgium 454, Switzerland 1,572, France 6,723, Italy 2,980, Malta 2, Greece 24, Spain 597, Portugal 816, Gibraltar 16, Russia 6,787, Poland 854, Finland 22, Turkey 59, Arabia 13, India 22, Burman 9, China 16,879, Asiatic Russia 83, Japan 6, Asia not specified 14, Egypt 3, Liberia 14, Algeria 9, Africa not specified 17, Quebec 15,545, Nova Scotia 8,200, New Brunswick 1,494, Prince Edward Island 437, Newfoundland 58, British Columbia 484; Mexico 532, Central America 14, United States of Colombia 20, Venezula 37, Guiana 3, Brazil 28, Argentine Republic 6, Chili 20, Peru 11, South America 10, Cuba 880, Port Rico 17, Jamaica 23, Bahamas 559, Barbadoes 82, other West India Islands 43, Curacoa 14, Azores, &c. 960, Bermudas 29, Iceland 30, Mauritius 3, Sandwich Islands 20, Australia 1,261, East Indies 16 and born at sea 23.

☞ At the annual meeting of the stockholders of the Pittsburg, Fort Wayne and Chicago Railway Co., held in Pittsburg on the 16th inst., Louis H. Mayer, of New York, Jesse L. Williams, of Fort Wayne, Indiana, and Charles E. Speer, of Pittsburg, were elected directors for four years, and L. B. Harrison, of Cincinnati, for two years, to fill a vacancy. The President reported that the earnings of the road in 1876 were $7,853,849 91, and in 1875 $7,863,664 28. The expenses for 1876 were $4,787,161 37, and for 1875 $4,586,097 93.

☞ At a meeting of the James River and Kanawha Canal Co., held in Richmond, Va., on the 15th inst., Maj. John W. Johnston, of Botetourt county, accepted the presidency of the company, stating that he had been assured of the support of the proxies and merchants of Richmond in his efforts to connect the canal with the Chesapeake and Ohio railroad by a railroad from Buchanan to Clifton Forge. He hopes to complete this connection within a year from now.

☞ The officers and directors of the New York Elevated Railroad Company, elected on the 18th inst., are: Cyrus W. Field, President; Milton Courtright Vice President and Chief Engineer; James A. Cowing, Secretary and Treasurer. Directors—David Dows, John H. Hall, Peter Cooper, Alfred S. Barnes, Morris K. Jesup, A. H. Barney, John D. Mairs, Edward M. Field, D. A. Lindley and F. H. Tows.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the Dover and New Philadelphia Street Railroad company, capital stock $12,000, in shares of $50 each, by Thomas Moore and others.

### Cincinnati Southern Railroad.

A special dispatch to the New York Times from Cincinnati, of date May 21, says:

A combination of Cincinnati capitalists executed a coup d'etat to-day which will probably give them permanent control of the Southern Railroad. The city of Cincinnati has already raised $16,000,000 for the building of this road. The money is all expended, but still a considerable part of the work remains unfinished. The completed portion, extending nearly through the State of Kentucky, only waits equipment to be put into immediate operation, and with a view to making this available for use, the Trustees decided upon a temporary lease. A common carriers' company was organized with a capital of $500,000, and books were opened for subscriptions. The city was thoroughly convassed, and at 5 o'clock to-day, the hour for closing the books, less than half the amount was taken. At that moment, however, a syndicate subscription of 6,000 shares was made, giving the control of the lease to a small combination of men, headed by R. M. Shoemaker. This takes the business community by surprise. Fears are expressed that by this move the city has lost control of the road and will never see a return for her $16,000,000. On the other hand it may be said that the gentlemen composing the syndicate are well known citizens and heavy tax payers, who would not be suspected of intention to fleece the city. The Trustees have also the right to revoke the lease at any time, upon sixty days' notice, and no very great rascality can be perpetrated without their connivance. It will require $2,250,000 more to complete the road to Chattanooga.

☞ The annual meeting of the Northern Railway Company of New Brunswick was held at Richibucto, on the 2d inst. The report of the directors for the past year was read and adopted. The following gentlemen were elected directors for the ensuing year, viz: Alexander Girvan, John Taylor, Robert Hutchinson, Martin Flanagan, Henry O'Leary, J. A. James and C. J. Sayre. Alex. Girvan was elected President, and James D. Phinney Secretary-Treasurer.

☞ At a meeting of the stockholders of the Cincinnati Southern Railroad Company, held in Cincinnati on the 22d inst., the following gentlemen were elected directors: Rufus King, John Shillito, Robert Mitchell, David Sinton, J. H. Rogers, William Glenn, R. M. Shoemaker, J. M. Kinney, Henry Lewis, Alfred Gaither, J. H. Rhodes, Preserved Smith and J. L. Keck. The directors will meet on the 26th inst. for organization.

☞ The directors of the Detroit and Bay City Railroad Company, elected on the 19th inst. are: Moses Taylor, John Jacob Astor, Benjamin Dunning, Samuel Sloan, Marshall O. Roberts, Lucius Tuckerman, R. G. Rolston, New York; C. K. Carpenter, Orion; James F. Joy, Detroit. The gross earnings for the year ending December 31, 1876, were $385,717 37, the expenses and taxes $260,187 01, and the net earnings $125,530 36.

The Post-office Department has contracted for a semi-weekly mail service between Paddock, Neb., and Custer City, in the Black Hills, a distance of 260 miles, to continue from the 1st of June to the 30th of September. This will make the sixth mail route to the Black Hills.

☞ The Post-office Department has ordered an extension of mail service on the Pennsylvania Railroad from Lewiston Junction to Selinsgrove Junction a distance of forty-five miles, to commence on June 1.

### Foreign Trade of the United States.

The following is a condensed statement of the foreign trade of the United States, for the fiscal year ending June 30, 1876, prepared by Dr. Young, Chief of the Bureau of Statistics of Commerce and Navigation:

| Countries. | Imports. | EXPORTS— Domestic commodities. Mixed values. | Foreign commodities. |
|---|---|---|---|
| Argentine Republic. | $8,602,736 | $1,519,190 | $65,862 |
| Austria .... | 449,869 | 1,554,319 | 1,200 |
| Belgium ... | 5,442,048 | 16,093,117 | 682,393 |
| Brazil ..... | 45,453,178 | 7,253,218 | 94,162 |
| Central Am. States.... | 1,819,120 | 938,102 | 40,669 |
| Chili ..... | 755,222 | 3,157,752 | 41,758 |
| China ..... | 12,360,851 | 1,890,360 | ..... |
| Denm'k, Danish W. I. & Greenland..... | 498,366 | 1,586,684 | 13,498 |
| France and French Posses'ns. | 53,619,740 | 48,327,066 | 988,526 |
| Germany .. | 35,488,117 | 51,107,147 | 1,467,820 |
| England & Posses'ns. | 176,279,227 | 422,416,533 | 13,334,587 |
| Greece .... | 560,411 | 143,235 | ..... |
| Hayti ..... | 3,076,199 | 4,732,724 | 105,998 |
| Italy ..... | 7,628,772 | 7,770,470 | 17,005 |
| Japan ..... | 15,508,170 | 1,098,457 | 8,309 |
| Liberia .... | 78,251 | 155,112 | 1,075 |
| Mexico .... | 12,505,753 | 4,706,778 | 1,501,394 |
| Netherlands & Dutch Indies... | 9,125,057 | 13,692,513 | 73,203 |
| Peru..... | 1,440,973 | 1,176,922 | 31,176 |
| Portugal & P'tuguese Posses'ns. | 654,652 | 3,472,390 | 80,552 |
| Russia..... | 1,112,152 | 11,922,285 | 1,548 |
| Santo Domingo... | 405,363 | 695,859 | 40,554 |
| Sandwich Islands .. | 1,382,592 | 754,267 | 54,990 |
| Spain and Spanish Posses'ns. | 72,062,966 | 26,169,791 | 2,374,995 |
| Sweden and Norway.. | 347,945 | 1,460,987 | 5,134 |
| Turkey .... | 439,647 | 3,388,871 | 2,258 |
| U. S. of Colombia .. | 5,497,646 | 3,946,442 | 164,804 |
| Uruguay... | 1,804,552 | 1,126,128 | 11,470 |
| Venezuela . | 5,875,715 | 3,424,278 | 57,299 |
| All other... | 902,586 | 11,282,847 | 3,896 |
| Total... | $476,677,871 | $655,468,969 | $21,270,035 |

### The Pioneer Railway.

A new kind of railroad has been suggested by some English capitalists and engineers. The plan proposed is called "the Pioneer Railway," and consists of a low fence or continuous girder, constructed of wood or iron, as desired, supported on edge upon posts or pillars, and surrounded by a single rail (not a single line of rails;) the engine, coaches, and cars running on this rail, and sitting astride of the fence, after the fashion of the panniers or packs on a camel or a mule. As any incline up to one in ten is possible, in consequence of the method of driving adopted, no expensive surveys are required, nor levels, except of the most simple kind. It is estimated that with the railway made entirely in iron the cost will not exceed $7,500 per mile, including the proportion of rolling stock. By abandoning entirely the use of vertical adhesion this system is entirely independent of weight, in so far as driving power is concerned, and hence locomotive engines can be made as light as is consistent with obtaining the necessary power from them. The horizontal grip is given by mechanical appliances, which affords the means of varying the amount of pressure at will, in proportion to the gradient to be traversed, and therefore to the load to be drawn. A light locomotive engine on this system means a light construction of road, but not necessarily, as in the narrow-gauge systems, a seriously diminished proportion of traffic hauled by it. The weight is, as nearly as possible, uniform throughout the train, and amounts, when loaded, to from 15 to 25 cwt. per wheel.

The "Pioneer" is thus a homogeneous caravan, all the links of it being of similar weight, and the road to carry it being constructed at an outlay governed by the nature of the traffic, and in no way measured by the arbitrary weight of a conventional locomotive, whose dead weight alone would equal that of a whole "Pioneer," freight included. It possesses the very important element, from a commercial point of view, of providing a supply never in excess of the demand; freight stations and porters, passenger stations and signals, will not be required, there will be no points of crossings, derailment is impossible, and no outlay for fences, hedges, or retaining walls need be incurred, because in public and exposed places, as well as for the passage of roads and rivers, the viaduct is raised to any required height. The main intention underlying the plan is to provide a mode of communication and transport which is cheap, elastic, and efficient, having a low first cost, easily and rapidly erected and removed, and being capable of paying with the scattered or meagre traffic to be obtained from thinly populated and undeveloped countries.

### Commerce of New York.

The foreign imports at New York for the month of April, 1877, are officially stated as follows:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n. | $8,976,897 | $11,559,197 |
| Do. for warehousing .... | 8,224,335 | 7,504,188 |
| Free goods .... .... .... | 6,485,507 | 8,909,582 |
| Specie and bullion..... | 117,993 | 885,049 |
| Total entered at port... | $23,804,232 | $28,858,011 |
| Withdrawn fr. wareh'use | 7,665,238 | 6,692,828 |

The foreign imports at New York for four months from January 1, were:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n | $47,912,226 | $50,187,325 |
| Do. for warehousing... | 32,801,126 | 26,865,352 |
| Free goods .... .... .... | 31,266,884 | 34,176,138 |
| Specie and bullion..... | 1,576,452 | 6,297,076 |
| Total entered at port.. | $113,556,688 | $117,525,911 |
| Withdrawn fr. wareh'se | 28,394,631 | 24,997,853 |

The foreign imports at New York for ten months of the fiscal year were:

| | 1876. | 1877. |
|---|---|---|
| Six months ending January 1. .... .... .... | $148,376,529 | $147,027,452 |
| January.. .... .... .... | 29,756,259 | 27,606,837 |
| February..... .... .... | 27,977,330 | 26,659,268 |
| March... .... .... .... | 32,018,867 | 34,402,295 |
| April .... .... .... .... | 23,804,232 | 28,858,011 |
| Total ten months... | $261,933 217 | $264,553,363 |
| Deduct specie..... .... | 7,474,032 | 30,263,699 |
| Total merchandise... | $254,459,185 | $234,289,664 |

The duties received at New York for ten months ending with April, were:

| | 1875-'6. | 1876-'7. |
|---|---|---|
| July .... .... .... | $9,273,546 61 | $7,497,199 39 |
| August .... .... .... | 11,417,505 51 | 10,125,386 42 |
| September ..... | 10,163,829 28 | 8,634,411 36 |
| October ..... .... | 8,208,816 27 | 8,031,580 14 |
| November ... .... | 7,084,576 39 | 5,720,296 82 |
| December..... .... | 5,349,574 79 | 4,822,595 04 |
| January..... .... | 8,160,728 44 | 8,058,938 72 |
| February..... .... | 9,478,003 56 | 8,224,434 61 |
| March... .... .... | 10,287,275 86 | 8,695,637 63 |
| April .... .... .... | 7,764,457 04 | 7,569,482 75 |
| Total ... .... | $87,082,813 25 | $77,379,962 88 |

The exports from New York to foreign ports in the month of April, were:

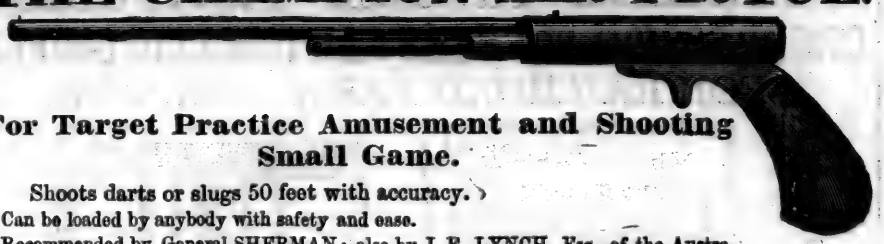
| | 1876. | 1877. |
|---|---|---|
| Domestic produce..... | $17,456,896 | $21,158,574 |
| Foreign free goods..... | 286,205 | 179,101 |
| Do. dutiable .... .... .. | 517,250 | 426,396 |
| Specie and bullion..... | 3,919,512 | 2,092,950 |
| Total exports..... | $22,179,863 | $23,857,021 |
| Do. exclusive of specie. | 18,259,851 | 21,764,071 |

The exports from New York to foreign ports for four months from January 1, were:

| | 1876. | 1877. |
|---|---|---|
| Domestic produce..... | $76,097,653 | $84,169,338 |
| Foreign free goods.... | 1,406,528 | 998,058 |
| Do. dutiable. .... .... | 1,805,659 | 1,484,674 |
| Specie and bullion.... | 15,267,457 | 5,583,011 |
| Total exports .... | $94,577,297 | $92,235,081 |
| Do. exclusive of specie. | 79,309,840 | 86,652,070 |

Exports (exclusive of specie) from New York to foreign ports for ten months ending with April, were:

| | 1876. | 1877. |
|---|---|---|
| Six months ending January .. .... .... .... | $134,944,600 | $151,493,635 |
| January.. .... .... .... | 21,800,226 | 25,403,169 |
| February..... .... .... | 18,304,987 | 19,662,718 |
| March... .... .... .... | 20,944,776 | 19,822,112 |
| April.... .... .... .... | 18,259,851 | 21,764,071 |
| Total produce .. .... | $214,254,440 | $238,145,705 |
| Add specie. .... .... | 32,468,769 | 20,053,780 |
| Total exports. .... | $246,723,209 | $258,199,485 |



### Debt of South Carolina.

The Legislature of the State of South Carolina has appropriated $270,000 to pay the January and July, 1877, interest on the debt of the State consolidated under the act of 1873. The taxes for this object, however, are not to be collected until October, nor the interest paid until a State Commission shall verify as strictly legal all the bonds so consolidated. These conditions, the *Commercial Advertiser* says, embarrass somewhat the question of the permanent resumption of interest. Still it is something for the old holders of the bonds, whose original claims upon the State were scaled when consolidated, to know that the resumption of interest is now pledged to take place. The amount of acknowledged debt growing out of the process of scaling and consolidating will be something under $6,000,000 6 per cent consolidated bonds. The only bonds thus far consolidated which it is known will be questioned, amount to about $222,000, issued under the Moses rule, before Governor Chamberlain came into office, and are not a good deljvery at the New York Stock Exchange.

☞ Nineteen engines are to leave the Baldwin Locomotive Works, Philadelphia, on the first of June, each having its engineer and fireman, en route for Brazil. The total number to go out during the summer is forty-one. A number of machinists accompany the engines. The expenses of all the men are to be paid down and back, provided they bind themselves to stay there three years.

☞ The Harrisburg Patriot says that four tubular iron tanks per day are turned out of the shops of the Harrisburg Foundry and Machine Company, East Harrisburg. There are about one hundred and seventy-five hands at work. In some of the departments work is carried on day and night. About one hundred tanks have been turned out and the same number are yet to be constructed.

# THE CHAMPION AIR PISTOL.

**For Target Practice Amusement and Shooting Small Game.**

Shoots darts or slugs 50 feet with accuracy.

Can be loaded by anybody with safety and ease.

Recommended by General SHERMAN; also by J. F. LYNCH, Esq., of the Australian Rifle Team.

PRICES.

Black.....$5 00. Nickel Plated.....$6 00.
Nickel Plated Rosewood Handle..... ... 7 00.

Each pistol is put up in a neat box with a skeleton gun stock, 6 Darts, 100 Slugs, 6 Targets, a Ram-rod, Claw and Wrench.

Sent by Express C. O. D., or by mail at the risk of parties ordering, on receipt of price, and 40 cents additional for postage.

Reliable stock privileges negotiated at favorable rates. Stocks bought and carried as long as desired on deposit of three to five per cent. Circulars and weekly reports sent 1y23*

### A Steam Canal-Boat Without Wheels.

Mr. George Caldwell, a Baltimorean, has constructed a steam tug without wheels of any kind, her propulsion being based on the repellant power of two streams of water ejected at the stern through two five-eighths of an inch nozzles. The boat, which is called the Alpha, is a jaunty little specimen of marine architecture, and rides on the water like a duck. She is forty feet in length, by ten and one-half feet beam, has a draught of only four feet, and is provided with a horizontal tubular boiler of sixteen horse power.

The motive power consist of a large No. 7 double action Knowles' force pump, by which two powerful streams of water, five-eighths of an inch in diameter, are ejected from the stern, and in case a retrograde motion is desired from the bow, causing the little craft to bowl along at the rate of nine miles an hour. The nozzles from which the water is ejected are placed near the keel, and parallel with it. The boat can also be used as a fire extinguisher, and is capable of throwing a stream one inch in diameter a distance of 105 feet.

Mr. Caldwell will proceed through the canals as far as Buffalo for the purpose of exhibiting his boat.

---

☞ The Automatic Signal Telegraph Company, of Baltimore city, has been incorporated. The object of the company is the construction and operation of telegraph lines for fire, police and other telegraphic purposes in Baltimore city and county; capital $100,000, in 10,000 shares; corporate managers, J. H. B. Latrobe, Samuel H. Adams, D. H. Miller, Harry Fisher, Robert Garrett, Thomas J. Carey and Julius Ives, Jr.

---

☞ The length of line in operation in Switzerland at the close of March, 1877, was 1,466½ miles, as compared with 1,287½ miles at the close of March, 1876. The aggregate revenue acquired upon the various Swiss lines in the first three months of this year was £424,261, as compared with £422,586 in the corresponding period of 1876.

---

☞ Mr. E. T. Jeffery, who lately married Miss Jennie Clarke, daughter of Mr. James C. Clarke, of Chicago, formerly of Maryland, has been appointed Superintendent of the Illinois Central Railroad Company. Mr. Clarke is the General Manager of the Illinois Central Railroad and leased lines.

---

☞ The New York Central and Hudson River Railroad Company have been experimenting for some time past to discover how long a locomotive can run, with due regard to economy, without repairs. It is found that locomotive No. 90 has run 70,000 miles in eleven months without going to a repair shop.

---

☞ The directors of the Manchester and Keene Railroad Co., elected on the 17th inst., are: Theodore H. Wood, President, Henry Colony, Samuel W. Hale, George B. Twitchell, Daniel H. Goodall, Gilbert Wadleigh, Christopher Robb, Milan Harris, S. G. Griffin, Dana Sargent and Joseph Davis.

**Knox & Shain,**

### Cincinnati Bonds.

By an act of the Legislature of the State of Ohio, just passed, the Trustees of the Sinking Fund of the city of Cincinnati are required, in the month of May of each year, or so soon thereafter as is possible, to certify to the city council the amount required by such fund to provide for the future payment of the city bonds, which amount shall not in any one year exceed one mill nor be less than one-half mill; and such further amount as may be necessary to provide a sinking fund for the redemption of the Southern Railroad bonds; such amounts to be placed in the tax ordinance and take preference of any other items. The moneys belonging to such sinking funds are further directed to be invested in United States bonds, Ohio State bonds, or city of Cincinnati bonds. It is estimated that in the operation of this fund from $300,000 to $400,000 of the city bonds will be absorbed yearly.

### Pittsburgh, Cincinnati and St. Louis Railway Co.

COLUMBUS, OHIO, March 20, 1877.

*To the Stockholders of the Pittsburgh, Cincinnati and St. Louis Railway Company:*

Your directors submit herewith their report of your lines during the year ending December 31st, 1876:

PITTSBURGH, CINCINNATI AND ST. LOUIS RAILWAY.

Gross earnings:

| | |
|---|---|
| From freights | $2,193,115 95 |
| " passengers | 905,602 54 |
| " express | 54,891 98 |
| " mails | 92,251 92 |
| " rents | 2,192 44 |
| " miscellaneous | 16,466 45 |
| Total | $3,264,521 28 |
| Gross earnings for 1875 | 3,175,970 00 |
| Increase | $88,551 28 |

Expenses:

| | |
|---|---|
| For conducting transportation | $899,863 65 |
| For motive power | 640,901 19 |
| For maintenance of road | 605,854 91 |
| For maintenance of cars | 191,697 94 |
| For general expenses (including taxes) | 89,377 80 |
| Total expenses | $2,427,694 99 |
| Expenses for 1875 | 2,442,008 00 |
| Decrease | $14,313 01 |
| Net earnings 1876 | $836,826 29 |
| Add amount received from interest on investments | 19,161 55 |
| Total net revenue for 1876 | $855,987 84 |
| Net earnings 1875 | 743 240 50 |
| Increase | $112,747 34 |
| From the above total net revenue for 1876 | $855,987 84 |
| Deduct interest on first mortgage bonds S. & I., C. & N. and consol. mortgage bonds | 669,790 00 |
| Excess after paying interest on above mortgage debt | $186,197 84 |
| Rent of Monongahela Extension | $21,917 31 |
| Interest on floating debt | 64,063 54 |
| | 86,000 35 |
| Surplus in 1876, after paying rent and interest | $100,196 99 |

There was a considerable decrease in freight earnings upon this line during the year, occurring entirely upon the local business, the earnings from competitive traffic showing an increase. Upon your main line, however, as also upon the lines leased and operated by you, the rates received from through freight during the year were so reduced that the rate per ton per mile was but 6.6 mills, as against 8.6 mills in the preceding year.

This result was due to the severe competition for through business, waged for nearly the entire year, which, in effect, forced the railways between the seaboard and competing western points to carry through traffic at unremunerative rates, and at times below cost. This competition was thrust upon your roads by the efforts of certain of the Trunk Lines to secure more than their due proportion of this business; an attempt which, while failing to accomplish its object, deprived the roads in great part of the profit which should legitimately have resulted from their operation.

The through passenger business was largely increased by the travel to and from the Centennial Exhibition, but as it was carried at extremely low rates, it failed to produce the revenue that was expected from it.

The tonnage carried over your main line, in 1876, was 1,808,761 tons; an increase over 1875 of 272,500 tons, or nearly 18 per cent. The average rate received per ton per mile was 8.8 mills, as against 1.12 cents in 1875.

The average rate per passenger per mile was 2.14 cents in 1876, as against 2.56 cents for 1875.

The condition of the track has been much improved during the year. One hundred and twenty-eight miles of the main line are now laid with steel. Forty-eight miles were full ballasted with good material, and 72,885 new cross-ties were laid. The sum of $39,891 24 was also expended in repairs of bridges; the larger part of this amount being used in putting in new arches, floor, etc., in the Monongahela bridge, and in repairing the one across the Muskingum river. All of these expenditures, including the entire cost of steel rail were charged to expenses.

The motive power of the line is fully equal to the demands made upon it, and, owing to its good condition and that of your track, the business of the road was conducted with unusual freedom from accident and delay.

The car equipment of the company is sufficient for its local business, its through business being carried largely in cars of other companies.

Arrangements are now being made through a Car Trust, by which one thousand additional freight cars will be supplied to your company to extend its capacity to secure business from connecting lines throughout the West. Under the provisions of this trust, the amount now paid for

car service will be used to pay the interest upon the cost of the equipment, and gradually retire the principal, so that in a few years the cars will be absolutely the property of your company, which will thus be relieved from the outlay now annually required to provide facilities for its increasing business.

CHARTIERS RAILWAY.

| | |
|---|---|
| Gross earnings: | |
| From freights | $25,354 49 |
| " passengers | 47,156 32 |
| " express | 3,130 00 |
| " mails | 1,432 60 |
| " miscellaneous | 102 67 |
| Total | $77,176 08 |
| Gross earnings for 1875 | 72,028 98 |
| Increase | $5,147 10 |
| Expenses: | |
| For conducting transportation | $14,164 45 |
| For motive power | 8,988 67 |
| For maintenance of road | 9,239 86 |
| For general expenses (including taxes) | 606 43 |
| Total | $32,944 41 |
| Expenses for 1875 | 37,301 08 |
| Decrease | $4,356 67 |

The net earnings for 1876 were $44,231 67, which were, under the provisions of the contract, paid over to that company, and are more than sufficient to pay the interest on all its bonded debt.

The tonnage of the lines shows an increase during the year of 71 per cent, or 27,050 tons, but being largely in coal, stone, lime and other similar articles, it was carried at low rates, and the gross revenue to the company was not therefore correspondingly increased.

CINCINNATI AND MUSKINGUM VALLEY RAILWAY.

| | |
|---|---|
| Gross earnings: | |
| From freights | $206,083 34 |
| " passengers | 101,794 28 |
| " express | 8,424 06 |
| " mails | 9,837 97 |
| " rents | 768 50 |
| " miscellaneous | 500 95 |
| Total | $322,359 10 |
| Gross earnings for 1875 | 396,227 23 |
| Decrease | $73,868 13 |
| Expenses: | |
| For conducting transportation | $72,297 87 |
| For motive power | 89,460 63 |
| For maintenance of road | 124,192 12 |
| For maintenance of cars | 26,244 42 |
| For general expenses (including taxes) | 17,548 89 |
| Total | $329,743 43 |
| Expenses for 1875 | 360,482 60 |
| Decrease | $30,739 17 |

The loss for 1876, on the operations of the line, was $7,384 33, which, added to the interest on the bonds, $105,000, makes a total loss, for 1876, of $112,384 33.

This line shows a decrease in both freight and passenger earnings as compared with 1875, and the results indicate general stagnation in the industries along the line of the road. Every effort has been made to develop its business, but owing to the exceedingly low rates at which it has been carried in competition with other lines, much of the traffic has been unremunerative to the company.

Twenty-two miles of the track were ballasted with gravel during the year, and 69,567 new cross-ties put in. A number of bridges will soon require renewal or extensive repairs.

LITTLE MIAMI RAILROAD.

| | |
|---|---|
| Gross earnings: | |
| From freights | $563,011 17 |
| " passengers | 484,360 33 |
| " express | 46,571 04 |
| " mail | 39,208 29 |
| " rents | 25,459 76 |
| " miscellaneous | 16,773 58 |
| Total | $1,175,884 17 |
| Gross earnings for 1875 | 1,242,786 74 |
| Decrease | $67,402 57 |
| Expenses: | |
| For conducting transportation | $317,714 36 |
| For motive power | 224,002 49 |
| For maintenance of road | 226 556 41 |
| For maintenance of cars | 77,041 33 |
| For general expenses (including taxes) | 103,514 07 |
| Total | $948,828 66 |
| Expenses for 1875 | 998,914 95 |
| Decrease | $50,086 29 |
| The net earnings for 1876 were | $226,555 51 |
| Add amount received for interest on investments, etc. | 109,444 00 |
| Total net revenue for 1876 | $335,999 51 |
| From which deduct rentals and other charges | 744,297 80 |
| Leaving net loss for 1876 of | $408 298 29 |
| Net loss for 1875 | 378,886 23 |
| An increase of | $29,412 06 |

The road shows a decrease in passenger and freight earnings, the latter being entirely in local business. The passenger business increased in volume, but the low rate at which it was carried left but little profit to the company.

The competitive freight increased 25 per cent, but, as already stated in this report, the road was compelled to carry it at the prevailing rates, so that no increase in net revenue to the company resulted.

The physical condition of the road has been maintained, and the track, between Columbus and Cincinnati especially, much improved; 2,551 tons of new iron rails were laid, and 64,768 cross-ties put in the track.

COLUMBUS, CHICAGO AND INDIANA CENTRAL RAILWAY.

| | |
|---|---|
| Gross earnings: | |
| From freights | $2,328,911 08 |
| " passengers | 946,265 39 |
| " express | 68,372 48 |
| " mails | 76,497 85 |
| " rents | 41,545 00 |
| " miscellaneous | 1,124 68 |
| Total | $3,457,716 48 |
| Gross earnings for 1875 | 3,619,653 78 |
| Decrease | $161,937 30 |
| Expenses: | |
| For conducting transportation | $1,055,064 15 |
| For motive power | 837,857 66 |
| For maintenance of road | 671,759 87 |
| For maintenance of cars | 258,643 48 |
| For general expenses (including taxes) | 249,441 85 |
| Total | $3,072,767 01 |
| Expenses for 1875 | 3,013,211 76 |
| Increase | $59,555 25 |

The results of this property for the year were of course largely affected by the competition already referred to. The through tonnage shows an increase of 64 per cent, or 359,674 tons, but the rate received for the same fell from 7⅛ mills in 1875, to 5.9 mills in 1876. The competitive passenger business also increased 25 per cent, but was affected by the low rates received for Centennial business. The local traffic of the line, both freight and passenger, fell off largely, there being a decrease of over 82,000 tons, mainly in lumber, coal, stone, flour, manufactures of iron and merchandise; so that while the expense of operating the road per ton per mile was less than upon your main line or the Little Miami road—thus showing careful management—the net result fell largely behind that of the preceding year.

The condition of the road was materially improved, over 250,000 cross ties having been put in the line, and the bridges and equipment fully maintained.

Many of the C., C. and I. C. Railway Company's freight cars, however, are old, and all are of great variety in size and pattern; so that considerable outlay will be required to put them in first class condition.

The shops of this line are unfavorably located for economical work.

Under the orders of the United States Circuit Court, the net earnings for the year, being $384,949 47, have been paid over to the receivers; but the great disparity between these earnings and the amount required to meet the annual interest on the present funded debt of the line, will no doubt suggest to the owners of this property the advisability of re-organizing it and the existing indebtedness, so that the charges against income shall more nearly approach the present earning power of the line; and await its development to take care of such other securities as it may be found advisable to make, upon re-organization.

The statistics for the last five years show a regular increase in tonnage and passengers, and as already stated, the road is operated with almost exceptional economy; but from the location of the line, and the severe competition it now encounters by reason thereof, its tonnage must be carried at low rates, until some general plan is adopted to avoid present competition, and give remunerative rates. Owing to the length of the line, and the sparsely settled country through which a large portion of it runs, its passenger business will be conducted at a cost out of proportion to the revenue from the same. This applies to the entire line, except between Columbus and Indianapolis.

GENERAL REMARKS.

Your company, it will be remembered, is interested in the operation of the St. Louis, Vandalia and Terre Haute Railroad, which is under lease to the Terre Haute and Indianapolis Railroad Company; but as the former has made a full report of its business for the year, your attention is called to it for detailed information upon the subject.

The reports of the General Manager and the Comptroller, showing in detail the operations of all the lines, are submitted herewith for the information of the shareholders.

Your board take pleasure in bearing testimony to the efficiency and fidelity with which the officers and employes of the company have discharged their several duties during the past year.

By order of the board.

THOMAS A. SCOTT, President.

PROFIT AND LOSS ACCOUNT.

| | |
|---|---|
| To balance, December 31, 1875 | $5,582,062 64 |
| To loss in operating the Little Miami Railroad, for the year ending Dec. 31, 1876 | 408,298 29 |
| To advances made to the Cincinnati and Muskingum Valley R. R., for the year ending Dec. 31, 1876, and carried into suspense account | 112,384 33 |
| To one-half loss in operating the St. L., V. & T. H. R. R., carried into suspense account | 56,468 38 |
| To amount paid during 1876, for account of expenses of C., C. & I. C. Ry., incurred prior to January 1, 1876 | 3,200 58 |
| | $6,162,404 22 |

J. W. RENNER, Auditor.

PITTSBURGH, Pa., February 27th, 1877.

### Steam on Street Railroads.

On the 28th ult. the officers of the Third Avenue Railroad Company made a formal application to the Mayor of this city for permission to run their cars by an improved steam motive power, or noiseless steam engines, such as are now in use in Philadelphia, and asked that the following resolution be passed by the Board of Aldermen:

That the Third Avenue Railroad Company of New York city be and it is hereby authorized to employ steam for the propulsion of its cars, by way of experiment, under such restrictions and regulations as His Honor the Mayor and Common Council may impose.

It is claimed that power to grant this privilege is conferred by the Legislature under chapter 432, of Laws of 1875, which reads as follows:

An act to authorize the use of improved motive power on railroads in any city or county of this State.

SECTION 1. The Mayor and Common Council of any city, the Board of Trustees of any village, and as to streets or roads outside of any such city or village, the Board of Supervisors of any county of this State are hereby authorized to permit the use of any improved motive power or motor for the traction or propelling of cars on any city or street railroad which is or may be constructed and operated by horse power, within their respective jurisdiction, such permission to be subject to such restrictions, regulations and conditions as the said local authorities may impose, and subject to revocation at any time by the authority granting the same by a two-third vote of its members.

SEC. 2. Nothing contained in this act shall authorize an increase of the rate of fare, nor allow the transportation of freights in any city or allow the use of the ordinary dummy or box car engine, or of locomotives of the kind now used for the traction of cars on steam railroads of this State. Nothing in this act contained shall affect any contracts in relation to the removal of steam power on any streets in any city of this State.

☞ A certificate has been filed with the Secretary of State of Ohio of North High Street (Columbus) Railroad and Chariot Company, with a capital stock of $30,000, in shares of $50. The southern terminus of the road has been fixed at Hanford's nursery. The corporators are: John Marzetti, William Powell, R. P. Woodruff, W. A. Hershiser, F. E. Powell, Philemon Hess and Peter Merkle. The corporators have decided to place as many chariots on the street as the traffic seemed to demand.

☞ The Pittsburg Chronicle says that the speedy building of the Pittsburg, New Castle and Lake Erie Railroad is an assured fact, and the indications are that by the first of July work will be begun upon the section between Allegheny and Harmony, some twenty-five miles. This distance is to form one section of the road, from Harmony to New Castle another, and from the latter place to Youngstown the third and last section.

☞ The contract for the completion of the Louisburg Railway in Cape Breton has been awarded to Mr. Delaney Oakes of Nova Scotia; while that for building the pier in the harbor is given to Mr. B. Woodill of Sydney. Both are to begin work in June.

☞ It has been decided to extend the Pittsburgh, Virginia and Charleston Railroad to Brownsville, and the Directors have resolved to make a vigorous effort to secure subscriptions along the line of the road.

### Boston, Clinton, Fitchburg and New Bedford Railroad.

A special meeting of the stockholders of the Boston, Clinton, Fitchburg and New Bedford Rail road Company was held in South Framingham, Mass., on the 24th ult. Nathaniel Thayer, Jr., President of the corporation, presided and George E. Towne acted as clerk.

On motion of L. H. Bradford of Fitchburg it was

Voted, That an act to authorize the Boston, Clinton, Fitchburg and New Bedford Railroad Company to issue preferred stock, approved by the Governor on the 28th day of April, 1877, be and hereby is accepted.

Wilder Bush of Northboro' offered the following motion, which was adopted:

Voted, That the limit for the dividend or dividends to be paid upon the said preferred stock be and hereby is fixed at three and one-half per centum semi-annually, under the authority conferred upon the stockholders of this corporation by section two of the acts of the Legislature authorizing the issue of said preferred stock.

On motion of Mr. Goss of Leominster, it was

Voted, That the directors be and hereby are authorized to issue said preferred stock from time to time as the wants of this corporation may require, and dispose of the same at not less than the par value thereof for the payment of the debts of the corporation; provided, however, that the same shall first be offered to the stockholders in accordance with the provisions of section four of the act authorizing its issue, that said offer shall remain open for the space of thirty days, and that full power is hereby conferred upon the directors of this corporation to place and issue said stock.

O. H. P. Brown of New Bedford offered the following motion which was carried:

Voted, To ratify a certain conveyance to W. C. N. Swift and others of a right of way on a portion of the location of our railroad in New Bedford, signed by the President of this corporation in behalf of this company.

On motion it was

Voted, That the President and Treasurer, may, from to time to time, by vote of the directors, execute leases and conveyances of real estate of the company not requisite for railroad purposes.

The meeting then dissolved.

### Peruvian Railways.

By a recent arrival from South America we learn that railway building in Peru is about to be resumed actively, and that the famous silver mines of Cerro de Pasco, in the Andes, east of Lima, are about to be developed on a scale hitherto unprecedented. This news is of interest to the United States, not only on account of the extraordinary nature of the works which have been undertaken themselves, but from practical considerations. The locomotives, cars and sleepers for the Peruvian railways have been purchased in this country, and a resumption of operation on the roads which have been projected cannot fail to be of benefit to American manufacturers.

About a year and a half ago three important railroads, which Henry Meiggs, the railway king of the west coast, was building for the government, were left unfinished on account of the financial troubles of the republic, and the exhausting of Mr. Meiggs' own private fortune.

One was the Cuzco and Juliaca Railroad, in the southern part of Peru. This is a road 210 miles long, which connects with a line running from the coast up to Puno on Lake Titicaca. It courses along a tableland lying between the two rock-rib bed cordilleras of Peru, and is intended not only to afford easy access to the quaint and ancient city of Cuzco, the seat of power of the old Incas, but it is designed also to develop the important agricultural region through which it runs.

A second of these is the Chimbote and Huaras Road in Northern Peru, 172 miles long, which runs from the coast up into the mountains, and is designed to afford commercial and other facilities to a rich agricultural and mining region now occupied by about 200,000 inhabitants, but capable of sustaining millions.

The third is the greatest of all. It is the Pacific Railroad of Peru. It begins at Callao, on the coast, and runs up to Lima, seven miles distant, and then strikes boldly in among the wildest and most tremendous mountains of the globe, toward Oroya and Cerro de Pasco. It is intended to pierce the two cordilleras, and eventually descend on the eastern side and reach the navigable waters of the Ucayali, the source of the Amazon.

These three great roads and others were stopped on account of the causes before referred to. Pickaxes and drills were stored, the engineers were allowed to scatter, and proceedings came virtually to a standstill.

Within a few months, however, Mr. Henry Meiggs has obtained a new contract to go on and complete these three roads for the government. The arrangement is a favorable one to the contractor, and new life has been infused by it into the public works of the republic—in fact it might be said into Peru. Mr. Meiggs is now calling back his engineers and superintendents, and the mails states he had informed his sub contractors to resume work on the railroads the first week of April.

### Pittsburgh, Cincinnati and St. Louis Railway Co.

We give on another page the Report of the President of the Pittsburgh, Cincinnati and St. Louis Railway Co. for the year ending December 31, 1876, together with the Profit and Loss Account, and the General Account or Balance Sheet of the Auditor. The following summary statement of whole financial operations of the company during the year, beyond the results of operating its own road and leased lines, is from the Report of T. D. Messler, Assistant to President and Comptroller:

| | | |
|---|---|---|
| Net revenue of Pittsburgh, Cincinnati and St. Louis Railway | | $855,987 84 |
| Net revenue of Chartiers Railway | | 44,231 67 |
| Net revenue of Little Miami Railroad | | 335,999 51 |
| Net revenue of the Columbus, Chicago and Indiana Central Railway | | 384,949 47 |
| Total net revenue | | $1,621,168 49 |
| Add means realized from other sources as follows: | | |
| Cash on hand January 1, 1876 | $203,465 57 | |
| Bills payable issued | 869,910 69 | |
| Proceeds of sale of bonds Yellow Springs Improvement Co. in liquidation | 936 00 | |
| Increase of accounts payable for current expenditures | 10,325 95 | |
| Increase of amount of unpresented coupons | 5,580 00 | |
| Increase of amount due other companies | 44,700 80 | |
| Increase of miscellaneous liabilities | 17,326 46 | |
| Reduction of supplies | 40,348 72 | |
| Reduction of amount due for betterments to leased roads | 21,513 31 | |
| Reduction of cash in transit from agents | 17,937 16 | |
| Reduction of amount due by other companies | 172,584 89 | |
| | | 1,404,629 05 |
| Total to be accounted for | | $3,025,797 54 |

This amount has been expended for the purposes as stated below:

| | | |
|---|---|---|
| For betterments to the Pittsburgh, Cincinnati and St. Louis Railway | | $54,454 64 |
| Increase of cash in hands of paymasters | | 182 75 |
| Increase of amounts due by station agents and conductors | | 32,093 98 |
| Increase of miscellaneous assets | | 105,433 46 |
| Reduction of capital stock, correction of an over issue in 1870 | | 700 00 |
| Purchase of bonds Union Depot Co., Columbus | | 18,400 00 |
| Payment to Columbus, Chicago and Indiana Central Railway Co. of net earnings for account of 1875 | | 491,588 85 |
| Payment of interest on funded debt | $669,790 00 | |
| Payment of interest on floating debt | 64,043 54 | |
| Payment 12 months' rent of Monongahela Extension | 21,947 31 | |
| Payment of expenses of operating Columbus, Chicago, and Indiana Central Railway prior to January 1, 1875 | 3,200 58 | |
| | | 758,991 43 |
| Rental of Chartiers Railway for 1876 | $44,231 67 | |
| Rental of Little Miami Railroad for 1876 | 744,297 80 | |
| Payment of net earnings of Columbus, Chicago and Indiana Central Railway of 1876 | 384,949 47 | |
| Advances made Cincinnati and Muskingham Valley Railway Co. on account of interest on bonds and deficiency in operating that road for 1876 | 112,884 33 | |
| One-half loss in operating the St. L., Vandalia and Terre Haute Railroad for 1876 | 55,468 38 | |
| | | 1,342,831 65 |
| Balance cash on hand January 1, 1877 | | 221,620 78 |
| Total, as above | | $3,025,797 54 |

For a full exhibit of the financial condition of the company at the close of the year 1876, reference is made to the General Account or Balance Sheet of the Auditor, accompanying the report.

### Louisville, Cincinnati and Lexington R. R.

The Court of Appeals having sustained the lower court in its decision relative to the Louisville, Cincinnati and Lexington (Short Line) Railroad, judgment was entered on the 28th of April in the Chancery Court for the sale of the road after four months' advertisement. The court ordered the receiver to pay $25,000 of the funds in his hands to the state, city, and priority mortgages, and places the creditors in the following order: Hawkins mortgage, Guthrie mortgage, Green mortgage, $8,000,000; Douglass mortgage, $1,000,000; Hunt bonds, Lee mortgage, state of Kentucky, for debt of $74,000, the amount of covenant for the purchase of the road bed of the Louisville and Frankfort road, and finally the attaching creditors in the order of their attachments. Interest due before July 1st, 1874, on the "Short Line first mortgage bonds" was noticed for payment by the receiver May 10th to 15th. Receiver MacLeod filed a special report showing the net profits of the property under his charge from September 21st, 1874, to February 28th, 1877; also the payments made under the order of the court, charge-

able against net profits, and the balance remaining subject to the court March 1st, 1877, amounting to $404,894 08. The total net profits from September 21st, 1874, to February 28th, 1877—two years and five and one-third months—are given as $569,107, and an addition of $16,282, from collections on certain open accounts, makes the total net profits $585,396.

### Peterboro' Railroad.

At the annual meeting of the Peterboro' Railroad Company, held in Nashua, N. H., on the 23d ult., the following gentlemen were elected Directors for the ensuing year: James Scott of Peterboro', N. H., George W. Gill of Worcester, Mass., George A. Ramsdell of Nashua, N. H., S. A. B. Abbott of Boston, Mass., John H. George of Concord, N. H., George O. Whiting of Wilton, N. H., and George Stark of Nashua, N. H. Gilman C. Shattuck of Nashua, N. H., was chosen as clerk.

From the report which was presented it appears that the amount of cash in the hands of the Treasurer, April 1, 1876, was $582 81; amount received for rental last year, $34,253 45; sales of stock, $1650; from other sources, $1,362 36—making a total of $37,848 12. Two dividends of three per cent. have been paid during the year, amounting to $23,080 50; interest of floating debt, $12,577 26; paid for land and fence damages, $693 28; other expenses, $768 66—making a total of $37,119 70, leaving a balance of $728 42. The floating debt of the corporation is $190,277 30—same as last year.

### Oroya (Peru) Railroad.

Commencing at the Seaboard at Callao, the Oroya Railroad passes through Lima, thence across the foot-hills country nearly in an eastern direction to where it reaches the Rimac valley, at an elevation of 1,812 feet, at Santa Clara. Thence along the Rimac valley the development of the line must have been one of the most difficult locations that has ever been encountered in railroading. The valley being so narrow, with miles at a time of almost perpendicular banks from one to two thousand feet high, with no compensating element of location, but following the stream to its summit.

No better idea can be given of the difficulties encountered than the annexed table, furnished by W. H. Cilley, Esq., the Superintending Engineer:

| Distances. | Miles. | Elevations. |
|---|---|---|
| Callao to Lima | 8 | 460 feet. |
| " to Santa Clara | 18 | 1,312 " |
| " to Chosica | 33 | 2,800 " |
| " to Cocachacos | 45 | 4,588 " |
| " to San Bartolome | 47 | 4,905 " |
| " to Verrugas Bridge | 52 | 5,840 " |
| " to Surco | 56 | 6,655 " |
| " to Matucana | 63 | 7,788 " |
| " to San Mateo | 77 | 10,530 " |
| " to Anchi | 82 | 11,300 " |
| " to Chicla | 86½ | 12,220 " |
| " to Casapalca | 94 | 13,560 " |
| " to Summit Tunnel | 105½ | 15,648 " |
| " to Yauli | 120 | 13,420 " |
| " to Oroya | 136½ | 12,178 " |

From Oroyo the road will be continued to the famous Mines of Cerro del Pasco, a distance of 85 miles, and thence to Huamico.

Another line will start from Oroya, and, passing through the rich agricultural district of Jauja, will strike the head of navigation on the Amazon. Still another branch from Oroya, will run South through a rich agricultural and mining region, to the old city of Ayacucho.

The heaviest grades allowed on Oroya Railroad are 4 per cent, or 211 feet per mile.

Sharpest curves allowed 392 feet radius.

Bridges, mostly American, built by Baltimore Bridge Co. and Clark, Reeves & Co. Verrugas Bridge is 575 feet in length, has three spans of 100 feet each, and one of 125 feet; length of piers on top, 60 feet each.

Height of first pier 158 feet; height of middle pier 252 feet; height of third pier 187 feet. Piers built with "Phœnix Column." System of spars. "Fink Truss." The Bridge is on 3 per cent grade. Most of the bridges have 4 per cent grades.

In a distance of 54 miles there are 61 tunnels. The "Summit Tunnel" is the longest, (3,850 feet) and at an elevation of 15,648 feet above the sea. Wherever necessary, tunnels are lined with stone masonry. The road is 4 feet 8½ inches gauge. Rolling Stock is American. Most of the Locomotives are built by the Rogers Locomotive Works, Paterson, N. J., and a few by the Danforth Co.—*Pacific Engineer.*

### Northern Central Railway.

A special meeting of the stockholders of the Northern Central Railway Company was held in Baltimore on the 25th ult., at which Mr. Thomas A. Scott, president, A. J. Cassatt, vice-president, J. N. Hutchinson, Dell Noblit, Jr., Wayne MacVeagh and others were present. Mr. William Calder, of Philadelphia, was made chairman, and Stephen W. White, secretary. The call for the meeting as read was to authorize the directors to issue 1,000 bonds of $1,000 each, being a portion of the bonds secured by the consolidated general mortgage of the company, dated May 26, 1874, for ten millions, the proceeds to be used for the general purposes of the company.

Mr. Scott said the million dollars in bonds would be used to prevent the expansion of the floating debt. In these days of railroad depression floating debts should be avoided. It had been created several years ago in making terminal improvements which are beneficial to the trade of Baltimore. In the course of events it was thought the depression in business would have ended, but he was sorry to say all had been disappointed in that regard. He hoped the meeting would unanimously authorize the bonds to be issued. He had no doubt of the necessity and propriety of such a course.

Mr. J. N. Hutchinson offered a preamble and resolutions to the effect that of $10,000,000 secured by the consolidated general mortgage of the company to the Fidelity Insurance, Trust and Safe Deposit Company of Philadelphia, dated May 26, 1874, bonds to the amount of $6,000,000 were set apart to meet the bonds secured by previous mortgages, and of the remaining $4,000,000 bonds to the amount of $3,000,000 have been issued, leaving $1,000,000 unissued. It is apparent that it is for the interest of the company that the $1,000,000 should be issued and sold from time to time, as in the judgment of the directors may be necessary, the proceeds to be applied to reducing the floating debt and such other general purposes as its interests may require; therefore the directors be authorized and empowered to issue the remaining $1,000,000 of bonds, etc.

Mr. Scott said the floating debt, outside of the redemption of $500,000 of York and Cumberland railroad bonds, indorsed by Baltimore city, which bonds the company now holds, is $1,286,000. We propose to wipe out this debt with the $1,000,000 of bonds and the sale of real estate. We do not want a dollar except to wipe out the floating debt. With a reasonable degree of business prosperity in the country there is no reason why the railroad should not be as profitable as any in the country. The bonds will not be sold except at the market price. The road shows less earnings than at the same time last year. We intend to ask all the employees who get over ten cents an hour to accept a reduction of 10 per cent in their pay. He thought it the duty of stockholders to assist the directors by all the means in their power. He said the road has a promising future.

A vote of the stock represented at the meeting resulted in 62,552 shares in favor and 1,377 shares against authorizing the issuing of the additional $1,000,000 bonds, out of a total of 116,840 shares.

### Connecticut Western Railroad.

Holders of first mortgage bonds of the Connecticut Western Railroad Company met in Hartford, Conn., on the 23d ult. to organize under the special law that allows preferred stock to be issued for bonds, and a new company to be formed as soon as one third of the bondholders agree. The bonds amount to $3,000,000. About $1,600,000 came into the arrangement. It was voted to elect thirteen directors, but only twelve received a majority vote and were chosen, as follows: T. M. Allyn, Charles T. Hillyer, H. S. Barbour, and L. B. Merriam of Hartford; William L. Gilbert, Caleb J. Camp and George Dudley of West Winsted; E. T. Butler of Norfolk; Leman W. Cutler of Watertown; D. J. Warner and W. H. Barnum of Salisbury, and A. H. Holly of Lakeville. Six of these were directors of the old company. At a meeting of the new board of directors on the 26th ult., Caleb J. Camp of West Winsted, was elected President, in the place of W. H. Barnum, and Charles T. Hillyer, of Hartford, Vice President, in the place of Geo. W. Bartholomew. A. L. Gilbert, of Winsted, was re-elected Treasurer. A resolution was passed by the directors continuing the other officers in their positions for the present.

☞ At the annual meeting of the stockholders of the Wichita and Southwestern Railroad company, held at Topeka, Kansas, on the 21st ult., the following gentlemen were elected Directors for the ensuing year: I. T. Burr, C. W. Pierce, Thos. Nickerson, Jos. Nickerson, Alden Speare, F. H. Peabody, G. B. Wilbur, of Boston; Thos. Sherlock, Cincinnati; D. L. Lakin, C. K. Holliday, Topeka; C. W. Jewell, M. Kohn, J. R. Mead, Wichita, Kansas. I. T. Burr was re-elected President and C. W. Pierce Secretary and Treasurer.

☞ The route for the projected Cape May Short Line Railroad between Camden and Cape May, has been surveyed from the latter point to Vineland. Twelve feet of a fifty-five feet avenue, running for seven miles alongside the West Jersey Railroad, within the Vineland tract, has been ordered to be vacated, and will be appropriated by the new company for laying their track thereon.

☞ Articles of incorporation have been filed with the Secretary of State of California of the Santa Rosa City Railroad company. Capital, $100,000, in shares of $100 each. Directors—J. R. Myers, J. B. Rue, M. L. McDonald, J. M. McDonald and D. L. McDonald.

☞ There will be an earnest effort this season to have a renewal of work upon the Southern Maryland railroad. There are some propositions looking to the use of its roadbed for a narrow gauge road.

☞ General Superintendent Clark of the Union Pacific Railroad states positively that they will build a hundred miles of road toward the Black Hills this summer. They will start from either Sidney or Cheyenne.

## American Railroad Journal.

**Saturday, June 2, 1877.**

### Financial and Commercial Affairs.

No notable increase of demand for Money from responsible sources has been reported during the week, and, as resulting from the very free offerings of accommodation, rates in the loan and discount line have been quoted very low, with little variation from day to day, leaving off at minimum figures of the week. Large balances were carried over on Tuesday evening, for which satisfactory employment in a controllable form had been sought in vain. Wednesday was observed as a close holiday in financial and commercial circles. Call loans have been quoted at 1½@2½, with most of the important negotiations reported on the basis of 2 per cent; and very choice to prime mercantile credits are rated at 3@4½ per cent per annum. The City banks, last week, reported a further increase in their legal tender reserves, with a slight decrease in their circulation. The loan and discount item was again cut down materially, and the specie and deposit averages also reduced. The loan and discount average was contracted $2,388,200. The item of circulation to the extent of only $900. The deposits were diminished $1,212,800; the legal tender reserve enlarged $1,132,700; and the specie average reduced $518,500.

The City banks reported their average of gold last week at $21,348,700, as against $17,868,500 same date last year; and their greenback average at $58,570,400, as against $49,290,400 on May 27, 1876. Their deposits stood at $225,432,600, against $208,978,700 same time in 1876. The loan item was $253,506,500 against $251,492,700 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $18,560,950, as against $17,643,550 the preceding week, $9,039,775 the week ending 14th April (the lowest footing of this item thus far in the current year,) and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $384,639,098, or a daily average of $64,106,516.

The U. S. Sub-Treasury in this city closed the week ending on Wednesday with a currency balance of $46,984,497, against $46,320,541 the preceding week; and a coin board of $86,221,007, against $76,676,289 on the return of a week earlier. The Customs revenue of the port during the past week was $1,306,000.

The aggregate of the outstanding U. S. currency of all denominations, May 1st, was $384,149,992. The outstanding amount of legal tender notes is $361,494,404. The National bank circulation is now $317,442,212 of currency notes and $1,432,120 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $6,773,000.

The income of the Government from internal revenues last week was about three millions, and since July 1, 1876, about 108½ millions; and from Customs last week about two millions, and since July 1, 1876, about 118 millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $13,149,772; special deposit of legal tenders for the redemption of certificates of deposit, $47,120,000; Coin, $101,961,458, including of Coin certificates, $46,700,600.

Gold was generally firm early in the week, with a fairly active movement noted, chiefly speculative. On the announcement on Monday that the Treasury Department would sell $1,000 000 gold on Thursday, May 31, the market weakened, and business fell off in magnitude, closing tamely. The extremes of the price during the week have been 106⅝@107⅛, closing at 106⅝, as against 106⅞ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was up to $3,170,720, (of which $941,257 in various forms to Liverpool, $250.000 to Southampton, $260 000 to London, $602.000 to Havre, $500,000 to Plymouth, $190,000 to Paris, $100,000 to Bremen, $2 340 to Hamburgh, $297,346 to Havana, and $27,757 to Point-a-Petre,) making the total exports of specie hence since January 1, $14,797,274, against $24,190 017 the same time in the preceding year. The imports of specie at this port last week were $153,646, (of which $135,653 from Port au Prince,) and since January 1st $6,837,764 as against $1,678,002 same time last year. The Customs demand for gold last week averaged only $217,667 per day. Foreign Exchange has been in fair demand and generally quoted firm. Bankers' sixty day bills on London closed on Wednesday at $4 87@$4 87½; sight bills on London at $4 89½@$4 90 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,782,681 as against $5,240,422 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $744,260 of Dry Goods and $6,038,421 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were $4,827,590, against $5,224,430 same week in 1876.

Government securities have been in generally very good demand, with free purchases reported as having been made by investment buyers, and prices generally well supported. At the close the market was quoted firm, leaving off on Wednesday as follows:

United States currency sixes, 125⅜@125¼; do. 6s, 1881, registered, 114⅜@114½; do. coupon, 115⅜@115½; do. 1865, new, registered, 110⅞@111⅛; do. coupon, 110⅞@111; do. 1867, registered, 113¾@114; do. coupon, 113¾@114; do. 1868, registered, 116; do. coupon, 116; do. ten-forties registered, 112½@112¾; do. coupon, 113¼@113½; do. five per cents 1881, registered, 111⅛@111¾; do. coupon, 111⅛@111⅝; do. 4½ per cents, 1891, registered, 107¼@107⅜; do. coupon, 108⅜@108⅝; Central Pacific Gold bonds, 110¼@110¾.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,899,600, and $18,898,000 as security for public deposits.

State and Railway bonds have been more sought after on investment account, and prices of the more substantial loans have been quoted firm. And in the line of Railway and Miscellaneous share property business has been quite active, but prices have been depressed and unsettled, closing heavily.

At the extensive auction sales of Pittston and Scranton Coal, on Tuesday of this week, prices were generally much lower—on the Pittston Coal ranging from 2.30@2 80, as against 2 35@3.22½ in March; and on the Scranton Coal, from 2.27½@2.72½, as against 2.82½@3.35 in April.

The receipts of Grain from the Canal have been again on a liberal scale; much of the Corn however continuing to arrive in poor order, unfit for shipment to Europe otherwise than by the steamship lines. The arrivals here by Canal and River from the opening of the Canal to May 26th included 143,613 bushels Wheat, 749,589 bushels Corn, and 131,473 bushels Oats.

Freer movements have been reported in domestic produce, especially in Breadstuffs, Provisions and Cotton, but prices have been lower and variable, though closing more firmly. Naval Stores and Petroleum have been more active and stronger. Foreign merchandise has been generally quiet at about former prices. Groceries dearer.

Hardware has been inactive, yet quoted firm. Boots and Shoes have been in moderate demand at generally unchanged prices. Dry Goods have been quite dull, with prices of Domestic Cottons and imported fabrics quoted unsettled and lower.

Metals have been very moderately dealt in, as a rule, with prices quoted weak in most instances. Eglinton Pig Iron quoted at $25 50; Glengarnock $27 50; Coltness $28 50@$29; No. 1 American Pig at $18 50@$20; No. 2 do. at $17 50@$19; Forge $16@$17 50; American Rails at works $33@$37; Old Rails $18@$19. Wrought Scrap $24@$25. Steel Rails, on the basis of $46@$50 at the mills, with 1,000 tons sold within the range. Ingot Copper quiet, and quoted 19@19¼ for early delivery. Am. Pig Lead more active at 5.50@5.62½ for common brands.

Ocean freights have shown more animation but at irregular figures. Liverpool steamer rates at the close for Grain, 6d. per standard bushel. Provisions, 40s.@55s.; Tallow, 35s.; Leather, 70s. per ton; Cotton, ⅛d. per lb., Liverpool, by sail. Cotton, ⅛d. Grain, nominal. Oil Cake and Slate, 12s. 6d.@15s.; Measurement Goods, 10s.@12s. 6d. Grain rates on charter hence for Cork and orders left off at 5s.@5s. 6d.; for the Continent, at 5s. 6d. and from Baltimore for Cork and orders, 4s. 9d.@5s. and from Phila. ports, at 5s. per quarter Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 3s. 9d@4s. 4½d. per bbl. And for Liverpool by steam, from Cincinnati and Chicago, of through freight, Provisions, at 58c.@65c. via Boston and Philadelphia, per 100lb.

# FISK & HATCH,

**Bankers,**

No. 5 Nassau St., New York.

U. S. Government Bonds bought and sold in amounts to suit investors: also, Gold, Silver and foreign coins: Deposits received in Currency or Gold, and interest allowed on Balances: Special attention paid to Investment Orders for Miscellaneous Stocks and Bonds.

### Redemption of Five-twenty Bonds.

The Secretary of the Treasury on the 28th ult. issued the forty-eighth call for the redemption of five-twenty bonds of 1865—known as five-twenty bonds of the act of March 3, 1865, dated July 1, 1865. The call is for $10,000,000, of which $6,000,000 are coupons and $4,000,000 registered bonds. The principal and accrued interest will be paid at the Treasury of the United States in the city of Washington on and after the 28th of August, 1877, and interest will cease on that day. The bonds designated are as follows:

Coupon bonds—$50, No. 3,001 to No. 6,000, both inclusive; $100, No. 4,001 to No. 8,000, both inclusive; $500, No. 5,001 to No. 10,000, both inclusive; $1,000, No. 11,001 to No. 23,000, both inclusive. Total coupon, $6,000,000.

Registered bonds—$100, No. 701 to No. 1,900, both inclusive; $500, No. 701 to No. 1,900, both inclusive; $1,000, No. 2,801 to No. 7,600, both inclusive; $5 000, No. 1,101 to No. 2,600, both inclusive; $10,000, No. 1,182 to No. 2,200, both inclusive. Total registered, $4,000,000.

Aggregate, $10,000,000. The amount outstanding included in the numbers above is $10,000,000

All United States bonds forwarded for redemption should be addressed to the Loan Division, Secretary's office, and all registered bonds should be assigned to the Secretary of the Treasury for redemption.

Where parties desire checks in payment for registered bonds drawn to order of any one but the payee, they should assign them to the Secretary of the Treasury for redemption, account of the owner or owners.

### Philadelphia and Atlantic City Railroad.

The work of constructing the Philadelphia and Atlantic City Narrow Gauge Railroad is being pushed forward so rapidly that the builders expect to have the last rail laid by the 10th of June. On Monday, June 18th, the road will be formally opened, but it is not proposed to run schedule trains before July 1st.

The road, from river to ocean, is 54 miles long; its gauge is 3½ feet wide, and when completed and equipped it will have cost about $700,000. It is to connect between Walnut street wharf, Philadelphia, and Camden by boat, and branches are to be built connecting it with Haddonfield, Leeds' Point and Somers' Point.

The roadbed has been well constructed, and steel rails have been laid. The equipment will consist of 10 locomotives, 40 passenger, 2 smoking 2 baggage, 20 freight, 40 construction, 1 cabin, and 7 push and hand cars. Both engines and cars combine strength with light weight, and are from one third to one-half as heavy as the rolling stock used on roads of the ordinary gauge.

The run between Philadelphia and Atlantic City will be made in about one hour and a half.

### Erie Railway.

The report of the Receiver of the Erie Railway Co., filed in the County Clerk's office on the 26th ult., shows the balance on hand on the 1st of March to have been $483,448 17; receipts during the month, $2,277,268 56—total, $2,760,816 73. The expenditures during the same time were $2,194,959 06—leaving the balance on hand March 31, 1877, $565,757 67. The amount of the Receiver's certificates outstanding March 31, 1877, was $1,949,336 88, being a decrease during the month of March of $125,778 92.

☞ The Parkers, Karns City and Butler (Pa.) Narrow Gauge Railroad Company have declared a dividend of one per cent for the month of April, on the net earnings of the road after paying all indebtedness. The original shares are only half paid up, so that the above is equal to a dividend of 24 per cent per year.

☞ The directors of the United New Jersey Railroad and Canal Company, elected on the 29th ult., are: John J. Astor, William Bucknell, A. L. Dennis, Benjamin Fish, Hamilton Fish, Cambridge Livingston, Nehemiah Perry, Isaac W. Scudder, John G. Stevens, Robert F. Stockton, Ashbel Welch, and Samuel Welsh.

☞ The following gentlemen were elected directors of the Pacific Mail Steamship Company on the 30th ult.: William P. Clyde, Andrew Boardman, Charles H. Mount, Henry Hart, Charles G. Francklyn, Samuel C. Thompson, George A. Hoyt, Thomas J. Owen and Edward A. Quintard.

☞ The Miners' Journal says that the Erie Railway Company is sinking a series of oil wells along the line of its road near Bradford, McKean County, Penn., keeping within the limits of its 100 feet right of way, and expects to be largely its own shipper of that product.

**The Oldest Locomotive Engineer.**

Mr. I. Van Buren, Clarksville, Ga, recently wrote to the Scientific American stating that he had operated a Stephenson engine in 1832, and he therefore claimed the title of the "oldest locomotive engineer." Mr. John Ericsson, of New York, however, writes to the same paper stating that he designed and superintended the construction of the first fast locomotive engine, the "Novelty," during the summer of 1829, and that in the month of October he ran that engine on the Liverpool and Manchester Railway against George Stephenson's "Rocket," beating the latter in speed, though not in tractive power. The London Times of October 8th, 1829, speaking of the "Novelty," said: "It shot along the line at the amazing rate of thirty miles an hour! It seemed, indeed, to fly, presenting one of the most sublime spectacles of human ingenuity and human daring the world ever beheld." Mr. Van Buren is 77 years of age, and "mounts a horse as spry as when 45 years old," and Mr. Ericsson says of himself that, although he is now 75 years old, he works at the drawing table regularly "from eight to ten hours every day at all seasons." That Mr. Ericsson has drawn to good purpose will be generally admitted, for besides his inventions of caloric engines, he was the first builder of a war steamer in which a propeller or screw was used, and was made famous by his application of the revolving turret to a hull impregnable to shot, the vessels made on this system being known, from the name of the first, as monitors. It would require much space to recount all of Mr. Ericsson's useful inventions, but he evidently looks back with justifiable pride to the "Novelty" locomotive, which was built by him at the age of 26.

**Central Railroad of New Jersey.**

The committee appointed at a meeting of the holders of the Consolidated Mortgage bonds of the Central Railroad Company of New Jersey, held in this city on the 23d of March, report that the financial condition of the company on February 1, 1877, showed $10,338,334 assets, consisting of stocks in companies owned and operated by the Central Railroad Company of New Jersey, $5,337,934 of bonds and miscellaneous securities, $5,036,537 of debts due by various companies, $520,081 due from individuals, $1,394,693 real estate in New Jersey and New York, $125,579 cash on hand, $17,713,470 railroad superstructures and $10,932,661 rolling stock, ferry boats, rails, etc, making a total of assets of $51,399,280. From this there are deducted $323,369 deficiency in railroad and canal earnings and loss in operating, leaving $51,722,550. The liabilities are $48,019,518, represented by capital, bonds and certificates; unpaid interest, $503,140; due Newark and New York Road, Elizabethport Ferry Company and Land and Improvement Company, $93,749; bills payable, $833,000; temporary loans, $661,200; pay rolls, $401,138; vouchers, supplies, etc., $1,015,679; mortgages, $186,913, and sundries, $8,215. The other liabilities consist of guarantees of principal and interest of consolidated bonds of Lehigh and Wilkesbarre Coal Co., amounting to $11,085,000, and $3,000,000 bonds of the American Dock and Improvement Company. The Central Railroad Company has loaned to the Lehigh and Wilkesbarre Coal Company of its assets Lehigh and Wilkesbarre Coal Company's bonds, which are hypothecated for debts of that company. $3,070,000; also its own ten year bonds, amounting to $1,342,000. It has also issued certificates of indebtedness secured by $315,000 Lehigh and Wilkesbarre Coal Company's consolidated bonds, amounting to $189,000. It has also loaned to, and there are pledged as collateral security for the loans of the Lehigh and Wilkesbarre Coal Company, but which do not appear on the books as assets of the company, $300,000 consolidated mortgage bonds. The Central Railroad Company has executed a mortgage to secure an issue of $5,000,000 of bonds called the "ten year loan bonds" (of which $3,278,000 have been issued), which purports to cover the railroad and property included in the consolidated mortgage. It does not appear from this trust deed that any lien is created upon the railroad properties. The litigation between the receiver of the Central and the Lehigh Navigation is alluded to, and occasion is taken to commend the receiver's management. The gross earnings for 44 days, ending March 31, 1877, (since the receiver took possession), were $667,000; expenses (including rental of Lehigh and Susquehanna Division, $83,000), $443,000. Net earnings, 44 days, $214,000.

**Manchester and Lawrence Railroad.**

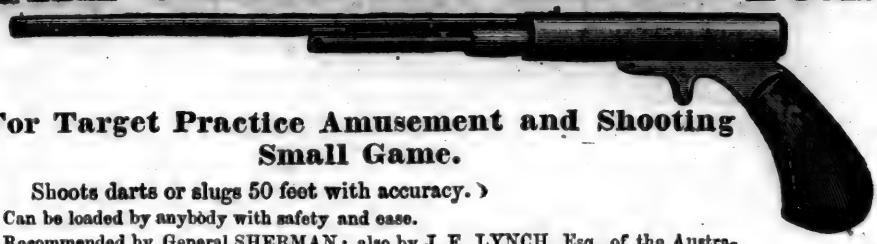
At the annual meeting of the Manchester and Lawrence Railroad Company, held in Manchester, N. H., on the 25th ult., 6,573 shares being represented, the following board of directors was elected: Ezekiel A. Straw of Manchester, Benjamin F. Martin of Manchester, Edward A. Abbott of Concord, Jos. W. Smith of Andover, Mass., Nathan Parker of Manchester, Aretas Blood of Manchester. William A. Tower and Samuel C. Eastman received each 3355 votes and no election. The vacancy will be filled by the Directors. The trial balance of the annual report, which was accepted without reading and placed on file, shows liabilities and assets of $1,124,284 34. Receipts during the past year: from passengers, $60,536 89; freight, $37,822 97; rents, express and mails, $11,751 60; from Concord Railroad, $67,590 13—total receipts, $177,701 59; total expenditures, $77,265 65; net earnings, $100,435 94; from which have been paid two dividends of 5 per cent., amounting to $100,000, leaving a balance of $435 94. The total number of tons of merchandise transported was 48,516, a decrease from last year of 17,628; total number of passengers, 120,701, a decrease of 1026; number of miles run by trains 69,470, a decrease of 1979. The report states that efforts are still pending for settlement with the Concord Railroad as to the respective rights and interests in rolling stock and other property of the North Wear Railroad, the amount claimed by the Lawrence road being two fifths. A large amount of property is owned and operated in common under a contract still subsisting, though referred to in the annual report of the Concord road as exclusively their property.

☞ The two interference cases involving the right to a patent for improvement in "time locks" for safes, vaults, etc., between James Sargent of New York and the Yale Lock Manufacturing Company, assignee of John Burge, which have long been pending in the Patent Office, and which were argued before the Commissioner on a final appeal a few weeks ago, were decided on the 26th ult. by Gen. Spear, the Commissioner of Patents, in favor of Sargent, thus ending a long and vigorously contested controversy. The decision of the Commissioner in both cases affirms that of the Examiner of Interferences and the Board of Examiners in Chief.

☞ At the annual meeting of the stockholders of the Atchison, Topeka and Santa Fe Railroad company, held on the 21st ult., in Topeka, Kansas, the following gentlemen were elected directors for the ensuing year: Thomas Nickerson, F. H. Peabody, Ginery Twitchell, Joseph Nickerson, I. T. Burr, Alden Speare, B. P. Cheney, C. W. Pierce, Charles J. Paine, of Boston; Charles W. Opydke of New York; C. K. Holliday, D. L. Lakin of Topeka; and J. E. Perley of Emporia, Kansas. Thomas Nickerson was re-elected President, F. H. Peabody Vice President, Edward Wilder, Topeka, Secretary and Treasurer, George L. Goodwin Boston, Assistant Secretary and Treasurer.

☞ At Jacksonville, Florida, on the 22d ult., Justice Bradley, of the United States Supreme Court, decided the motion for the injunction asked for in the two suits of the Western North Carolina Railroad against Gov. Drew, restraining the sale of the Florida Central, Jacksonville, Pensacola and Mobile Railroad, recently seized by the Governor for alleged non-payment of interest on bonds by granting injunctions in both cases. The amount involved exceeds $2,000,000.

☞ The directors of the Kansas City, Topeka and Western Railroad Co., recently elected, are: F. H. Peabody, Thomas Nickerson, Joseph Nickerson, B. P. Cheney, C. W. Pierce, Alden Speare and G. B. Wilbur of Boston; F. W. Giles; J. Smith and D. L. Lakin of Topeka, and A. J. Dull of Harrisburg, Pa. F. H. Peabody was re elected President, and Thomas Nickerson Secretary and Treasurer.



☞ The Chief Engineer of the Government Railways in Australia recently reported that the locomotives made in Australia were not only poor ones, but an injury to the roads. He recommended that hereafter all engines be bought in the United States. He is right. The American invention runs smoother, pulls stronger, lasts longer, and costs less to run than any in the world.

☞ At a meeting of the stockholders of the Peterborough and Hillsborough Railroad Co., held in Concord N. H., on the 25th ult., the following directors were chosen: Jonas Livingston of Peterboro', Onslow Stearns of Concord, James A. Rumrill of Springfield, Mass, John C. Campbell of Hillsboro', Amos Whittemore of Bennington, John M. Hill of Concord and G. Walker of Concord.

☞ At a meeting of the directors of the Cincinnati Southern Railroad Company, held in Cincinnati on the 26th ult., the following officers were elected: President, Rufus King; Vice President, Alfred Gaither; Secretary, Murray C. Shoemaker; Executive Committee, Rufus King, Alfred Gaither, William Glenn, Henry Lewis and R. M. Shoemaker.

☞ The directors of the Pueblo and Arkansas Valley Railroad Company are F. H. Peabody, B. P. Cheney, George B. Wilbur, Boston; O. H. P. Baxter and James N. Carlile, Pueblo, Col. President, Joseph Nickerson; Treasurer, Thomas Nickerson, Boston; Secretary and Assistant Treasurer, M. D. Thatcher, Pueblo, Col.

# THE CHAMPION AIR PISTOL.

**For Target Practice Amusement and Shooting Small Game.**

Shoots darts or slugs 50 feet with accuracy.

Can be loaded by anybody with safety and ease.

Recommended by General SHERMAN; also by J. F. LYNCH, Esq., of the Australian Rifle Team.

PRICES.

Black.....$5 00. Nickel Plated.....$6 00.
Nickel Plated Rosewood Handle..... ... ... 7 00.

Each pistol is put up in a neat box with a skeleton gun stock, 6 Darts, 100 Slugs, 6 Targets, a Ram-rod, Claw and Wrench.

Sent by Express C. O. D., or by mail at the risk of parties ordering, on receipt of price, and 40 cents additional for postage.

POPE MANUFACTURING CO.,
45 HIGH ST., Boston, Mass.

## FINANCIAL.

ALEX. FROTHINGHAM & CO., BANKERS AND Brokers, No. 12 Wall st., make for customers desirable investments of large or small amounts in stocks of a legitimate character, which frequently pay from five to twenty times the amount invested every thirty days.

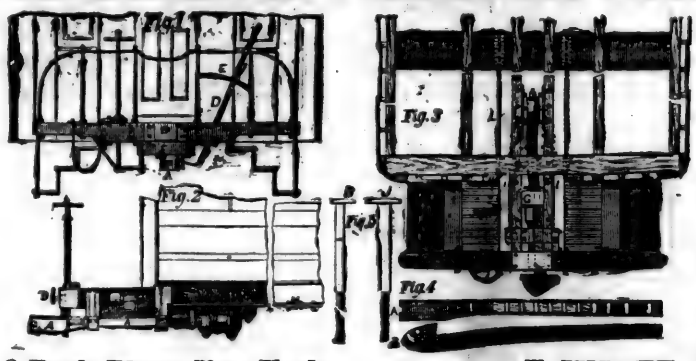
Reliable stock privileges negotiated at favorable rates. Stocks bought and carried as long as desired on deposit of three to five per cent. Circulars and weekly reports sent ly23*

### The Coal Trade.

The total tonnage for the week ending on the 19th instant, as reported by the several carrying companies, amounted to 521,260 tons, against 348,563 tons in corresponding week last year, an increase of 182,697 tons. The total amount of anthracite mined for the coal year is 7,253,967 tons, against 5,672 014 for same period last year, an increase of 1,531,953 tons. The quantity of bituminous coal sent to market for the week was 68,801 tons, against 54,612 tons for corresponding week last year, an increase of 12,189 tons. The whole bituminous tonnage from the beginning of the coal year is 1,137,285 tons, against 1,150,749 tons in corresponding time last year, a decrease of 13,454 tons. The total tonnage of all kinds of coal for the week is 600,061 tons, against 403,175 to corresponding date last year, an increase of 196 886 tons, and the total tonnage for the coal year is 8,294,244 tons, against 6,822,763 tons, to same date last year, an increase of 1,471,481 tons. The receipts at Perth Amboy for the week ending on the 19th instant were 84,873 tons, the shipments 30,088 tons, leaving a stock on hand of 134,597 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the second week in May was 94,906 tons, of which 78,299 tons were coal, and 16,607 tons coke. The total carried for the year is 2,748.224 tons, of which 1,418,301 tons were coal and 340,241 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, May* 28.

### Morris Canal.

The Lehigh Valley Railroad company is the lessee, or rather, the owner, of the Morris Canal, a narrow water course connecting the Delaware river at Easton with the Hudson river at Jersey City. This canal was leased by the Lehigh Valley before the construction of its present railroad, now operated across New Jersey from opposite Easton to South Amboy. The canal has become of comparatively little importance as a means of transportation, though it cost the Lehigh Valley some millions of dollars. It is still deemed, however, to have considerable value in the way of local tonnage and water power, as well as a source of water supply to Newark, Jersey City and adjacent towns. By a wonderful provision of nature this canal is supplied from a lake of water on the top of a considerable mountain, which flows both ways. It is now proposed by the cities named to purchase the canal and to use it as a conduit for a water supply from this lake. The lake has an area of a little more than four miles and a watershed of thirty-two square miles. The surface of the lake has been raised by a dam at its southern extremity, thirteen feet above its original level, All who are interested as owners or creditors of the Lehigh Valley Railroad company may be felicitated at the prospect of good purchasers for a costly property that for the purpose of transportation seemed likely to pass into disuse.



☞ The London Times says a new company has been formed, under the title of the British and American Mortgage Company, with a capital of £1,000,000, of which, it is stated, four-fifths of the first issue of £500,000 have been privately subscribed. The Right Hon. H. C. E. Childers is the chairman, and the object is to lend on first mortgage of real estate in the United States, the amount being limited by the articles of association to fifty per cent of the value.

## American Railroad Journal.

New York, Saturday, June 9, 1877.

### Philadelphia and Atlantic City Railway.

We have been favored with a copy of the Prospectus of the Philadelphia and Atlantic City Railway Company, from which we learn that the company was organized on the 24th of March, 1876, under and in accordance with the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize the formation of Railroad Corporations, and regulate the same," approved April 2, 1873, for the purpose of constructing and operating a narrow gauge railroad from Camden to Atlantic City, N. J., connecting with the City of Philadelphia by steamer.

It is the usual practice to present the prospectus of a new enterprise of this character as soon as the corporation has been formed, in fact in most cases before the organization has taken place. For various considerations this presentation has been deferred until this late period; the principal one being that a few capitalists, having made a thorough investigation as to the cost and prospect of revenue of the proposed road, at once subscribed to a sufficient amount of its capital stock to secure its completion.

It may be stated in this connection that the act under which this company was organized provides that the amount of money to be borrowed by any railroad organized under this act, shall not exceed the actual amount paid in cash by the subscribers to the capital stock; so that only one half of the actual cash cost of any railroad constructed under this law, can be procured by a loan upon all the franchises and property of the said corporation.

It was the original intention to construct a railroad of three feet gauge, and the estimates were based upon the construction of a road of this gauge with an iron rail of the best quality, weighing forty pounds to the lineal yard.

After a thorough and careful examination of the enterprise (with all its surroundings and requirements), and keeping in view the fact that the success of the investment would depend very largely on the construction and equipment of a railroad of such a character and of such width of track that the trains could be moved with perfect safety and at the highest rate of speed, it was determined to adopt a gauge of three feet six inches, with the confident assurance that upon a road of this gauge a maximum rate of speed could be obtained without any danger or doubt.

A wharf has been secured near the foot of Walnut street, Philadelphia, where, from convenient waiting rooms, the passengers will be taken to the promenade deck of a side wheel steamer, thence down to the Bulson street wharf, Camden, the river terminus, thence by rail fifty-five miles to Massachusetts and Arctic avennes, Atlantic City, delivering the passengers at all the street intersections of the city.

As the entire success will, of course, depend upon its income, it is important to look at the immense increase of travel to the sea shore during the Summer season since railroad facilities have been afforded.

When the first railroad was constructed to the sea shore, a few stages carried all the passengers to Absecon Beach, where three or four old farm houses were located among the sand hills. This was in 1854. Now the resident winter population of Atlantic City (formerly Absecon Beach) is about twenty-eight hundred.

Branches from the main line to Haddonfield, 1⅛ miles, to Leeds Point, 10 miles, and to Somers Point, 7⅛ miles, have been surveyed, and will be constructed at an early day—the Branch to Haddonfield by the company, and the others by means to be furnished by those interested in property along the roads and at the termini. These branches will be important feeders.

The original estimate for the construction and equipment of a narrow gauge road of three feet, with iron rails as before mentioned, was about $700,000. Now, after contracts have been made with highly responsible parties for all the material required for its construction, and for all the rolling stock needed for its equipment, and the road near its completion, and all the expenses to be incurred in its construction and equipment accurately ascertained, excepting the grading and bridge, for which more than liberal allowance has been made, the directors have the pleasure to state positively, that the entire cost of their road, now being constructed of three feet six inch gauge, will not reach the original estimate of seven hundred thousand dollars. The road will be but fifty-four miles in length from the Camden to the Atlantic City depots, and five miles shorter than any other railroad connecting Philadelphia with the seashore. The grades and curvatures are remarkably easy. The track across the meadows is laid on timber under the cross ties, thus insuring a level, substantial and smooth surface, on which the same rate of speed can be made as on any other part of the road. The rails are of the best quality of Bessemer steel, made by the Bethlehem Steel Rail Co., and weigh forty pounds to the yard.

The equipment will be as follows: 8 first-class locomotives, (7 built by the Baldwin Company), 40 first-class passenger cars, (with latest improvements), 2 smoking cars, 2 baggage cars, 20 freight box cars, 40 construction cars, (to be converted into freight cars after the completion of the road), 1 cabin car, and 7 push and hand cars.

The rolling stock is being constructed especially for, and adapted to the business of the country through which it passes; the engines weighing from ten to twenty-two tons in place of thirty to

thirty-five tons, and the freight cars six thousand pounds in place of eighteen thousand pounds; at the same time particular attention will be given to have all arrangements perfected for doing any amount of business during the Summer season, in the best and most satisfactory manner.

The nearest, most direct, and best conducted railroads connecting the large cities with the seashore, during the Summer season, are always sure of a large passenger traffic; and especially so, if constructed at cost; whereby the trains can be run with low fares, and at a high rate of speed.

It will be the constant effort of this company, to so run the trains as to accommodate its patrons in the best manner possible.

The local traffic will be done with small engines and frequent trains, thus accommodating those residing along the line of the road, with ample railroad facilities.

One of the main arguments used against railroads differing from the standard gauge, is the difficulty of connecting with roads of that gauge. This objection has no basis with this road, as it has no connections with other roads; and all the roads to connect with it will be constructed of the same gauge.

The amount of capital stock subscribed and paid up is $350,000. Amount of bonds secured by mortgage $500,000, of which $350,000 have been issued. The estimated disbursements for the first year, including interest on $350,000 bonds at seven per cent, in excess of working expenses, i $53,800. Gross receipts of $150,000 would be sufficient to pay the above amount, the working expenses, and a dividend of 8 per cent on the capital stock.

The office of the company is at No. 204 Walnut Place, No. 316 Walnut St, Philadelphia. The officers are: President—Samuel Richards; Directors—Samuel Richards, William Massey, Chas. R. Colwell, W. Dwight Bell, James M. Hall, J. Lapsley Wilson, John E. Shaw, John J. Sickler, Levi C. Albertson, Thos. C. Garrett, John J. Gardner, M. R. Morse, J. G. Campbell; Secretary and Treasurer—A. B. Linderman; Solicitor—Samuel H. Grey, Camden, N. J.; Consulting Engineer—Theodore F. Wurts; Chief Engineer—John J. Sickler.

☞ At the annual meeting of the Middletown, Unionville and Water Gap Railroad Company, held in Middletown, N. Y., on the 28th ult., the old board of directors with few exceptions were re-elected as follows: Grinnell Burt, W. H. Clark, H. A. Wadsworth, H. R. Wilcox, D. C. Dusenberry, M. S. Hayne, Oscar Dunn, Asa Smith, W. H. Wood, Henry R. Low, James N. Pronk, Levi Starr and Moses D. Stivers. The board subsequently re-elected the officers of last year: Grinnell Burt, President; Asa Smith, Vice President: W. H. Clark, Treasurer; Jas. N. Ponk, Secretary.

☞ The Middletown, N. Y., Press, of 1st inst., says: "The new steam hand car which Master Mechanic Minshull, of the New York and Oswego Midland Railroad, has built for inspection purposes, made a trip to Bloomingburgh and back this morning. It used hardly a shovel full of coal. It is a perfect little locomotive, with upright boiler and engine, which is several horse power. The engine has a nine inch stroke and the cylinder a four inch bore. It will run the machine about 30 miles an hour."

**Boston, Concord and Montreal Railroad.**

The earnings of this road for the years ending March 31, 1876 and 1877, were as follows:

| | 1876. | 1877. |
|---|---|---|
| From passengers | $276,162 09 | $250,295 86 |
| " freight | 386,607 83 | 370,849 70 |
| " mails | 18,019 07 | 17,433 98 |
| " express | 9,000 00 | 9 000 00 |
| " miscellaneous | 3,565 98 | 1,728 77 |
| | $693,354 97 | $649,307 81 |
| Expenditures, viz: | | |
| Maintenance of way | $170,236 57 | $115,100 11 |
| " motive power | 80,482 80 | 80,951 39 |
| Cost of working road | 227,680 04 | 208,413 61 |
| " management | 14,260 24 | 14,798 11 |
| Miscellaneous | 18,732 99 | 88,114 22 |
| | $511,342 64 | $457,377 44 |
| Net income | $182,012 33 | $191,930 37 |
| Bonds and cash on hand per last report | | 139,573 80 |
| Interest received during the year | | 9,225 52 |
| Wood, Engineer's department, and shop stock less than last year | | 23,072 98 |
| For sales of consolidated mortgage bonds | | 43,000 00 |
| Total | | $406,802 67 |
| Appropriated as follows: | | |
| Paid coupons, back coupons, interest on over due bonds, etc | | $145,662 55 |
| Paid preferred stock dividends | | 44,655 00 |
| Oil on hand more than last year | | 22 80 |
| In hands of superintendent more than last year | | 18,819 43 |
| Branch Railroad to Mount Washington | | 43,000 00 |
| Paid sundry expenses | | 5,124 19 |
| Cash and bonds on hand | | 149,518 70 |
| Total, as above | | $406,802 67 |

Compared with the previous year, the gross earnings show a decrease of $44,047 16; with a decrease in expenses of $53,865 20—making an increase in net earnings of $9,818 04. The report says:

Taking into consideration the long continued and unprecedented business depression which has so universally and so seriously affected the business and the interests of railways, we think our stockholders may fairly congratulate themselves upon the result of the gross operations. While every effort has been made to have the strictest economy applied to every department of the road, the property has not been allowed to depreciate, but has been kept in safe and excellent condition. This condition has been maintained at less than the usual expense, owing to the lower price of labor and the diminished cost of many of the materials largely entering into the expense of railway operation and repairs.

We have put into the track the past year 89,612 new sleepers, at a cost of $22,331 07; 804 tons of new 56lb. rails have been laid in place of the rails transferred to the Branch.

We have purchased two first class engines, one first class monitor top passenger car, built one observation, and one baggage and smoking car, costing in all $26,800. We have also bought the right to use the Westinghouse Brake, and have fitted twelve engines, twenty-five passenger cars, and eight baggage cars therewith, at a cost of $12,000; this brake, with the Miller Platform, adds greatly to the security of the trains and the safety of the passengers.

There have been rebuilt in the shops thirteen freight cars, at a cost of $6,500, and full repairs have been made upon all engines and cars, and they are in as good condition as at any former time.

We have built a new bridge over Winnipiseogee River, at Tilton, and one at Sewall Falls, and made full repairs upon all others. Have built new engine house at Woodsville, to take the place of one that was burnt.

The semi-annual dividends upon the preferred stock, amounting to $48,000, have been paid and charged in the accounts.

The Sinking Fund holds $306,000 of its own bonds which cannot be reissued, and our bonded debt is practically reduced that amount.

The contract for the lease of the Southeastern Railway, made by the Passumpsic Railroad some two years since, and the subsequent business contract entered into by this corporation, which provided for our sharing the benefits and responsibilities of the lease, both expired by limitation in March, 1876.

The times have had a very unfavorable effect upon these contracts, and the development of business has been less than was reasonably expected when the contracts were executed. There has, doubtless, been some loss to our road under these contracts, but we are satisfied that the benefits more than compensate for the loss sustained.

The harmonious and efficient relations existing between this road and the Passumpsic, we think, can be largely attributed to the existence of these contracts, which, we trust, when business revives, will reimburse both corporations for the responsibilities assumed.

These contracts and the operations under them have therefore been practically continued, all the parties concerned believing their interests to be better subserved by their continuance than by their abrogation.

The Branch from the Fabyan House to the base of Mt. Washington, there making direct connection with the Mt. Washington Railway extending to the summit, was completed in July last, and in successful operation, and proved all that was anticipated.

Passengers by our line are now enabled, during the period of summer travel, to leave Boston at eight o'clock, A. M., and reach the top of Mount Washington (without change of cars, except at the base of the mountains) before sunset the same evening.

The past year was a peculiarly unfavorable one for summer travel. Besides the diminution naturally caused by business depression, the Centennial Exhibition at Philadelphia was the great attraction, and diverted thousands from the usual mountain resorts.

We see no reason why this pleasure travel, which has heretofore kept pace with the facilities furnished, should not continue to largely increase, and we feel very sure that no other road can furnish so good facilities for its accommodation.

In addition to carrying the summer travel, the Branch has been quite largely used for the transportation of wood and lumber, and particularly for furnishing poplar wood to the paper manufactories of central New Hampshire and Massachusetts.

The arrrangement mentioned in our last report for the accommodation of the business of the Portland and Ogdensburg Railroad, by which its trains are run over our track between Fabyan's and Connecticut River, still continues. The business has not been large, and the compensation could hardly be expected to be very remunerative. An amicable settlement has been agreed upon to April 1, but payment has not yet been made, and nothing therefrom has been included in the accounts.

The extension of our road to Colebrook has long been regarded by us as greatly to be desired, and we hope the day is not far distant when the financial interests of the corporation and the business interests of the flourishing locality to be accommodated will warrant its construction.

When business revives, the consolidation of the various interests in the corporation will become specially important, and we hope that before the close of the present year the consolidated stock may be issued to the entire satisfaction of all parties.

It will be noticed that the large sum of $20,000

has been paid the present year in settlement of claims for damages. These claims were mostly for personal injuries, resulting from unfortunate accidents which occurred several years ago. They have now been fully settled and all expenses incident to their litigation have been stopped, and we are happy in being able to state that, so far as we are aware, no claim for personal injury now exists against this corporation.

No passenger has been injured, and no accident of a serious character has occurred to any of the trains the past year.

The equipment of the road consists of 29 locomotives, 25 passenger cars, 2 drawing room cars, 15 mail and baggage cars, and 590 freight cars.

Miles run by passenger trains, 372,609; by freight trains, 310,125; by other trains, 20,751—total miles run, 703,485.

The total number of passengers carried during the year was 211,688—equal to 7,499,539 carried one mile. Total number of tons of freight, 126,433—equal to 7,586,019 tons carried one mile.

TRIAL BALANCE SHEET, March 31, 1877.

### Philadelphia and Reading Railroad.

The net earnings of the Philadelphia and Reading in the first four months of this year amounted to $678,661, as compared with $199,593 in the corresponding period of 1876, $175,460 in the corresponding period of 1875, $1,076,528 in the corresponding period of 1874, $816,270 in the corresponding period of 1873, $662,702 in the corresponding period of 1872, $446,067 in the corresponding period of 1871, $481,079 in the corresponding period of 1870, $491,715 in the corresponding period of 1869, and $397,192 in the corresponding period of 1868. The profits of the steam colliers have also been larger this year, and the floating debt of the company has been reduced from $8 272,859 to $6 735,055. It is proposed, however, to pay the coupons of the General Mortgage bonds for three years, half in cash and half in 6 per cent Scrip, payable, with interest, in five years. It is also proposed to suspend the drawings of the General Mortgage bonds and the Improvement bonds for a term not exceeding four years; and Mr. F. B. Gowen, the president of the Company, has just brought proposals to this effect to London.—*Herapath, May 26.*

### Portland, Saco and Portsmouth Railroad.

The annual meeting of the stockholders of the Portland, Saco and Portsmouth Railroad Company was held at Kittery, Me., on the 4th inst. The meeting was called to order by President S. Lothrop Thorndike, who read the call of the meeting, and then presented the 37th annual report, as follows:

The year commenced under circumstances of greater depression for the value of your road, and of darker prospects for its future than it had before experienced. These circumstances, arising from the misfortunes of the Eastern Railroad Company, to which your road is bound by permanent contract, are familiarly known. The notes of this corporation issued under the contract for the accommodation of the Eastern Railroad Company to the amount of $250,000, were due or speedily coming due, and the holders were pressing for payment. This payment the Eastern Railroad Company, the party primarily liable, could not provide for, and your corporation had no funds to meet it. The Boston and Maine had a claim against us under an old contract for half a million dollars, which it was vigorously urging. The entire year has been spent in the attempt to disentangle your corporation from these embarrassments, and your directors feel that they have a right to congratulate you upon the result reached.

The attempt made in accordance with your vote of last summer to provide for outstanding notes by the issue of mortgage bonds, was a failure. The subscription was offered to our stockholders at a time when new securities, especially railroad securities, were looked upon with suspicion. It was taken only to a very limited extent, and had to be abandoned. Various other projects were suggested by your directors, and presented for the consideration of our creditors and of the Eastern Railroad Company.

Finally, the plan was devised which received your approval at your recent special meeting. This plan has been accepted by the Eastern Railroad Company and by our creditors, and has already been so far carried out that its success seems assured. It consists in brief of the issue by the Eastern Railroad Company and the party primarily liable of its certificates of indebtedness to the amount of the outstanding notes. These certificates have been marketed at 50 per cent. of their face, and thus one-half of the debt is cleaned off. For the balance our creditors will accept payment in instalments at intervals of 6 and 8 months, which the Eastern Railroad Company agree to meet. It will be seen that the Eastern Railroad Company has met us with a liberal sense of its duty to provide for the emergency into which its misfortunes had brought us, and the full recognition of the natural importance of our two roads to each other. It has also conceded to us three points upon which your directors insisted upon, and which, we believe, place our contract with them upon a better footing than ever before. First, When our present note indebtedness shall have been settled in the mode indicated above we shall not again be called upon for the use of our credit. Second, If our contract with the Eastern Railroad Company shall ever be terminated it will present no claim for betterments made before the date of our new supplemental contract. Third, We shall have a right of re-entering upon any property for other breaches of contract than the non-payment of dividends which has heretofore been the only default for which that remedy was expressly provided. In consideration of all which we have agreed, in accordance with your recent vote, that the semi-annual payment to our stockholders shall continue hereafter to be three dollars a share instead of five dollars as originally fixed. The supplemental contract embodying all these provisions, and the mortgage securing the successive instalments upon our notes have been executed in the form adopted at your recent meeting.

It should be added that the settlement of the suit of the Boston and Maine railroad, already mentioned, and of a counter suit of ours against them, is included in a contract between the Eastern Railroad Company and the Boston and Maine Company already consummated. Thus by the first of the ensuing month we shall have a property free from debt, excepting one hundred and twenty-five thousand dollars of mortgage notes, and at the expiration of four years, unless some unforseen calamity shall befall us or the Eastern Railroad Company, we shall have a six per cent. paying property free from debt or incumbrance. Our road is in good and substantial order and repair, and the Eastern Railroad Company is contemplating important improvements in rails, road beds and terminal facilities at Portland. Our chattel property in charge of the Eastern Railroad Company is also believed to be in good order and serviceable condition.

The report was unanimously accepted, and the following gentlemen elected directors for the ensuing year: Alfred P. Rockwell, S. Lothrop Thorndike, W. H. Y. Hackett, Samuel Lawrence, George P. King, Geo. E. B. Jackson, John B. Brown.

☞ Reports of progress in constructing the Scioto Valley Railway between Portsmouth and Chillicothe, Ohio, are very encouraging. Half the grading in Scioto county is said to be finished, and track-laying is to commence at Portsmouth in ten or twelve days. A large force of graders is employed, and it is thought they will be able to keep out of the way of the rapid advances of the iron men. There is some complication about the right of way in Chillicothe which delays work there, and Waverly's relations to the road have not yet been definitely settled.

☞ The capital required to organize the Pittsburg and Castle Shannon Railroad having been subscribed, it has been unanimously resolved to proceed at once to build the road as far as Joshua Wright's farm, on Peters creek, 14 miles from Castle Shannon, and from thence to Washington via Kammerer or Thomas' store, as might hereafter be found most desirable.

☞ At a meeting of the Portland, Me., City Council on the 4th inst., an order was passed directing the City Solicitor to resist the appointment of a receiver for the Portland and Ogdensburg Railroad in case the first mortgage bondholders ask for such appointment. The order directing the sale of the road for $270,000 was lost.

☞ The deeds of transfer and other necessary legal documents concerning the sale of the Los Angeles and Independence Railroad to the Southern Pacific Railroad Company have been recorded. The transfer was to have taken place on the 1st inst.

☞ A staff of engineers has begun locating the continuation of the Hamilton and North Western (Ca.) Railway from Jarvis to Port Dover, and it is expected that the construction of twenty miles of the road will be completed this year.

☞ The dividend due April 1, 1877, on the preferred stock of the Ogdensburg and Lake Champlain Railroad Company will be paid July 10 to stockholders of record July 1.

### Pennsylvania Company.

At the annual meeting of the stockholders of the Pennsylvania Company, held in Pittsburg on the 5th inst., the following named gentlemen were elected directors for the ensuing year: Thomas A. Scott, Geo. B. Roberts, Alexander Biddle, G. Morrison Coates, S. M. Felton, Wistar Morris, H. M. Phillips, Jos. N. DuBarry (instead of A. J. Cassatt), H. H. Houston, of Philadelphia; J. N. McCullough, Wm. Thaw and Thos. D. Messler, of Pittsburgh.

The annual report was submitted, read and approved, giving in full detail the results of operating the various lines controlled by the Pennsylvania Company.

The following, from the report, gives the result of these operations:

| | |
|---|---|
| Aggregate earnings from lines operated by the Pennsylvania Company and other sources in 1876. | $14,584,710 35 |
| Expenses of operating the lines... | 8,700,029 39 |
| Net earnings..... | $6,557,680 96 |
| Out of which were paid interest on bonds, dividends, rental and all charges connected with leased lines amounting to..... | 5,199,941 59 |
| Leaving a surplus amounting to. | $1,357,739 37 |
| From which were paid the interest on the funded and other debts of the Pennsylvania Company and general expenses... $774,558 22 | |

to pass to the credit of profit and loss, after meeting all charges of every nature and kind.

### Manchester and Ashburnham Railroad.

At the annual meeting of the stockholders of the Manchester and Ashburnham Railroad Company, held at Manchester, N. H., on the 30th ult., the following board of directors was elected for the ensuing year: Samuel R. Payson, Edmund Dwight, John C. Palfrey, Joseph Stone, Person C. Cheney, David Cross and Hiram K. Slayton. At the meeting of directors Samuel R. Payson was elected president and David Cross clerk.

The report of the engineers employed by the directors to make surveys of the various routes between Manchester and Winchendon was read and accepted.

Three routes were examined, the first being via the Nashua, Greenfield and Peterboro' to Winchendon, using four miles of the Manchester and Lawrence track, from Manchester station; then 13½ miles to be constructed to Nashua; then 27 miles over the Nashua and Wilton Railroad and the Peterboro' road to Greenfield; then seven miles to be constructed between Greenfield and Peterboro'; then 17 miles over the Monadnock Railroad to Winchendon, a total distance of 68½ miles, 48 over existing roads and 20½ to be constructed.

The second route is via Bedford, Amherst, Milford, Greenfield and Peterboro' to Winchendon, 15 miles to be constructed between Manchester and Milford; then 15 miles over the Nashua and Wilton and Peterboro' roads to Greenfield; then 7 miles to be constructed to Peterboro'; then 17 miles over the Monadnock road to Winchendon —total 54 miles, 22 of which are to be constructed.

Third route is via Goffstown, New Boston, Franciscotown, Greenfield and Peterboro', nine miles from Manchester, over the North Weare road; then 25 to be constructed to Peterboro', a total distance of 51 miles, of which 25 miles is new road. The middle route is thought to be impracticable on account of the great expense in constructing the road beyond Milford.

### Central Railroad and Banking Company of Georgia.

The earnings of the Central Railroad and Branches for the years ending August 31, 1875 and 1876, were as follows:

| | 1874-'75. | 1875-'76. |
|---|---|---|
| Up through freights... | $202,893 95 | $192,151 39 |
| Up way freights..... | 166 955 46 | 160,482 37 |
| Up mail freights..... | 9,069 27 | 8,394 40 |
| Down through freights | 515,289 54 | 454,026 92 |
| Down way freights.... | 308,434 66 | 282,013 42 |
| Down mail freights... | 9,318 48 | 8,210 76 |
| Up through passage.. | 19,052 10 | 13,404 82 |
| Down through passage | 21,951 76 | 22,704 39 |
| Up way passage..... | 104,671 15 | 93,891 28 |
| Down way passage.... | 124,099 61 | 91,636 27 |
| Transp. of mails..... | 29,792 88 | 21,585 48 |
| Earnings River Road.. | 30 590 86 | 36,890 18 |
| Total, all sources.. | $1,552,119 72 | $1,384,891 13 |
| Add earnings from— | | |
| Central Railroad, Atlanta division..... | 555,262 96 | 560,112 82 |
| Southwestern R. R.. | 770,726 22 | 648,056 07 |
| Upson County R. R. | 8,427 71 | 8,482 08 |
| Total earnings.. | $2,886,536 61 | $2,601,542 10 |
| Expenses, viz: | | |
| Transportation ..... | $481,094 69 | $441,729 29 |
| Motive power..... | 472 816 07 | 423,037 86 |
| Cars..... | 137,238 59 | 184,157 12 |

| Stock killed ..... | 18,751 30 | 14,100 20 |
| Incidentals ..... | 55,349 45 | 66,121 93 |
| Repairs of buildings.. | 21,845 76 | 30,679 34 |
| | $1,686,704 70 | $1,618,000 87 |
| Leaving a balance of. | $1,199,831 91 | $983,541 28 |

Compared with the previous year the gross earnings of 1876 show a decrease of $284,994 51, with a decrease in expenses of $68,703 88—making a decrease in the net earnings of $216,290 63. The President, in his report for the year 1876, says:

The operations of your company for the twelve months ending on the 31st of August, show earnings as follows:

| | |
|---|---|
| Central Railroad, Savannah Division. | $1,384,891 13 |
| Central Railroad, Atlanta Division.. | 560,112 82 |
| Central Railroad Bank..... | 55,554 87 |
| Southwestern Railroad..... | 648,056 07 |
| Upson County Railroad..... | 8,482 08 |
| Total for roads and bank..... | $2,657,096 97 |
| The expenses for the same period have been for— | |
| Central Railroad, Savannah Division..... | $792,708 05 |
| Central Railroad, Atlanta Division..... | 337,501 86 |
| Central Railroad Bank.. | 17,130 23 |
| Southwestern Railroad. | 478,684 79 |
| Upson County Railroad. | 9,106 17 |
| | 1,635,131 10 |
| Leaving net..... | $1,021,965 87 |

For particulars in reference to the earnings of the roads operated, you are respectfully referred to the General Superintendent's report, as it would be only repetition to go over the matter again. He refers particularly to the causes which have resulted in the very considerable falling off in the earnings of the road for the past year. Those that are the natural sequence of short crops, are unavoidable, and should be borne with due resignation, but for sensible men, capable of being intrusted with large invested interests, to be engaged in a suicidal war, is passing strange. While such a course is most earnestly condemned by the board, with the assurance that this company will do all in its power to rectify the evil, it cannot stand idly by and see its business taken by competing lines without an effort to retain it, even at a loss.

With the reduction of earnings it will be seen that the expenses have been somewhat lessened, but at the date of the last report it was not anticipated that much more could be accomplished in this direction, yet every effort has been and will continue to be made to work the roads with the utmost economy, having in view the efficient conduct of its business.

The Southern Railway and Steamship Association having selected Virgil Powers, Esq., as General Commissioner, this board, being anxious for the success of the Association, accepted the resignation of Mr. Powers as Engineer and Superintendent of the South Western Railroad, conditioned that should the position of General Commissioner not be permanent, or become distasteful, he should return to the position he resigned. Capt. W. G. Raoul was appointed Superintendent of the South Western Railroad, *ad interim*, at the same time continuing to act as road master on the Central Railroad. This expedient was adopted in order to render it possible to accept Mr. Powers' resignation, and thereby enable him to take the position of General Commissioner, and it is believed that no detriment has resulted from this course.

While Mr. Powers has not, as far as the board are advised, accomplished all that could be wished, it is believed that he has to the fullest extent the confidence of all interested, and it is hoped that the good sense of railroad officials will so far strengthen the Association of which he is now the chief, as to enable it, under a permanent organization, to protect fully the interests of all parties. That some such organization is necessary, all admit, and this board will sustain it so long as good faith is kept by the companies forming the Association.

The Western Railroad of Alabama, which is owned jointly by your company and the Georgia Railroad Company, as stated in the last report, has been managed by Gen. E. P. Alexander, under a provisional organization. By a resolution of its board, the termination of its fiscal year is fixed for the 31st of August, and its report will be made out as of that date. We, therefore, cannot now give the result of its operations; but it is presumed the report will be published in time to be distributed with this, and that method will be adopted for giving the desired information in regard to it.

Owing to various causes, the partition of the two branches of that road has not been made, but it has not been lost sight of by the board, and a committee has been appointed to confer with the authorities of the Georgia Road relative thereto.

For information respecting the operations of the Ocean Steamship Company, of which your company are the virtual owners, you are respectfully referred to the report of that company, published herewith as an appendix.

The accounts of the company have been very carefully examined by a committee from the board, and by its direction, every item has been charged off that has not a tangible and real value. The committee, of which two are among our most experienced merchants, were unanimous in adopting the same rule with regard to our accounts that they do in their own private affairs. It is therefore believed that there is now nothing remaining with a fictitious value.

The maturity of the one million of bonds that were issued for rebuilding the road, and certain

other securities of the South Western, Muscogee, and Mobile and Girard Railroads, were referred to in the last report. The entire one million of our own bonds have been taken up, and the mortgage cancelled. In addition to the payment of those bonds, we have taken up the following obligations for which the company were directly and indirectly responsible:

| | | |
|---|---|---|
| Steamship bonds referred to in previous reports | | $300,000 |
| Macon and Western R. R. bonds | | 33,000 |
| South Western R. R. bonds | | 55,000 |
| Muscogee R. R. bonds | | 168,500 |
| Mobile and Girard R. R. bonds, endorsed | $205,000 | |
| Mobile and Girard R. R. bonds, not endorsed | 64,500 | |
| | | 269,500 |

By a resolution of the board it has been determined not to sell exceeding $3,500,000 of our tripartite bonds. It will be seen by the statement of the Book Keeper and Cashier that there have been sold and exchanged $3,222,000 of these bonds, leaving yet to be disposed of, under the resolution referred to, the sum of $278,000. The indebtedness of the company beyond this it is expected will be paid from the earnings of the road.

An analysis of the operations of the company for the past year will show that, after paying all interest and rents, with expenditures of all kinds, a surplus of $437,285 83 remained, which has been absorbed in the payment of liabilities of the company, thereby rendering the stock really that much more valuable, and it will readily be seen that this is equal to 5.83 per cent. on the whole capital stock.

The companies' interest in the steamboats on the Chattahoochee river continues in a reasonably prosperous condition. The boat that was put on the Tombigbee river, in which the citizens of Columbus, Mississippi, are interested, has not done as well as was expected. Immediately upon entering the river it encountered strong and determined competition from the Mobile and Ohio Railroad, and there has thus far been no connection between it and the railroad at Demopolis as was expected.

By an act of the Legislature, passed in 1874, the railroads of the State were taxed as other property, notwithstanding any provision in their charters to the contrary. This act, however, provided that its validity, or constitutionality, might be tested in the courts. It was tested by this company, and being decided against us in the State courts, it was carried to the Supreme Court of the United States, and by that tribunal the decision of the State Court was so far reversed as to exempt the Central and South Western Railroads from taxation beyond that provided to be paid by their charters. The Macon and Western Railroad, having been built under a separate charter, without exemption from liability to be taxed, it was decided could not now come under the provision of this company's charter, notwithstanding it now forms a part of your road.

The company have 111 locomotives, viz: belonging to the Savannah Division, 58; Atlanta Division, 21; and Southwestern Railroad, 32. The number of cars is as follows: on the Savannah Division—27 passenger, 15 passenger and baggage, 5 passenger, mail and baggage, 18 baggage and package, 2 express, 608 box, 203 platform, 26 stock, 15 coal, 21 conductor's, 4 provision, 2 paymaster's, 2 construction and 8 gravel cars; on the Atlanta Division—13 passenger, 4 passenger, mail and baggage, 2 baggage and package, 2 express, 140 box, 86 platform, 6 conductor's, 15 stock, 8 coal and 8 construction cars; and on the Southwestern Railroad—22 passenger, 7 passenger and baggage, 2 baggage, mail and express, 8 mail and express, 4 baggage and package, 242 box, 184 platform, 8 stock, 10 conductor's and 2 construction cars. The aggregate number of cars of all classes in use on all the roads is therefore 1,614, viz: 62 passenger, 22 passenger and baggage, 9 passenger, mail and baggage, 2 baggage, mail and express, 8 mail and express, 24 baggage and package, 4 express, 990 box, 373 platform, 49 stock, 23 coal, 37 conductor's, 2 paymaster's, 4 provision, 7 construction and 3 gravel cars. Adding the 116 cars detailed for "Green Line" service, would make the whole number of cars owned by the company 1,730. The number of passengers carried was 95,420, viz: through, 14,498; way, 80,922. Number of bales of cotton moved, 413,758; pounds of guano, 78,506,891. The mileage of engines on the Savannah Division was 859,930; on the Atlanta Division, 358,874; and on the Southwestern Railroad, 457,181—a total of 1,675,485.

BALANCE SHEET, August 31, 1876.

☞ The highest point yet attained by any railroad has been reached in the summit of Sanita Pass, in the Sangre de Christo mountains, by the Southwestern extension of the Denver and Rio Grande railroad. The altitude of the summit is 9340 feet.

**Boston, Concord and Montreal Railroad.**

At the annual meeting of the stockholders of the Boston, Concord and Montreal Railroad Company, held at Plymouth, N. H., on the 28th ult. the following named gentlemen, constituting the old Board of Directors, were re-elected directors for the ensuing year: John E. Lyon, Boston; Alexander H. Tilton, Tilton, N. H.; Joseph P. Pitman, Laconia, N. H.; Peter Butler, Boston; John L. Rix, Milford, N. H.; Joseph W. Lang, Meredith, N. H.; Samuel N. Bell, Manchester, N. H.

The election was almost unanimous, only two scattering votes being thrown.

The annual report of the directors (a full abstract of which is given on another page of the JOURNAL) was submitted by the President, who said that the showing was the best that could be made, and it was as favorable as that made by any neighboring road. A large amount of ballasting had been done on the road the past year, and the work had cost comparatively little. The road is now in as good condition as it ever was. It is proposed to run the road on strictly economical principles.

On motion of Hon. B. J. Cole of Lake Village the report was accepted.

Dr. E. Simpson of Lowell made an inquiry relative to the proposed consolidation of stock which had already been voted. He was in favor of rescinding the vote and returning the old stock to its owners unless the arrangement could be carried out at once.

President Lyon explained that it had been impossible to carry out the consolidation fully as yet. The financial condition of the road did not warrant so large an expenditure as would be necessary to carry out the project at once. Some of the holders of the old stock declined to sell except at an advantage over others. He was himself a large owner of the old stock, and was likely to suffer more than anybody else by the delay, but he did not think it advisable to expend the money at the present time to buy the stock.

Further remarks were made on the subject by Hon. Mr. Cole of Lake Village, Benjamin Blood of Lowell and Joseph Kidder of Manchester. Mr. Blood took a very hopeful view of the road. He thought few could correctly estimate the advantages yet to accrue through Western and Northern connections. He thought, too, the road was well managed, and that the course which had been pursued was the best that could be taken.

☞ The City Commissioner of Baltimore, Md., has been officially notified of the Mayor's approval of the ordinance to construct a bridge over Jones' falls and the railroad tracks at Calvert st., and has commenced work on the plan and specifications. The bridge will be nearly 700 feet long, 60 feet wide and about 80 feet high, constructed of iron, with frame paneling for the side railings. As soon as the plans and specifications are completed proposals will be invited and the work commenced at an early day. The appropriation for the work is $140,000.

☞ Clark C. Boutwell, William Ramsdell, John Reed, Solomon Spaulding and Jno. A. Spaulding have been elected directors of the Wilton (N. H.) Railroad Co. J. Thornton Greeley was chosen as clerk.

### Philadelphia and Atlantic City Railway.

OFFICE OF PHILA. & ATL. CITY RAILWAY CO.,
204 WALNUT PLACE—316 WALNUT ST.,
PHILADELPHIA, May 31, 1877.

JOHN H. SCHULTZ, ESQ.,
Ed. AMERICAN RAILROAD JOURNAL.

Dear Sir:—I send you herewith the Prospectus of the Philadelphia and Atlantic City Railway Company.

As a matter of professional interest, I report the most rapid (and at the same time substantial,) railroad construction on record, to wit: the completion of an embankment eighteen hundred feet long, containing twenty-three thousand cubic yards, with an arch culvert under it, in six days.

The method of construction is original with our President, Mr. SAMUEL RICHARDS, and is extremely interesting to the profession.

By the employment of experts the construction and equipment of the line, fifty-five miles in length, will be completed in three months from date of its commencement, with wharves, depots, and offices in Philadelphia and Camden, and Excursion House and depot in Atlantic City; also transfer of freight cars across the Delaware River, by means of barges—the whole being a work of such magnitude that leading railroad men said it could not be done.

Our buildings were obtained from the U. S. Centennial Grounds, and were known as Board of Finance Building; Cen. Commission Building; La Fayette Restaurant; Cen. Bank Building and Car Annex to Machinery Hall—which are very appropriate, in their light architecture, to the requirements of a road built for summer travel.

The terminus in Philadelphia (see Prospectus) is near foot of Walnut St. Thence the route is via an elegant Passenger Steamer to foot of Bulson St., Camden. The facilities for transfer of passengers from wharves to boat are so easy that no time need be lost in their transfer, and while the ordinary transit from the ferry boat to the train is in progress our train will be under full headway.

The appointments of the road are first-class in every detail. Its rapid construction has not interfered with a solid build, and but a short time after the opening will be needed to place it upon an equality with any railroad in America in point of safety, speed and comfort.

The opening day is fixed for June 28th; and invitations have been sent to the American Society of Civil Engineers, and other Societies and Boards representing the great railroad and financial interests of our country.

I have been an interested reader of your JOURNAL for many years. As it is the only complete and reliable record of American railroad construction and progress, I send this statement of our road to you in preference to any other.

I hope you will honor us with your company at the opening of the road, more explicit information of which will be sent to you later.

Very truly yours,
T. F. WURTS,
Consulting Engineer.

☞ The Contra Costa (Cal.) Gazette of 28d ult. says that ten miles of the rails had been laid from the junction of the Western Pacific toward Antioch; and as they are being laid down at the rate of about a mile a day, the locomotive of the construction train will doubtless be at Antioch before the close of the month.

### Suncook Valley Railroad.

At the annual meeting of the Suncook Valley Railroad Company, held in Manchester, N. H., on the 24th ult., the following Board of Directors was elected: Samuel N. Bell of Manchester, Natt Head of Hooksett, Frederick Smyth of Manchester, Lemuel B. Towle of Epsom, Charles H. Carpenter of Chichester, Reuben L. French of Pittsfield, Martin V. B. Edgerly of Manchester.

At the annual meeting of the Suncook Valley Extension Railroad Company, the following board of directors was elected: Samuel N. Bell, Frederick Smyth, Natt Head, James H. Colbath of Barnstead, Daniel E. Tuttle of Barnstead, Thomas Coggswell of Gilmanton; S. N. Bell, President, and Col. B. P. Cilley, Clerk.

### Statement of the Public Debt of the United States, June 1, 1877.

DEBT BEARING COIN INTEREST.

| | Amount Outstanding. | Accrued Interest. |
|---|---|---|
| 5 per cent. bonds, 1858 | $200,000 00 | $5,416 66 |

| Western Pacific bonds, 1862-4 | 1,970,560 00 | 49,264 00 |
| Sioux City and Pacific bonds, 1862-64 | 1,628,320 00 | 40,708 00 |
| Totals | $64,623,512 00 | $1,315,587 80 |

Interest paid by United States, $34,018,923 78; interest repaid by transportation of mails, &c., $8,456,525 50; balance of interest paid by United States, $25,562,397 98.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, May 31, 1877.

JOHN SHERMAN,
Secretary of the Treasury.

☞ The directors of the Old Colony Steamboat Company, elected on the 4th inst., are: Onslow Stearns, Fred. L. Ames, Thos. J. Borden, Wm. Borden, Charles F. Choate, Charles P. Stickney, Silas Pierce, Jr., and Cornelius Bliss. The financial standing of the company is very satisfactory to the stockholders.

☞ The directors of the Chesapeake and Ohio Canal Co., elected on the 4th inst., are: A. P. Gorman, President, Jas. G. Berret, M. Bannon, B. B. Crawford, H. D. Farnandis, P. Hamill and John Humbird. The coal tonnage of the canal during the year 1876 amounted to 654,409 tons.

☞ In the case of Brooks et al. vs. the Burlington and Southwestern Railroad Company Judge Dillon has decided that mechanics' liens to the amount of about $250,000 take precedence of the mortgages.

☞ The annual election of the New York Cotton Exchange, resulted as follows: President, J. F. Wenman; Vice President, D. G. Watts; Treasurer, Walter F. Miller.

☞ The New York Produce Exchange have elected the following officers: President, William A. Cole; Vice President, Edward Hincken; Treasurer, Benjamin C. Bogert.
